Richard Abel

George Faludy:

East and West György Faludy, 1978 *Faludy in English : Translations from the Poems of George Faludy* György Faludy, John Robert Colombo, Andrea Jarmai, George Jonas, Newel, David, Friends of George Faludy in North America, 2005

Learn This Poem of Mine by Heart György Faludy, 1983-08-26 Here is a selection of sixty poems written by one of Hungary's greatest living poets and its leading writer in exile. They were written by George Faludy in Hungarian between 1937 and 1980 and are being published here for the first time in smooth running English translations by a host of Canadian writers plus one Anglo Hungarian Arthur Koestler. These poems which document life in Europe and North America during and after the Second World War were composed in Budapest Vienna Paris Casablanca Marrakesh Recsk New York London Malta Valencia Philadelphia Montclair Charlotte Tangier and Toronto where the poet has lived since 1967 as a Canadian citizen since 1976. The collection concludes with Faludy's celebrated 1978 Convocation Address at the University of Toronto. Learn This Poem of Mine by Heart is Faludy's first book in English since the publication of *East and West* 1978 also edited by John Robert Colombo. *My Happy Days in Hell* György Faludy, 1963 *My Happy Days in Hell* is György Faludy's grimly beautiful autobiography of his battle to survive tyranny and oppression. Fleeing Hungary in 1938 as the German army approaches, acclaimed poet Faludy journeys to Paris where he finds a lover but merely a cursory asylum. When the French capitulate to the Nazis, Faludy travels to North Africa then on to America where he volunteers for military service. Missing his homeland and determined to do the right thing, he returns only to be imprisoned, tortured and slowly starved, eventually becoming one of only twenty-one survivors of his camp. Dark Seasons Georg Trakl, Robin Skelton, 1994 A tűnődések valósága - The Reality of Ruminations, The Annotated Bibliography of Canada's Major Authors Robert Lecker, Jack David, 1979 Volume 8 in ECW's bibliography of Canada's major authors. **Creating Memory** John Warkentin, 2010 Toronto has over 600 public outdoor sculptures, works of art that provide a sense of the rich variety of life and work in the city, its people's cultures and aspirations. Interest in commissioning public sculpture began slowly in the nineteenth and early twentieth century but increased rapidly after the 1950s. This is a book about the sculptures and how they disclose the city to itself. *Creating Memory*'s two introductory sections examine the factors behind this expansion over time and the changes in style as one generation of sculptors succeeded another. It looks at the reasons behind the changes as sculptures were conceived, sculpted and erected. More than 10 categories of sculptures are defined and discussed, including Founding the City, Natural Environment, Immigration, Ethnic Groups, Economic Activities, Disaster and Calamity, War and Conflict, Leaders, Ordinary Citizens, Community Life and Works of the Imagination. **The Rough Guide to Budapest** Rough Guides, 2015-01-16 *The Rough Guide to Budapest* is the ultimate travel guide to one of Europe's most fascinating and dynamic cities. Segel, 2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes when examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers *The Unknown Europe* James R. Payton Jr., 2021-11-03 The fascinating history of Eastern Europe includes highs of soaring cultural achievement and lows of almost unimaginable repression But we in the West don't know much about Eastern Europe or its history this book helps us see why We got interested when the region became a threat during the Cold War but what we learned focused on the Communist period after World War II not Eastern Europe itself or its deep history a history that continues to live in the hearts of its peoples James Payton offers an accessible treatment of the history of the region an opportunity to learn about Eastern Europeans as they are He overviews that story from pre history to the present examining eleven turning points that profoundly shaped Eastern European history His treatment considers the backgrounds to the turning points the events and the long lasting impacts they had for the various Eastern European nations This helps us understand how Eastern Europeans themselves see their history the long haul over the centuries with the influence and impact of events of the sometimes distant past shaping how they see themselves their neighbors and their place in the world *The Rough Guide to Hungary* Darren (Norm) Longley, 2010-03-01 The Rough Guide to Hungary is the definitive guide to this beautiful land locked nation with clear maps and detailed coverage of all the best attractions from the thickly forested Northern Uplands and The Great Plain to the spectacular Lake Balaton and hip capital city Budapest You'll find introductory sections on Hungarian customs health food drink and outdoor activities as well as Hungarian wine and extraordinary concentration of thermal bars all inspired by dozens of colour photos The Rough Guide to Hungary is loaded with practical information on getting there and around plus reviews of the best hotels restaurants bars and shopping in Hungary for all budgets Rely on expert background information on everything from Hungarian folk music to Habsburg rule whilst relying on a useful language section and the clearest maps of any guide Make the most of your holiday with The Rough Guide to Hungary **The Rough Guide to Budapest** Charles Hebbert, Dan

Richardson,2002 This Rough Guide provides concise coverage of the sights and attractions of the fascinating city of Budapest from the 500 year old Turkish baths to the Statue Park of Communist monuments and the Jewish quarter It includes dozens of recommendations for cafes bars and restaurants that are fashionable intriguing or just great value for money plus advice on which travel passes and city cards are worth buying to make the most of Budapest s excellent public transport system

A History of Canadian Literature William H. New,William Herbert New,2003 New offers an unconventionally structured overview of Canadian literature from Native American mythologies to contemporary texts Publishers Weekly A History of Canadian Literature looks at the work of writers and the social and cultural contexts that helped shape their preoccupations and direct their choice of literary form W H New explains how from early records of oral tales to the writing strategies of the early twenty first century writer reader literature and society are interrelated New discusses both Aboriginal and European mythologies looking at pre Contact narratives and also at the way Contact experience altered hierarchies of literary value He then considers representations of the real whether in documentary fantasy or satire historical romance and the social construction of Nature and State and ironic subversions of power the politics of cultural form and the relevance of the media to a representation of community standard and individual voice New suggests some ways in which writers of the later twentieth century codified such issues as history gender ethnicity and literary technique itself In this second edition he adds a lengthy chapter that considers how writers at the turn of the twenty first century have reimagined their society and their roles within it and an expanded chronology and bibliography Some of these writers have spoken from and about various social margins dealing with issues of race status ethnicity and sexuality some have sought emotional understanding through strategies of history and memory some have addressed environmental concerns and some have reconstructed the world by writing across genres and across different media All genres are represented with examples chosen primarily but not exclusively from anglophone and francophone texts A chronology plates and a series of tables supplement the commentary

Immigrant Publishers Richard Abel,2017-09-08 In the first third of the twentieth century the publishing industry in the United Kingdom and the United States was marked by well established and comfortable traditions pursued by family dominated firms The British trade was the preserve of self satisfied men entirely certain of their superiority in the world of letters their counterparts in North America were blissfully unaware of development and trends outside their borders In this unique historical analysis Richard Abel and Gordon Graham show how publishing evolved post World War II to embrace a different more culturally inclusive vision Unfortunately even among the learned classes only a handful clearly understood either the nature or the likely consequences of the mounting geopolitical tensions that gripped pre war Europe The world was largely caught up in the ill informed and unexamined but widely held smug and shallow belief that the huge price paid in the war to end all wars had purchased perpetual peace a peace to be maintained by the numerous post war high minded treaties ceremoniously signed thereafter The history presented here has as its principals a handful of those who fled to the

Anglo Saxon shores in the pre World War II era The remainder made their way to Britain and the United States following that war They brought an entirely new vision of and energetic pursuit of the cultural role of the book and journal in a society a vision which was quickly adopted and naturalized by a perspicacious band of post war native born book people

Searching for God Gregory C. Higgins,2014 Searching for God draws upon the traditional categories of systematic theology as it guides readers through the Catholic theological thought process involved in the search for God At each step we examine the work of a past thinker from the time of the early church up to the early twentieth century and a present thinker whose works are often required reading in theology courses Not only do readers have the opportunity to critically evaluate several important theological works in the Catholic tradition they can also enter into dialogue with those works as they engage in their own search for God Provided by publisher Identifications University of Alberta.
