German Armour Of The Italian Front Paperback By:

German Armour of the Italian Front Cocklet, 2002-07-15 *Panther German Army Medium Tank* Dennis Oliver, 2022-10-24 The Allied invasions of Sicily and the Italian mainland had been met with tenacious resistance by the Germans but the defense consisted for the most part of armored units that were little different to those the British had faced in North Africa But in early 1944 with the landings at Anzio and Nettuno and the attempt to bypass the German defensive line the Wehrmacht's high command began shipping heavier and more powerful tanks to the Southern Front including an increasing number of Tigers and Panthers The initial models of the latter had gone into combat for the first time in July 1943 and it was planned that every Panzer regiment would eventually contain a battalion of these impressive vehicles Drawing on official documentation and unit histories Dennis Oliver investigates the formations that operated these deservedly famous vehicles and uses archive photos and extensively researched color illustrations to examine the markings camouflage and technical aspects of the Pzkw V tanks that were an integral part of the German defense of the Italian peninsula A key section of his book displays available model kits and aftermarket products complemented by a gallery of beautifully constructed and painted models in various scales Technical details as well as modifications introduced during production and in the field are also examined providing everything the modeler needs to recreate an accurate representation of these historic vehicles

Battle Stories — The WWII 3-Book Bundle , 2016-05-07 Three battles that changed the course of WWII and echo through world history to the present day Three renowned experts each take up one of these crucial engagements Iwo Jima 1945 Operation Detachment the invasion of Iwo Jima on February 19 1945 was the first campaign on Japanese soil and it resulted in some of the fiercest fighting of the Pacific campaign El Alamein 1942 El Alamein saw two of the greatest generals of the war pitted against each other Rommel and Montgomery Arnhem 1944 When we think of Arnhem we think of a bridge too far and a sky full of parachutes dropping the Allies into the Netherlands It was one of the most complex and strategically important operations of the war **The Book of History: The events of 1918. The armistice and peace treaties** , 1921

A profusely illustrated summary of world history from an Euro centric view but in great detail up to the end of World War II
The American Year Book , 1917 *The American Year Book* Albert Bushnell Hart, 1918 The Chicago Daily News Almanac and Year Book for ... George Edward Plumbe, James Langland, Claude Othello Pike, 1918 *The Nation* , 1917

Armor , 2005 **The Defeat of Imperial Germany, 1917-1918** Rod Paschall, 2025-04-08 The Defeat of Imperial Germany 1917 1918 by Rod Paschall is the first volume in the Major Battles and Campaigns series under the general editorship of John S D Eisenhower Designed for the armchair strategist this book offers striking proof of the inaccuracy of the conventional depiction of the trench warfare of the First World War in which commanding generals are seen as mediocre and unimaginative having stubbornly sent hundreds of thousands of troops over the top to be mowed down by the lethal weaponry of modern war Paschall builds a compelling case that the generals on both sides invented ingenious new strategies

that simply failed in the context of a war of attrition In a series of vivid analyses of successive offenses Paschall describes the generals plans how their plans were aimed at dislodging the entrenched enemy and restoring maneuver and breakthrough on the Western Front and what happened when the massed soldiery under their command sought to carry out their orders Though these strategies and tactics largely failed at the time they would prove successful when implemented twenty years later during World War II Dozens of photographs many never before published as well as theater and battlefield maps help make *The Defeat of Imperial Germany 1917-1918* an outstanding and original contribution to the body of knowledge of the Great War

Endgame at Stalingrad David M. Glantz, Jonathan M. House, 2014-04-14 The campaign intended to secure the Wehrmacht's flanks had proven one front too many for the German Army And now the offensive at Stalingrad the epic clash that marked Germany's failure on the Eastern Front was entering its grim final phase In Book One of the third volume of his acclaimed *Stalingrad Trilogy* David Glantz offers the definitive account the ground truth to counter a half century's worth of myth and misinformation of the beginning of the end of one of the most infamous battles of the Second World War and one of the most costly in lives and treasure in the annals of history When Volume Two left off Germany's vaunted Sixth Army already deflected from its original goal the Caucasus oil fields had been drawn into a desperate war of attrition within the ravaged city of Stalingrad In Volume Three Book One we see the ultimate consequences of the Germans overreach and the gathering force of the Red Army's massive manpower and increasingly sophisticated command After failing repeatedly to find and exploit the weaknesses in Axis defenses Stalin and the Stavka High Command finally seized their chance in mid November of 1942 by launching a bold and devastating counteroffensive Operation Uranus Glantz draws a detailed and vivid account of how in Operation Uranus the Red Army's three fronts defeated and largely destroyed two Romanian armies and encircled the German Sixth Army and half of the German Fourth Panzer Army in the Stalingrad pocket turning the Germans world on its head Like its predecessor volumes this one makes extensive use of sources previously out of reach or presumed lost such as reports from the Sixth Army's combat journal and newly released Soviet and Russian records These materials many cited at length or printed in their entirety in a companion volume lend themselves to a strikingly new interpretation of the campaign's planning and execution on both sides a version of events that once and for all gets at the ground truth of this historic confrontation

Eisenhower's Lieutenants: The Campaigns of France and Germany, 1944-1945 Russell F. Weigley, 2019-07-31 Jointly published by Plunkett Lake Press and Indiana University Press This study of the American led campaign in Europe in World War II analyzes command decisions at both the strategic and tactical levels All the complex ingredients of armies at war the burdens of history the impact of technology the roles of personalities the confusions of the battlefield are presented based on extensive scholarship Field Marshal Montgomery and Ike's lieutenants Generals Omar N Bradley Jacob L Devers Courtney H Hodges George S Patton Jr Alexander M Patch William H Simpson Leonard T Gerow J Lawton Collins and Matthew B Ridgway and others appear in the book All major strategic and tactical decisions in the battles

of the American offensive against Nazi Germany are covered with descriptions of key terrain features and many personal insights drawn from various diaries The book provides an assessment of the leadership and fighting capabilities of the Allied forces in the key European battles of World War II The publication of Eisenhower's *Lieutenants* is an event of significance in American military writing admirable clearly the product of exhaustive painstaking research Drew Middleton *The New York Times* Eisenhower's *Lieutenants* is an outstanding and highly recommended work It offers the wealth of information superb research and presentation comprehensive treatment and challenging reinterpretation one has come to expect from Weigley It also points out once again that his reputation as one of our outstanding military historians is well deserved Mark A Stoler *Journal of American History* outstanding book highly professional study of command and operations in northwest Europe 1944-45 the best account we have of the World War II campaigns from Normandy to the Elbe Forrest C Pogue *American Historical Review* The fullest account yet of the climactic campaign in northwestern Europe from the planning of D Day through the German surrender with an interesting focus on the personalities involved in shaping the Allied forces plans and operations precisely informative and broadly rewarding Kirkus Reviews an excellent book Calvin B Peters *Journal of Political and Military Sociology* by the dean of American military historians *Washington Post* I had thought I knew everything about World War II that I would ever want to know I was wrong Reading Eisenhower's *Lieutenants* was a wonderfully enriching experience I learned more than I ever would have thought possible This will unquestionably become one of the great classics of American military history Stephen E Ambrose

The Mammoth Book of How it Happened: World War I Jon E. Lewis, 2012-03-01 The spectre of the Great War still haunts us No other conflict so dramatically illustrates the waste of life and the slaughter of innocents as that of 1914-18 And none has so dramatically shaped the modern world the Russian Revolution the rise of Hitler the break up of Empire the supremacy of America and World War II all stem from the four years of the war to end all wars Here is the eye witness chronicle of that war from the trenches of Flanders to the staff rooms of the Imperial Germany Army from T E Lawrence in the desert to the Red Baron in the air from Land Girls in England to German U boat crews in the Atlantic it leaves nothing out And if all the horror of the war fought by the Tommies in the trenches is captured so too are the machinations of the top brass and politicians

Bolt Action: Campaign: Case Blue Warlord Games, 2023-10-26 A supplement for the award winning World War II wargame Bolt Action focusing on the Axis offensives through Eastern Ukraine and into the North Caucasus After the failure of Barbarossa to utterly defeat the Soviet Union a new plan was devised Case Blue This plan involved pushing through the southern Soviet Union to reach the Caucasus and secure the oil fields that Germany so desperately needed While initially there was great success and sweeping advances as the autumn began the Axis advances began to falter in the wake of Soviet resistance and counter attacks culminating in the battles in and around Stalingrad This Campaign Book for Bolt Action contains new linked scenarios rules troop types and Theatre Selectors providing plenty of options for novice and veteran players alike

The Book of History
