Geraint of Devon Marion Lee Reynolds,1916 GERAINT OF DEVON Marion Lee Reynolds,2016-08-26 **Geraint of Devon (Classic Reprint)** Marion Lee Reynolds,2015-06-30 Excerpt from Geraint of Devon Gentles I will to tell you a fair tale Echoing from the Lands of Long Ago Resonant to the Towers of Brave Romance Romance that stately region of old time Wherein were truths in grand simplicities Valiance and gentleness and constancy And Beauty with a radiance on her brow And Love a spiritual lord through earthly life Source of ideals past all attainment high Luminous yet within a dreamer s dream Those lands endure and if as folk will say They never were save in a dreamer s dream What matter when their light is glamour still Their songs a living music in the heart Their visions our own visions glorified And when as to a refuge to their halls From deserts of world weariness and pain Fleeing the dreamer enters and finds peace So do you put the shadows from your souls Coming within the gates of Brave Romance About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Charity and Condescension** Daniel Siegel,2012-04-22 Charity and Condescension explores how condescension a traditional English virtue went sour in the nineteenth century and considers how the failure of condescension influenced Victorian efforts to reform philanthropy and to construct new narrative models of social conciliation In the literary work of authors like Dickens Eliot and Tennyson and in the writing of reformers like Octavia Hill and Samuel Barnett condescension once a sign of the power and value of charity became an emblem of charity s limitations This book argues that despite Victorian charity s reputation for idealistic self assurance it frequently doubted its own operations and was driven by creative self critique Through sophisticated and original close readings of important Victorian texts Daniel Siegel shows how these important ideas developed even as England struggled to deal with its growing underclass and an expanding notion of the state s responsibility to its poor ,

Character Sketches of Romance, Fiction and the Drama Ebenezer Cobham Brewer,2004-03 Originally published in 1892 the object of this Handbook is to supply readers and speakers with a lucid but very brief account of such names as are used in allusions and references whether by poets or prose writers to furnish those who consult it with the plot of popular dramas the story of epic poems and the outline of well known tales The number of dramatic plots sketched out is many hundreds Another striking and interesting feature of the book is the revelation of the source from which dramatists and romancers have derived their stories and the strange repetitions of historic incidents It has been borne in mind throughout

that it is not enough to state a fact It must be stated attractively and the character described must be drawn characteristically if the reader is to appreciate it and feel an interest in what he reads This work an American reprint of The Reader s Handbook by E Cobham Brewer while retaining all of the original material that can interest and aid the English speaking student gives also characters and sketches found in American novels poetry and drama *King Arthur's Knights* Henry Gilbert,1911 Recounts the exploits of King Arthur and his knights at the court of Camelot and elsewhere in the land of the Britons *The herioc elegies and other pieces of Llywarch Hen, prince of the Cambrian Britons* Llywarch Hen,1792

Camelot in the Nineteenth Century Robert Thomas Lambdin,Laura Lambdin,2000-07-30 For centuries accounts of King Arthur and his court have fascinated historians scholars poets and readers Each age has added material to reflect its own cultural attitudes but no era has supplemented the earlier versions more than the poets of the Medieval Revival of nineteenth century England This book examines how Arthurian legend was read and rewritten during that period by four enduring writers Alfred Lord Tennyson Matthew Arnold William Morris and Algernon Charles Swinburne While other works have looked at Arthurian legend in light of nineteenth century social conditions this volume focuses on how these poets approached love and death in their works and how the legend of Arthur shaped their vision An introductory chapter traces Arthurian legend from its inception The chapters that follow are each devoted to a particular author s use of Arthurian material in an exploration of love and death For Tennyson love leads to trust and when trust is shattered death soon follows Arnold on the other hand advocates moderation so that the loss of a loved one produces neither debilitating agony nor only a mild melancholy Morris concentrates on the differences between physical and spiritual love while Swinburne presents a world tormented by love and in which death is the only release **The History of Cornwall, Civil, Military, Religious, Architectural, Agricultural, Commercial, Biographical, and Miscellaneous** Richard Polwhele,1816 *The Romance of Arthur* James J. Wilhelm,1994 Covering almost a thousand years this work features translated texts in a broad range of genres from the early chronicles and Welsh verse through Sir Thomas Malory *King Arthur and the Battle for Britannia* Tony Sullivan,2024-07-30 *King Arthur and the Battle for Britannia* is the last in a series of three books The first *King Arthur Man or Myth* weighed the evidence for and against a historical figure The second *The Battles of King Arthur* looked in detail at the famous battle list from the *Historia Brittonum* Having looked at the questions of whether and where this final book takes on the different question of who was Arthur The book is intended to save readers time and money wading through the scores of competing theories It explains the problems with many of these theories to date their failure to gain widespread support and why many historians remain sceptical about the existence of a historical Arthur There is however a reasonable consistency in medieval genealogies and a good reason why Arthur does not appear in any of the list of kings of early kingdoms Instead he is placed in the context of a fragmenting post Roman provincial structure alongside the emergence of petty kingdoms with new cultural identities A heroic Brythonic culture in the west and north and a Germanic culture in the

east and south The book looks at the evolution of the legend comparing the chivalric French Romances with the Arthur of the darker Welsh tradition A mythical figure may have emerged from the mead halls and war band culture of the sixth century However the book describes how a historical figure may have been mythologised and who such a warrior may have been
