George Washington The Making Of An American Symbol

Marvin Kitman

George Washington The Making Of An American Symbol:

George Washington Barry Schwartz,1990 *George Washington* Barbara J. Mitnick,William S. Ayres,1999 It is also an image that has resisted fundamental revision over the course of two centuries because of the force of Washington's character the clarity of his political purposes and the intensity of his charisma The Making of the President 1789 Marvin Kitman,2000 Satire of the contemporary campaign insider book while making the case that George Washington was not only First in War First in Peace He was also first among the Founding Fathers in gambling drinking and social climbing

George Washington and American Constitutionalism Glenn A. Phelps,1993 Known as the Father of His Country George Washington is sometimes viewed as a demi god for what he was and did rather than for what he thought In addition to being a popular icon for the forces of American nationalism he served as commander in chief of the victorious Continental Army That he played a key role in securing the adoption of the Constitution is well known but few credit him with a political philosophy that actively shaped the constitutional tradition *Sentimental Democracy* Andrew Burstein,2000-05-24 For more than two centuries Americans have used words of sentiment and sympathy passion and power to explain their country's unique democratic mission Here Andrew Burstein examines the emotional dynamic and the metaphorically rich language which Americans developed to express their guiding principle that the New World would improve upon the Old Feeling he argues was a political and cultural phenomenon and in the impassioned rhetoric of feeling we can locate the sources of American patriotism Using newspapers and magazines private letters and public speeches diaries and books Burstein shows how the eighteenth century culture of sensibility encouraged early Americans to make a heartfelt commitment to the Enlightenment's optimism about a global society it would succeed they believed as much by sublime feeling as by intellectual achievement and political liberty *Sentimental Democracy* gives us a lively dual portrait of the American psyche and the American dream telling us as much about ourselves as about our morally passionate ancestors From publisher's description

Washington's Circle David S. Heidler,Jeanne T. Heidler,2016-02-09 History enthusiasts and admirers of Team of Rivals will rejoice in this magisterial account of the extraordinary Americans who served the nation's first chief executive Together they created the presidency for a country disgusted by crowns and the people who would wear them In 1789 as George Washington became the first president of the United States the world was all but certain that the American experiment in liberty and representative government would founder More than a few Americans feared that the world was right In *Washington's Circle* we see how Washington and his trusted advisers close friends and devoted family defied the doomsayers to lay the foundation for an enduring constitutional republic This is a fresh look at an aloof man whose service in the Revolutionary War had already earned him the acclaim of fellow citizens Washington was easy to revere if difficult to know David S Heidler and Jeanne T Heidler reveal Washington's character through his relationship with his inner circle showing how this unlikely group created the office of the presidency Here is a story of cooperation confrontation triumph and

disappointment as the president Congress and the courts sorted out the limits of executive power quarreled over funding the government coped with domestic strife and faced a world at war while trying to keep their country at peace Even more it is a story of remarkable people striving for extraordinary achievements Many of these characters are familiar as historic icons but in these pages they act and speak as living individuals the often irked and frequently irksome John Adams in the vice presidency the mercurial Alexander Hamilton leading the Treasury Department the brilliant deceptively cunning Thomas Jefferson as secretary of state James Madison who was Washington's advocate and his eyes and ears in Congress and Washington's old friend and former brother in arms Henry Knox at the administration's beleaguered War Department Their stories mingle with those of Edmund Randolph John Jay Gouverneur Morris and the others who stood with a self educated Virginia farmer to forge the presidency into an institution protective of its privileges but respectful of congressional prerogatives Written with energy wit and an eye for vivid detail Washington's Circle is the fascinating account of the people who met the most formidable challenges of the government's earliest hours with pluck ability and enviable resourcefulness When the world said they would fail they rolled up their sleeves This is their story Praise for Washington's Circle A fine readable history of the first presidency David and Jeanne Heidler provide not only a lively history but a group portrait of Washington and the various figures vying to influence him The Wall Street Journal Washington's Circle positively glows with narrative exuberance This is a book that will make even the most jaded student of the American Revolution bark little laughs of pure delight while reading Open Letters Monthly Traditional accounts portray Washington as a solitary actor in the drama of American nationhood as chilly and featureless as the marble shaft that dominates his namesake capitol In fact he was the intensely human lead in one of history's most colorful and contentious ensembles David S Heidler and Jeanne T Heidler bring the whole cast to unforgettable life in this character study cum group portrait cum old fashioned page turner Richard Norton Smith author of On His Own Terms The Presidency Michael Nelson, Barbara A. Perry, 2021-04-29 Following the election of Donald Trump the office of the U S president has come under scrutiny like never before Featuring penetrating insights from high profile presidential scholars The Presidency provides the deep historical and constitutional context needed to put the Trump era into its proper perspective Identifying key points at which the constitutional presidency could have evolved in different ways from the nation's founding days to the present these scholars examine presidential decisions that determined the direction of the nation and the world Contributors Bradley R DeWees U S Air Force Richard J Ellis Willamette University Stefanie Georgakis Abbott University of Virginia Joel K Goldstein Saint Louis University Jennifer Lawless University of Virginia Sidney M Milkis University of Virginia Sairkrishna Bangalore Prakash University of Virginia Russell L Riley University of Virginia Andrew Rudalevige Bowdoin College Sean Theriault University of Texas at Austin *Parades and the Politics of the Street* Simon P. Newman, 2010-08-03 Simon P Newman vividly evokes the celebrations of America's first national holidays in the years between the ratification of the Constitution and the inauguration of Thomas Jefferson He

demonstrates how by taking part in the festive culture of the streets ordinary American men and women were able to play a significant role in forging the political culture of the young nation The creation of many of the patriotic holidays we still celebrate coincided with the emergence of the first two party system With the political songs they sang the liberty poles they raised and the partisan badges they wore Americans of many walks of life helped shape a new national politics destined to replace the regional practices of the colonial era

The Columbia History of Jews and Judaism in America Marc Lee Raphael, 2008-02-12 This is the first anthology in more than half a century to offer fresh insight into the history of Jews and Judaism in America Beginning with six chronological survey essays the collection builds with twelve topical essays focusing on a variety of important themes in the American Jewish and Judaic experience The volume opens with early Jewish settlers 1654 1820 the expansion of Jewish life in America 1820 1901 the great wave of eastern European Jewish immigrants 1880 1924 the character of American Judaism between the two world wars American Jewish life from the end of World War II to the Six Day War and the growth of Jewish influence and affluence The second half of the book includes essays on the community of Orthodox Jews the history of Jewish education in America the rise of Jewish social clubs at the turn of the century the history of southern and western Jewry Jewish responses to Nazism and the Holocaust feminism's confrontation with Judaism and the eternal question of what defines American Jewish culture The contributions of distinguished scholars seamlessly integrate recent scholarship Endnotes provide the reader with access to the authors research and sources Comprehensive original and elegantly crafted *The Columbia History of Jews and Judaism in America* not only introduces the student to this thrilling history but also provides new perspectives for the scholar Contributors Dianne Ashton Rowan University Mark K Bauman Atlanta Metropolitan College Kimmy Caplan Bar Ilan University Israel Eli Faber City University of New York Eric L Goldstein University of Michigan Jeffrey S Gurock Yeshiva University Jenna Weissman Joselit Princeton University Melissa Klapper Rowan University Alan T Levenson Siegal College of Judaic Studies Rafael Medoff David S Wyman Institute for Holocaust Studies Pamela S Nadell American University Riv Ellen Prell University of Minnesota Linda S Raphael George Washington University Jeffrey Shandler Rutgers University Michael E Staub City University of New York William Toll University of Oregon Beth S Wenger University of Pennsylvania Stephen J Whitfield Brandeis University

Rewriting White Todd Vogel, 2004-07-29 What did it mean for people of color in nineteenth century America to speak or write white More specifically how many and what kinds of meaning could such white writing carry In *ReWriting White* Todd Vogel looks at how America has racialized language and aesthetic achievement To make his point he showcases the surprisingly complex interactions between four nineteenth century writers of color and the standard white English they adapted for their own moral political and social ends The African American Native American and Chinese American writers Vogel discusses delivered their messages in a manner that simultaneously demonstrated their command of the dominant discourse of their times using styles and addressing forums considered above their station and fashioned a subversive meaning in the very act

of that demonstration The close readings and meticulous archival research in *ReWriting White* upend our conventional expectations enrich our understanding of the dynamics of hegemony and cultural struggle and contribute to the efforts of other cutting edge contemporary scholars to chip away at the walls of racial segregation that have for too long defined and defaced the landscape of American literary and cultural studies

Destiny's Consul Michael P. Riccards,2012-06-19 What makes a great president Certainly leadership accomplishments crisis management political skill character and integrity are part of the equation but the great presidents have something more They not only govern well but are part of something lasting their presidencies influence the thoughts and beliefs of generations These powerful men are not flawless leaders they have made mistakes and miscalculations but in the end their decisions have changed the nation and often the world In *Destiny's Consul* America's Greatest Presidents presidential scholar Michael P Riccards provides a concise introduction to the lives presidencies and personal qualities of ten great individuals whom Riccards argues are our greatest presidents Organized chronologically George Washington Thomas Jefferson Andrew Jackson James K Polk Abraham Lincoln Theodore Roosevelt Woodrow Wilson Franklin D Roosevelt Harry S Truman and Ronald Reagan are shown to truly be great It will be of interest to anyone interested in the presidency of American history

Washington's End Jonathan Horn,2021-02-09 Popular historian and former White House speechwriter Jonathan Horn provides a captivating and enlightening look at George Washington's post presidential life and the politically divided country that was part of his legacy *New York Journal of Books* Beginning where most biographies of George Washington leave off *Washington's End* opens with the first president exiting office after eight years and entering what would become the most bewildering stage of his life Embittered by partisan criticism and eager to return to his farm Washington assumed a role for which there was no precedent at a time when the kings across the ocean yielded their crowns only upon losing their heads In a different sense Washington would lose his head too In this riveting read bestselling author Jonathan Horn reveals that the quest to surrender power proved more difficult than Washington imagined and brought his life to an end he never expected The statesman who had staked his legacy on withdrawing from public life would feud with his successors and find himself drawn back into military command The patriarch who had dedicated his life to uniting his country would leave his name to a new capital city destined to become synonymous with political divisions A movable feast of a book Jay Winik *New York Times* bestselling author of 1944 immaculately researched and powerfully told through the eyes not only of Washington but also of his family members friends and foes *Washington's End* is an outstanding biographical work on one of America's most prominent leaders *Library Journal*

Confounding Father Robert M. S. McDonald,2016-08-29 Of all the founding fathers Thomas Jefferson stood out as the most controversial and confounding Loved and hated revered and reviled during his lifetime he served as a lightning rod for dispute Few major figures in American history provoked such a polarization of public opinion One supporter described him as the possessor of an enlightened mind and superior wisdom the adorer of our God the patriot of his country and the friend and

benefactor of the whole human race Martha Washington however considered Jefferson one of the most detestable of mankind and she was not alone While Jefferson s supporters organized festivals in his honor where they praised him in speeches and songs his detractors portrayed him as a dilettante and demagogue double faced and dangerously radical an atheist and Anti Christ hostile to Christianity Characterizing his beliefs as un American they tarred him with the extremism of the French Revolution Yet his allies cheered his contributions to the American Revolution unmasking him as the now formerly anonymous author of the words that had helped to define America in the Declaration of Independence Jefferson meanwhile anxiously monitored the development of his image As president he even clipped expressions of praise and scorn from newspapers pasting them in his personal scrapbooks In this fascinating new book historian Robert M S McDonald explores how Jefferson a man with a manner so mild some described it as meek emerged as such a divisive figure Bridging the gap between high politics and popular opinion Confounding Father exposes how Jefferson s bifurcated image took shape both as a product of his own creation and in response to factors beyond his control McDonald tells a gripping sometimes poignant story of disagreements over issues and ideology as well as contested conceptions of the rules of politics In the first fifty years of independence Americans views of Jefferson revealed much about their conflicting views of the purpose and promise of America Jeffersonian America *Founding Brothers* Joseph J. Ellis, 2003-12-16 PULITZER PRIZE WINNER NATIONAL BESTSELLER A landmark work of history explores how a group of greatly gifted but deeply flawed individuals Hamilton Burr Jefferson Franklin Washington Adams and Madison confronted the overwhelming challenges before them to set the course for our nation A splendid book humane learned written with flair and radiant with a calm intelligence and wit The New York Times Book Review The United States was more a fragile hope than a reality in 1790 During the decade that followed the Founding Fathers re examined here as Founding Brothers combined the ideals of the Declaration of Independence with the content of the Constitution to create the practical workings of our government Through an analysis of six fascinating episodes Hamilton and Burr s deadly duel Washington s precedent setting Farewell Address Adams administration and political partnership with his wife the debate about where to place the capital Franklin s attempt to force Congress to confront the issue of slavery and Madison s attempts to block him and Jefferson and Adams famous correspondence Founding Brothers brings to life the vital issues and personalities from the most important decade in our nation s history **The Pentagon's Battle for the American Mind** Lori L. Bogle, 2004-10-12 The U S military has historically believed itself to be the institution best suited to develop the character spiritual values and patriotism of American youth In *Strategy for Survival* Lori Bogle investigates how the armed forces assigned itself the role of guardian and interpreter of national values and why it sought to create ideologically sound Americans capable of defeating communism and assuring the victory of democracy at home and abroad Bogle shows that a tendency by some in the armed forces to diffuse their view of America s civil religion among the general population predated tension with the Soviet Union Bogle traces this trend from the Progressive Era

though the early Cold War when the Truman and Eisenhower administrations took seriously the battle of ideologies of that era and formulated plans that promised not only to meet the armed forces manpower needs but also to prepare the American public morally and spiritually for confrontation with the evils of communism Both Truman's plan for Universal Military Training and Eisenhower's psychological warfare programs promoted an evangelical democracy and sought to inculcate a secular civil military religion in the general public During the early 1960s joint military civilian anticommunist conferences organized by the authority of the Department of Defense were exploited by ultra conservative civilians advancing their own political and religious agendas Bogle's analysis suggests that cooperation among evangelicals the military and government was considered both necessary and normal The Boy Scouts pushed a narrow vision of American democracy and Joe McCarthy's chauvinism was less an aberration than a particularly noxious manifestation of a widespread attitude To combat communism American society and its armed forces embraced brainwashing narrow moral education that attacked everyone and everything not consonant with their view of the world and how it ought to be ordered Exposure of this alliance ultimately dissolved it However the cult of toughness and the blinkered view of reality that characterized the armed forces and American society during the Cold War are still valued by many and are thus still worthy of consideration **America's**

Three Regimes : A New Political History Morton Keller Professor of History Brandeis University, 2007-09-26 When historians take the long view they look at ages or eras the Age of Jackson the Progressive Era But these time spans last no longer than a decade or so In this groundbreaking new book Morton Keller divides our nation's history into three regimes each of which lasts many many decades allowing us to appreciate as never before the slow steady evolution of American public life Americans like to think of our society as eternally young and effervescent But the reality is very different A proper history of America must be as much about continuity persistence and evolution as about transformation and revolution To provide this proper history Keller groups America's past into three long regimes Deferential and Republican from the colonial period to the 1820s Party and Democratic from the 1830s to the 1930s and Populist and Bureaucratic from the 1930s to the present This approach yields many new insights We discover for instance that the history of colonial America the Revolution and the Early Republic is a more unified story than usually assumed The Civil War industrialization and the Progressive era did relatively little to alter the character of the democratic party regime that lasted from the 1830s to the 1930s And the populist bureaucratic regime in which we live today has seen changes in politics government and law as profound as those that occurred in the late 18th and early 19th centuries As Keller underscores the sheer staying power of America's public institutions he sheds light on current concerns as well in particular will the current political polarization continue or will more moderate forces prevail Here then is a major contribution to United States history an entirely new way to look at our past our present and our future packed with provocative and original observations about American public life **Historical Dictionary of the American Revolution** Terry M. Mays, 2019-02-08 The American Revolution pitted 13 loosely united

colonies in a military political and economic struggle against Great Britain the mother country and arguably the most powerful state in the world during the late 18th century The independent spirit that led many individuals to leave homes in Europe and settle in the New World during the 17th and 18th centuries evolved into the drive that persuaded these same settlers and their descendants to challenge the colonial economic and taxation policies of Great Britain which lead to the armed conflict that resulted in a declaration of independence This third edition of Historical Dictionary of the American Revolution contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on the politics battles weaponry and major personalities of the war This book is an excellent resource for students researchers and anyone wanting to know more about the American Revolution **George**

Washington Ethan M. Fishman, William D. Pederson, Mark J. Rozell, 2001-09-30 There have been many serious abuses of presidential power in recent decades including Watergate the Iran Contra scandal and the Lewinsky affair subsequently Americans have demonstrated renewed interest in discussing the relationship between character and political leadership Through an investigation of the life and career of George Washington often considered the exemplary moral president the chapters offer a balanced scholarly contribution to this analysis Fishman Pederson Rozell and their contributors examine the legacy of Washington's presidency Leading political scientists and historians describe and evaluate the impact of Washington's leadership on the institution of the presidency and on those who have since occupied the Oval Office In the contemporary era of almost endless speculation about the role of character in presidential leadership an analysis of Washington's character and the model he established is especially germane The chapters provide diverse interpretations of the value of understanding Washington's leadership and the character of the modern presidency Some of the scholars conclude that Washington indeed laid the foundation for good character and strong leadership in the presidency Others take a more critical approach and see Washington like many of his successors as a fallible human being who possessed both character strengths and weaknesses The lasting value of this analysis for political scientists historians and other students of the American presidency is that it demonstrates the continued vibrant debate over Washington's authentic legacy to the office *Willing*

Obedience Elizabeth D. Samet, 2004 This book highlights obedience as an American cultural motif by examining the ways in which citizens understand and dramatize the struggle between autonomy and allegiance *Willing Obedience* tells the story of Americans who worked out the simultaneous demands of liberty and obedience in fiction military memoir and political writing from the Revolution through the nineteenth century In contrast to the European model of a subject's blind obedience to a monarch Americans imagined an allegiance that preserved autonomy even as they consented to the constraints of a new republic In particular the book considers the case of the soldier whose surprisingly complex relationship to authority is in fact representative of the situation of all citizens in a republic **The ^AOxford Companion to United States History**

Paul S. Boyer, 2001-07-04 Here is a volume that is as big and as varied as the nation it portrays With over 1 400 entries

written by some 900 historians and other scholars it illuminates not only America's political diplomatic and military history but also social cultural and intellectual trends science technology and medicine the arts and religion Here are the familiar political heroes from George Washington and Benjamin Franklin to Abraham Lincoln Woodrow Wilson and Franklin D Roosevelt But here too are scientists writers radicals sports figures and religious leaders with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney Babe Ruth and Muhammed Ali Black Elk and Crazy Horse Margaret Fuller Emma Goldman and Marian Anderson even Al Capone and Jesse James The Companion illuminates events that have shaped the nation the Great Awakening Bunker Hill Wounded Knee the Vietnam War major Supreme Court decisions Marbury v Madison Roe v Wade landmark legislation the Fugitive Slave Law the Pure Food and Drug Act social movements Suffrage Civil Rights influential books The Jungle Uncle Tom's Cabin ideologies conservatism liberalism Social Darwinism even natural disasters and iconic sites the Chicago Fire the Johnstown Flood Niagara Falls the Lincoln Memorial Here too is the nation's social and cultural history from Films Football and the 4 H Club to Immigration Courtship and Dating Marriage and Divorce and Death and Dying Extensive multi-part entries cover such key topics as the Civil War Indian History and Culture Slavery and the Federal Government A new volume for a new century The Oxford Companion to United States History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet from Columbus to Clinton Written in clear graceful prose for researchers browsers and general readers alike this is the volume that addresses the totality of the American experience its triumphs and heroes as well as its tragedies and darker moments

George Washington The Making Of An American Symbol Introduction

In today's digital age, the availability of George Washington The Making Of An American Symbol books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of George Washington The Making Of An American Symbol books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of George Washington The Making Of An American Symbol books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing George Washington The Making Of An American Symbol versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, George Washington The Making Of An American Symbol books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing George Washington The Making Of An American Symbol books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for George Washington The Making Of An American Symbol books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both

public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, George Washington The Making Of An American Symbol books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of George Washington The Making Of An American Symbol books and manuals for download and embark on your journey of knowledge?

FAQs About George Washington The Making Of An American Symbol Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. George Washington The Making Of An American Symbol is one of the best book in our library for free trial. We provide copy of George Washington The Making Of An American Symbol in digital format, so the resources that you find are reliable. There are also many Ebooks of related with George Washington The Making Of An American Symbol. Where to download George Washington The Making Of An American Symbol online for free? Are you looking for George Washington The Making Of An American Symbol PDF? This is definitely going to save you time and cash in something you should think about.
