George Meredith His Life And Lost Love:

George Meredith David Williams,1977 *George Meredith* Jacqueline P. Banerjee,2012 George Meredith was a lyrical yet searingly honest poet and an influential novelist whose fiction distilled contributed to and animated the major debates of the Victorian age He became at once an arbiter of taste in his own times and a trailblazer for modernism In many ways an extraordinary larger than life figure he has always had his admirers and critics have continued to be drawn to the biographical socio political scientific and experimental aspects of his oeuvre Some of his works including the sonnets of *Modern Love* his *Essay on Comedy* and the *Uses of the Comic Spirit* and novels like *The Egoist* have attained the status of classics The present study focuses on such works putting them in context to show how innovatively this versatile writer shaped and reshaped his material and how powerfully his inimitable voice still resonates with and challenges us in the twenty first century *George Meredith* Richard Cronin,2019-11-23 George Meredith *The Life and Writing of an Alteregoist* is not only a critical biography of the Victorian novelist and poet George Meredith but also a portrait of the novel in the later nineteenth century Interweaving analysis of Meredith s novels and poems with discussion of his life Richard Cronin focuses primarily on the books Meredith read and wrote arguing that novels by the end of the nineteenth century were shaped as much by the reading as by the experience of their writers Cronin places Meredith s novels in relation to the work of his contemporaries including Henry James Thomas Hardy and George Gissing Organized thematically the book explores Meredith s personal side including his hostility to biography his origins as the son of a tailor his marriages as well as his reading habits and the prose style that is the most complete expression of his strange but compelling personality

Selected Letters of George Meredith Mohammad Shaheen,1997-07-13 In this volume of selected letters of the novelist and poet George Meredith 1828 1909 the editor has included letters with such figures as Virginia Woolf Stephen at the time Paul Valery Thomas Carlyle Madame Daudet Edmund Gosse Alfred Tennyson James Thomson and many others The letters most of them previously unpublished reveal the myriad world of Meredith s life and thought The selection includes the two earliest letters extant written by Meredith just after he had left Neuwied his school in Germany It also includes Meredith s first letter to Chapman Hall concerning his project for the publication of his first volume of verse and another Meredith wrote to the same publisher in connection with a cookery book which his first wife Mary Ellen Peacock was preparing for publication

English Fiction of the Victorian Period Michael Wheeler,2014-01-14 Professor Wheeler s widely acclaimed survey of the nineteenth century fiction covers both the major writers and their works and encompasses the genres and minor fiction of the period This excellent introduction and reference source has been revised for this second edition to include new material on lesser known writers and a comprehensively updated bibliography **John Betjeman** Greg Morse,2012 John Betjeman was undoubtedly the most popular Poet Laureate since Tennyson But beneath the thoroughly modern window on Britain that he opened during his lifetime lay the influence of his nineteenth century forbears

This book explores his identity through such Victorianism via the verse of that period but also its architecture religious faith and more importantly religious doubt It was nevertheless a process which took time In the 1930s Betjeman s work was tinted with modernism and traditionalism He found Victorian buildings funny and wrote much in praise of the Bauhaus style even though his early poetry was peppered with Victorian references This leaning was incorporated into a greater sense of purpose during World War 2 when he transformed himself from precious humorist into propagandist The resulting sense of cohesion grew when the dangers of post war urban redevelopment heightened the need to critique the present via the poetics of the past a mood which continued up to and beyond his gaining the Laureateship in 1972 This duty proved to be a millstone so the official poems are thus explored by the author more fully than hitherto The conclusion of looks back to Betjeman s 1960 verse autobiography *Summoned by Bells* which is seen as the apogee of his achievement and a snapshot of his identity Included here is the first critical appreciation of the lyrics embodied within the text which are taken as a map of the young poet s literary growth Larkin s 1959 question What exactly is Betjeman then leads to a final appraisal of his originality as evidenced by his glances towards postmodernism feminism and post colonialism The fact is that Betjeman never quite fits in anywhere He is always a square peg in a round hole or a round peg in a square hole often for the sheer enjoyment of so being In a sense his desire to be as non conformist as a Quaker meeting house makes him a radical rather than the reactionary that his interests imply He was a champion of beauty and the British Isles and clearly did much to make us see the worth of our Victorian forebears Greg Morse s book highlights this important facet of his work

The Narratives of Caroline Norton R. Craig,2009-04-13 The Narratives of Caroline Norton situates Norton in relation to Victorian discourses of gender authorship law and politics and studies writings including in texts by Wollstonecraft Tennyson and Thackeray Trollope

The Uses of Obscurity Allon White,2023-10-09 Originally published in 1981 this book examines why and how textual difficulty became a norm of modernist literature and questions how we can begin to account for the forms of obscurity and difficulty which developed in the late 19th Century and which became so important to modernism The author argues that the decline of realism entailed the growth of symptomatic or subtextual reading which tended to treat fiction as compromised autobiography This kind of reading left the author dangerously isolated and exposed in the midst of a newly sophisticated public Within this general cultural perspective the book traces the private anxieties that led George Meredith Joseph Conrad and Henry James to conceal themselves within their complex and resistant fictions It discusses opacity in the texts themselves embarrassment and shame in Meredith enigmas in Conrad and the fear of vulgarity and knowledge in Henry James

The Idea of Music in Victorian Fiction Nicky Losseff,2016-03-03 The Idea of Music in Victorian Fiction seeks to address fundamental questions about the function meaning and understanding of music in nineteenth century culture and society as mediated through works of fiction The eleven essays here written by musicologists and literary scholars range over a wide selection of works by both canonical writers such as Austen Benson Carlyle Collins

Gaskell Gissing Eliot Hardy du Maurier and Wilde and less well known figures such as Gertrude Hudson and Elizabeth Sara Sheppard Each essay explores different strategies for interpreting the idea of music in the Victorian novel Some focus on the degree to which scenes involving music illuminate what music meant to the writer and contemporary performers and listeners and signify musical tastes of the time and the reception of particular composers Other essays in the volume examine aspects of gender race sexuality and class that are illuminated by the deployment of music by the novelist Together with its companion volume *The Figure of Music in Nineteenth Century British Poetry* edited by Phyllis Weliver Ashgate 2005 this collection suggests a new network of methodologies for the continuing cultural and social investigation of nineteenth century music as reflected in that period's literary output

Decadence and Danger Tracey Hill, 1997 *Edwardian and Georgian Fiction* Sterling Professor of Humanities Harold Bloom, 2009 This volume examines the great writers of the late 19th and early 20th centuries from Thomas Hardy to Joseph Conrad

English Poetry of the Victorian Period, 1830-1890 Bernard Arthur Richards, 2001 Deeply unpoetical was how Matthew Arnold described the Victorian period and many of his contemporaries would have agreed Even to later generations poetic achievement from 1830 to 1890 seems dwarfed by the great burgeoning of the novel However English Poetry of the Victorian Period demonstrates the very real diversity and richness of Victorian poetry This was the era of Tennyson the Brownings Arnold Swinburne Clough the Rossettis and Hopkins poets who not only wrote with distinctly original voices but who also reflected the deeper tensions of their time Bernard Richards balances detailed analysis of individual poets and works with a broader perspective of the poetic spirit of the age Two new chapters have been added to this revised edition on nonsense poetry and women poets He characterises the Victorian age as one of tremendous poetic wealth related to but different from the Romantic period which preceded it and the Modernist period which followed it

Current Literature, 1909 *Current Opinion* Edward Jewitt Wheeler, Frank Crane, 1909 *Asian Profile*, 1983

Anglo-German Interactions in the Literature of the 1890s Patrick Bridgwater, 2017-12-02 This is a study of what the main aesthetic writers of late 19th century Britain made of German literature and of how Germany in turn reacted to them The impact of Anglo-Scottish art nouveau in fin de siècle Austria and Germany made it predictable that Keats Pater and Rossetti among others would be well received but no one could have known in advance that by the time of their deaths Swinburne and Wilde would be more highly regarded in Germany than in Britain Bridgwater's documented study casts light on the central cultural issues of the day including ideas of morality truth and subjectivism in art comparing Pater and Wilde with Nietzsche and George Moore that chameleon of the decadent 90s with Schopenhauer

Claim on the Countryside Harvey Taylor, 2019-08-08 Charts the history of the outdoor movement from its late Victorian origins to its present status

T.P.'s Weekly, 1929 *Book Review Digest*, 1979 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language

Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher *The British Library General Catalogue of Printed Books 1976 to 1982* British Library,1983
