Flynn, 2011-11-03 This book argues that the quest for God though largely unheeded by the critical canon was a major and enduring preoccupation for Borges This is shown through careful analysis both of his essays with their emphasis on his philosophical theological explorations and of the narrative articulations which are his stories It is in the poetry of his middle and closing years however that Borges search is most manifest as it is no longer obscured Spanning different periods of his life and different literary genres Borges work attests to a maturing and evolving quest The book reveals Borges engagement as an active and evolving process and its chronological structure allows the reader to trace his thought over time Flynn shows that the spiritual component in Borges writing drives key texts from the 1920s to the 1980s Offering an interpretation that unlocks a fuller significance of his work she shows how Borges reflections on time and identity are symptomatic of a deeper spiritual searching which can only be answered by a Divine Absolute      *The Cambridge Handbook of Western Mysticism and Esotericism* Glenn Alexander Magee, 2016-04-18 Mysticism and esotericism are two intimately related strands of the Western tradition Despite their close connections however scholars tend to treat them separately Whereas the study of Western mysticism enjoys a long and established history Western esotericism is a young field The Cambridge Handbook of Western Mysticism and Esotericism examines both of these traditions together The volume demonstrates that the roots of esotericism almost always lead back to mystical traditions while the work of mystics was bound up with esoteric or occult preoccupations It also shows why mysticism and esotericism must be examined together if either is to be understood fully Including contributions by leading scholars this volume features essays on such topics as alchemy astrology magic Neoplatonism Kabbalism Renaissance Hermetism Freemasonry Rosicrucianism numerology Christian theosophy spiritualism and much more This Handbook serves as both a capstone of contemporary scholarship and a cornerstone of future research      **Humanizing Evil** Ronald C Naso, Jon Mills, 2015-12-14 Psychoanalysis has traditionally had difficulty in accounting for the existence of evil Freud saw it as a direct expression of unconscious forces whereas more recent theorists have examined the links between early traumatic experiences and later evil behaviour Humanizing Evil Psychoanalytic Philosophical and Clinical Perspectives explores the controversies surrounding definitions of evil and examines its various forms from the destructive forces contained within the normal mind to the most horrific expressions observed in contemporary life Ronald Naso and Jon Mills bring together an international group of experts to explore how more subtle factors can play a part such as conformity pressures or the morally destabilizing effects of anonymity and show how analysts can understand and work with such factors in clinical practice Each chapter is unified by the view that evil is intrinsically linked to human freedom regardless of the gap experienced by perpetrators between their intentions and

consequences While some forms of evil follow seamlessly from psychopathology others call this relationship into question Rape murder serial killing and psychopathy show very clear links to psychopathology and character whereas the horrors of war religious fundamentalism and political extremism resist such reductionism Humanizing Evil is unique in the diversity of perspectives it brings to bear on the problem of evil It will be essential reading for psychoanalysts psychotherapists philosophers and Jungians Because it is an integrative depth psychological effort it will interest general readers as well as scholars from a variety of disciplines including the humanities philosophy religion mental health criminal justice political science sociology and interdisciplinary studies Ronald Naso Ph D ABPP is psychoanalyst and clinical psychologist in independent practice in Stamford CT The author of numerous papers on psychoanalytic topics he is an associate editor of Contemporary Psychoanalytic Studies and contributing editor of Division Review and Journal of Psychology and Clinical Psychiatry His book Hypocrisy Unmasked Dissociation Shame and the Ethics of Inauthenticity was published by Aronson in 2010 Jon Mills Psy D Ph D ABPP is a philosopher psychoanalyst and clinical psychologist He is Professor of Psychology Psychoanalysis at Adler Graduate Professional School Toronto A 2006 2011 and 2013 Gradiva Award winner he is Editor of two book series in psychoanalysis on the Editorial Board for Psychoanalytic Psychology and is the author and or editor of thirteen books including his most recent works Underworlds Philosophies of the Unconscious from Psychoanalysis to Metaphysics and Conundrums A Critique of Contemporary Psychoanalysis which won the Goethe Award for best book in 2013 *Paracelsus (Theophrastus Bombast von Hohenheim, 1493-1541), Cosmological and Meteorological Writings* Andrew Weeks,Didier Kahn,2024-09-02 Paracelsus 1493 1541 stands at a crossroads associated with the Renaissance and Reformation His cosmological meteorological writings exemplify the turning point that concluded the older worldview and opened fresh avenues His nature philosophy is inseparable from his medicine This volume encompasses Paracelsus s writings on cosmology and meteorology in the German original with facing page translations The reliable source texts have been treated with methods of critical edition The source text and translation are accompanied by commentary elucidating their obscurity through the context of his full corpus while placing them in the context of the best secondary literature from his time to the present **The Singing of the Strasbourg Protestants, 1523-1541** Daniel Trocme-Latter,2016-03-09 This book explores the part played by music especially group singing in the Protestant reforms in Strasbourg It considers both ecclesiastical and popular songs in the city how both genres fitted into people s lives during this time of strife and how the provision and dissemination of music affected the new ecclesiastical arrangement Alef, Mem, Tau Elliot R. **Suffering Time: Philosophical, Kabbalistic, and Hasidic Reflections on Temporality** Elliot R. Wolfson, 2021-05-25 No one theory of time is pursued in these essays but a major theme that threads them together is Wolfson s signature idea of the timeswerve as a linear circularity or a circular linearity expressions that are meant to avoid the conventional split between the two temporal modalities of the line and the circle The conception of time elicited by Wolfson from a host of philosophical and mystical sources both Jewish and non Jewish buttresses the contention that it is precisely structural invariability that engenders interpretive variation This hermeneutical axiom is justified in turn by the presumption regarding the cadence of time as the constant return of what has always been what is yet to be The telling of time wells forth from the time of telling One cannot speak of the being of time consequently except from the standpoint of the time of being nor of the time of being except from the standpoint of the being of time
