Taxing German-Dutch Cross-Border Activities Bert Alink, Helga van Bijnen, Rebecca Alika Brinkmann, Robert Crijns, Sonja Dusarduijn, Frank Elsweier, Johannes Grave, Kristy Jonas, Philipp Kepper, Herman van Kesteren, Till Meickmann, Madeleine Merckx, Maria Reinert, Benedikt Schewe, Daniel Smit, Christian Sternberg, Stan Stevens, Jeroen van Strien, Philipp J. Thiele, Michael Visser, 2015-02-04 Cross-border economic activity is gaining more and more importance. This is especially true for the border region between Germany and the Netherlands. The GD Tax Centre was founded to research on the taxation of such activities in 2012. The GD Tax Centre brought together renowned scientists and a significant number of emerging young talents from both sides of the border over a period of three years. This anthology represents some of the research results of the GD Tax Centre. Further research results have been made public via events, presentations, or academic publications and a variety of other ways. It consists of many different articles which mainly discuss topics of cross-border business activities and compare the tax treatment in Germany and the Netherlands. An enormous part of this book focuses on the new German-Dutch

tax treaty which hopefully will enter into force in January 2016. Additionally, some articles concern a more general or even a more specific research question. Expedited International Arbitration Alan Anderson, Herman Verbist, 2024-06-11

Increasingly, international commercial arbitration has come to resemble the judicial process it was intended to replace, especially in terms of speed, costs, and efficiency. Arbitration institutions worldwide have adopted rules or procedures to expedite the arbitral process to address these concerns. This book brings together thirty-one distinguished practitioners, academics, and experts in the field from around the world to consider in nineteen chapters how these policies and procedures, including the 2021 UNCITRAL Expedited Arbitration Rules, operate and affect international commercial arbitration, investor-State arbitration, and mediation. This book presents diverse and rich perspectives on the variety of methods adopted to provide an expeditious and cost-effective means for dispute resolution while recognizing the due process risks involved. Its comprehensive analysis of the case for expedited arbitration and the principles underpinning it covers such aspects as expedited arbitration rules adopted by major arbitration institutions, expedited arbitration rules in the ad hoc non-institutional context, including the UNCITRAL Expedited Arbitration Rules and UNCITRAL model clauses, expedited arbitration rules in various geographic regions, including China, Southeast Asia, the Caribbean, and the Middle East, focusing on specific jurisdictions in each region, new ICSID rules on mediation of investor-State disputes, and expedited arbitration mediation. Arb Med in the Far East, focusing on Macau. Arbitrators and parties to international agreements will gain a greater understanding of the issues, options, and consequences that may result from expedited arbitration. Practitioners will benefit from guidance in drafting arbitration clauses and in weighing the advantages and disadvantages of expedited arbitration procedures in various jurisdictions. The insights in this book will benefit international commercial arbitration as its stakeholders seek to return international commercial arbitration to its foundational underpinnings: a prompt, efficacious, and cost-effective means of resolving commercial disputes.

security *Germany 1989* Lothar Kettenacker, 2014-01-14 In autumn 1989 the world watched transfixed as East German citizens demonstrating under the banner We are the people staged the only successful totally peaceful revolution in German history By October 1990 the process of reunification was formally concluded bringing together a nation that had been divided for almost four decades Now nearly twenty years later it is possible to judge the causes and consequences of the revolution more clearly Was the fall of the Berlin Wall an unexpected fluke or was it in fact the result of a long process of engagement between East and West And did the momentous events of 1989 really signal the start of a bright new future for a united Germany In this probing and wide ranging account Lothar Kettenacker considers the background behind the division of Germany and explains how the Berlin Wall and its death trap border proved to be the most horrendous manifestation of East West antagonism He also looks beyond 1990 to show how the confusion caused by the sudden collapse of the GDR and the fusion of two radically different economies is proving to be a challenge that will preoccupy Germany for generations to come

German Medical Data Sciences 2023 — Science. Close to People. Niels Grabe, Martin Haag, Ursula Hertha Hübner, Ulrich Sax, Carsten Oliver Schmidt, Martin Sedlmayr, 2023-10-15. The Covid 19 pandemic affected the daily lives of all of us on many levels. Epidemiology suddenly became a personal matter and general interest in many aspects of medical data science became much more widespread. And physical distance became the new normal. This book presents the full paper part of the proceedings of GMDS 2023, the 68th annual meeting of the German Association for Medical Informatics, Biometry and Epidemiology, held from 17 to 21 September 2023 in Heilbronn, Germany. The theme of the conference was Science Close to People, a particularly appropriate theme for the first of these annual conferences to be held face to face since 2019. A total of 227 scientific contributions were submitted to GMDS 2023, including 41 full papers for this volume in Studies in HTI. Of these, 30 papers are included here following a rigorous two-stage review process which represents an acceptance rate of 73%. The 30 papers in this book are grouped under 8 headings: FAIRification, research software engineering for research infrastructure, human factors, data quality, clinical decision support, evaluation of healthcare IT, biosignals and interoperability. Providing a broad overview of current developments in the disciplines of medical informatics, biometry and epidemiology, the book will be of interest to all those working in these fields.

Refugees and Migrants in Law and Policy Helmut Kury, Sławomir Redo, 2018-05-31. Refugees and migration are not a new story in the history of humankind, but in the last few years, against a backdrop of huge numbers of migrants, especially from war-torn countries, they have again been a topic of intensive and contentious discussion in politics, the media, and scientific publications. Two United Nations framework declarations on the sustainable development goals and on refugees and migrants, adopted in 2016, have prompted the editors, who have a background in international criminology, to invite 60 contributors from different countries to contribute their expertise on civic education aspects of the refugee and migrant crisis in the Global North and South. Comprising 35 articles, this book presents an overview of the interdisciplinary issues involved in irregular migration around the world. It is intended for educationists, educators, diplomats, those working in mass media, decision makers, criminologists, and other specialists faced with questions involving refugees and migrants, as well as those interested in improving the prospects of orderly, safe, regular, and responsible migration in the context of promoting peaceful and inclusive societies for sustainable development. Rather than a timeline for migration policies based on now, with states focusing on stopping migration, now sending back migrants, now or bringing in technicians or low-skilled migrant workers, now there should be a long-term strategy for multicultural integration and economic assimilation. This book, prefaced by François Crépeau, the United Nations Special Rapporteur on the human rights of migrants, and William Lacy Swing, Director General of the International Organization for Migration, addresses the question of the rights and responsibilities involved in migration from the academic

and practical perspectives of experts in the field of social sciences and welfare and charts the way forward to 2030 and beyond and also beyond the paradigm of political correctness Germany's Civilian Power Diplomacy C. Arora,2006-08-07

Contemporary Europe William Outhwaite,2012-12-05 Critical Theory and Contemporary Europe introduces the major contributions critical theorists made to the study of Europe from the interwar years to the present time The work begins with theorists such as Adorno who addressed Nazism and the Holocaust then moves on to discuss the postwar affluence of capitalist Europe It proceeds to examine how critical theorists provided much of the analysis that motivated the student and youth movements of 1968 and subsequent alternative social movements Lastly it relates the development of a critical theory of state socialism looking at the works of thinkers such as Arato Offe and Habermas and how critical theory is now addressing social issues such as European xenophobia and the future of Europe This new volume in the Critical Theory and Contemporary Society series brings together critical theory and European studies in a clear accessible manner and shows the relevance of critical theory to practical political issues Negotiating the New Europe Dimitris Papadimitriou,2018-02-06

This title was first published in 2002 Offering a new and challenging perspective on how the European Union EU sought to structure its relations with Central and Southeast Europe after the Cold War this volume draws upon key debates in both politics and international relations A historically and theoretically informed examination of the EU s engagement in Central and Eastern Europe since 1989 the book combines conceptual rigour with clear empirical analysis firmly grounding the study of the European Union s current enlargement process in established theoretical perspectives The book is written in an engaging and accessible way which will appeal to academics students and practitioners alike **The NEBI YEARBOOK**
