The Elements of Theatrical Expression Brian Kulick, 2019-10-17 The Elements of Theatrical Expression puts forward 14 essential elements that make up the basic building blocks of theatre Is theatre a language Does it have its own unique grammar And if so just what would the elements of such a grammar be Brian Kulick asks readers to think of these elements as the rungs of a ladder scaling one after the other to arrive at an aerial view of the theatrical landscape From such a vantage point one can begin to discern a line of development from the ancient Greeks through Shakespeare and Chekhov to a host of our own contemporary authors He demonstrates how these elements may be transhistorical but are far from static marking out a rich and dynamic theatrical language for a new generation of theatre makers to draw upon Suitable for directors actors writers dramaturges and all audiences who yearn for a deeper understanding of theatre The Elements of Theatrical Expression equips its readers with the knowledge that they need to see and hear theatre in new and more daring ways *Georg Büchner* Georg Büchner, 1977 [Encyclopedia of Literary Translation Into English: A-L](#) O.
