de codification of classical and contemporary mythologies *Scotland's Harvest* Richie McCaffery, 2023-07-24 This study is the first exploration of the impact of World War Two on Scottish poets of both the front line and the home front World War One has always been thought of as a poet's war one of horror and futility The poetry of World War Two by contrast has long languished in its shadow though there was a much greater amount of it written This book asks whether these poets felt they were grown for war or rather that they grew through war experience with an emphasis on the possibilities of the future instead of cataloguing the senseless horror of the battlefield How were the hopes of Scottish poets different from their English counterparts How was their poetry different and how did it impact on their later lives Community in Modern Scottish Literature, 2016-04-18 Community in Modern Scottish Literature is the first book to examine representations and theories of community in Scottish writing of the twentieth and twenty first centuries across a broad range of authors and from various conceptual perspectives The leading scholars in the field examine work in the novel poetry and drama by key Scottish authors such as MacDiarmid Kelman and Galloway as well as less well known writers This includes postmodern and postcolonial readings analysis of writing by gay and Gaelic authors alongside theorists of community such as Nancy Bauman Delanty Cohen Blanchot and Anderson This book will unsettle and yet broaden traditional conceptions of community in Scotland and Scottish literature suggesting a more plural idea of what community might be The Celts John T. Koch, Antone Minard, 2012-08-08 This succinct accessible two volume set covers all aspects of Celtic historical life from prehistory to the present day The study of Celtic history has a wide international appeal but unfortunately many of the available books on the subject are out of date narrowly specialized or contain incorrect information Online information on the Celts is similarly unreliable This two volume set provides a well written up to date and densely informative reference on Celtic history that is ideal for high school or college aged students as well as general readers The Celts History Life and Culture uses a cross disciplinary approach to explore all facets of this ancient society The book introduces the archaeology art history folklore history linguistics literature music and mythology of the Celts and examines the global influence of their legacy Written entirely by acknowledged experts the content is accessible without being simplistic Unlike other texts in the field The Celts History Life and Culture celebrates all of the cultures associated with Celtic languages at all periods providing for a richer and more comprehensive examination of the topic **Correspondence Between Hugh MacDiarmid and Sorley MacLean** Susan R. Wilson, 2010-04-08 This is both the first complete annotated edition of the letters exchanged by these major twentieth century Scottish poets and the first major exploration of their long friendship and literary association Spanning nearly fifty years from 27 July 1934 to 23 July 1978 this engaging correspondence offers a revealing and sometimes intimate look at their lively dialogical exchanges on a broad range of topics from major historical events such as the Spanish Civil War and WW II to the mundane challenges of daily life The introductory chapters chart the development of MacDiarmid and MacLean's enduring friendship in relation to their quite different literary contexts and careers discuss MacLean's

significant contributions to MacDiarmid's Golden Treasury of Scottish Poetry and situate MacLean's literary innovations in terms of Gaelic modernism. They thus provide comparative critical insights into the influence of cultural nationalism on each writer's developing poetics, their work as translators and their mutual influence on each other's careers. These private letters, in which culture, politics and modern history intersect, offer a fascinating glimpse at the creative processes and collaborative work of Hugh MacDiarmid and Sorley MacLean.

Key Features

- The first complete annotated edition of the correspondence between the two poets.
- The only major exploration of MacDiarmid and MacLean's friendship and literary association.
- Full biographical and historical introduction, bibliography and appendices.

Scottish and Celtic fringe postcolonialism has caused much controversy and unease in literary studies. Can the non-English territories and peoples of the British Isles, faced with centuries of English hegemony, be meaningfully compared to former overseas colonies? This book is the first comprehensive study of this topic, which offers an in-depth study of Gaelic literature. It investigates the complex interplay between Celticity, Gaeldom, Scottish and British national identity and international colonial and postcolonial discourse. It situates postcolonial elements in Gaelic poetry within a wider context, showing how they intersect with socio-historical and political issues, anglophone literature and the media. Highlighting the centrality of Celticity as an archetypal construct in colonial discourses, ancient and modern, this volume traces postcolonial themes and strategies in Gaelic poetry from the Middle Ages to the present. Central themes include the uneasy position of Gaels as subjects of the Scottish or British state and as both intra-British colonised and overseas colonisers. Aiming to promote interdisciplinary dialogue, it is of interest for scholars and students of Scottish Studies, Gaelic and English literature and international Postcolonial Studies.
