

German Paratroopers

François Cochet

German Paratroopers:

Operation Fall Weiss Stephan Janzyk, 2017-08-30 While the fledgling German paratroop operations in Belgium and the Netherlands in 1940 and on Crete in 1941 attracted worldwide attention what is not as well known is that the use of paratroopers was planned for the invasion of Poland in 1939 in an act that began the Second World War This has given rise to the myth that Adolf Hitler wanted to keep this new and hitherto little known branch of the armed services secret for future projects However on several occasions the men of Parachute Regiment 1 were sat ready in their Ju52 transport planes fully equipped and ready to go Operation Fall Weiss describes the role of the German paratroopers in the Polish campaign using war diaries maps contemporary documents and photographs including those from various private collections around the world

Fallschirmjäger: German Paratroopers, 1942-1945 François Cochet, 2019-01-30 The second volume following the World War II exploits of the famed German parachute unit from the battle of Crete to the surrender of the Third Reich As elite troops the German Fallschirmjäger paratroopers were regularly engaged in front line combat during the Second World War Their famed actions such as the fighting in Scandinavia the taking of the Belgian fortress Eben Emael in May 1940 and the Battle for Crete just a year later have given them the reputation of being determined courageous and loyal soldiers This book continues the pictorial history of the Fallschirmjäger focusing on the period following the bloody Battle for Crete Used as elite infantry first in the USSR and then in Africa the Fallschirmjäger were able to reconnect with their glorious past whether in Italy or on the Greek Islands as they jumped from their Ju 52s to engage the enemy Their hard fighting in Italy helped to cement the legend of the Green Devils with the British General Harold Alexander describing them as tenacious highly trained men hardened by their many actions and combats However during the fighting in Normandy the Ardennes and on the Eastern Front the number of veterans decreased meaning it was the young German paratroopers who finally surrendered the Third Reich on 8 May 1945 François Cochet's two volumes in the Images of War series are not only an excellent introduction to this force and its combat history in the war but also much much more Avon Napoleonic Fellowship

Fallschirmjäger Bruce Quarrie, 2012-07-20 Few of the combatants of World War II have captured the imagination as compulsively as the Fallschirmjäger Boldness and courage were vital characteristics in the rigorous selection process and their training was highly demanding Hitler's airborne troops were involved in some of the most daring actions of the whole war from the 1940 assault on Eben Emael and the invasion of Crete in 1941 to the rescue of Mussolini and the attempt on Tito's life In addition they saw service as elite line infantry in the key theatres of North West Europe North Africa and the Eastern Front This title looks at the life and experiences of the average Fallschirmjäger and includes first hand accounts from different theatres and periods of the war

Fallschirmjäger: German Paratroopers, 1937-1941 François Cochet, 2019-06-30 An excellent volume The training and uniforms of this elite fighting force are well covered as are descriptions of the battles fought Army Rumour Service As elite troops the German Fallschirmjäger paratroopers were regularly engaged in front line

combat during the Second World War Their famed actions such as the fighting in Scandinavia the taking of the Belgian fortress Eden Ebel in May 1940 and the Battle for Crete just a year later have given them the reputation of being determined courageous and loyal soldiers This book covers the early years of the Fallschirmjäger paratroop units before the beginning of the war until the height of their successes in 1941 after which the Fallschirmjäger were more often deployed in a more traditional way even though high risk actions such as at Monte Cassino the Gran Sasso Raid allowed them to reconnect once more with their glorious past The very popular Images of War series has established a format with a large number of rare photographs in each book and clear concise text supporting the photographic selection This new addition follows the proven format to provide a graphic history and analysis of German paratroopers in WWII Highly Recommended Firetrench Model figure hobbyists and diorama builders can find lots of visual inspirations for future projects Toy Soldier Model Figure

Hitler's Paratroopers in Normandy Gilberto Villahermosa,2019-08-30 A retired U S Army Master Parachutist strategist and military historian analyzes the actions of one German special forces group during World War II In June 1944 Allied forces fighting desperately to establish a foothold in Normandy and then breakout of the confining bocage found themselves opposed by a bewildering array of formations of the German Wehrmacht Among them were the newly formed German II Parachute Corps This gripping new account examines the exploits of Germany's II Parachute Corps and its commander Eugen Meindl from the Allied invasion on June 6 to the end of August 1944 Meindl was the epitome of the senior German airborne commander in the Second World War Tough experienced and aggressive he cared deeply for his troops His Parachute Corps fought stubbornly for three weeks before being forced to fall back Trapped along with the bulk of the German Seventh Army in the Falaise pocket Meindl and his paratroopers maintained their discipline and were selected by the Commander in Chief of OB West to lead the German breakout to the east That they managed to do so despite suffering grievous losses while so many around them died or surrendered is a testament to their dedication and fighting ability Theirs is a story that deserves to be told **Green Devils** Jean-Yves Nasse,1997-01-01 Elite German Paratroops In World War

II Jeanett Aschoff,2021-04-21 WWII was the pinnacle of paratrooper action The tactics and technology needed for paratrooper landings had been refined to a point where they could play a decisive role The technology that would replace them especially helicopters was not yet a factor Early in the war the Germans executed the largest paratrooper landing in history on the Greek Island of Crete Although not flawless it was a success In December 1944 they launched their last paratroop drop with very different results Beginning with an examination of the origins of airborne forces in Germany and Europe during and after World war I this book goes on to look at how the concept of airborne assault was developed by the Nazis during the 1930s leading to the creation of the 7th Flieger Division From the scorching sands of North Africa to the frozen steppe of western Russia paratrooper units fought with courage and skill but it was in Italy where their exploits passed into military legend as the Green Devils of Monte Cassino This book covers that battle and the long fighting

withdrawal that followed in scrupulous detail **Hitler's Paratrooper** Gilberto Villahermosa, 2010-07-30 A valuable study a must read for everybody interested in the topic of German Fallschirmjäger in the Second World War Volker Grieser author of *The Lions of Carentan* Rudolf Witzig entered the history books as the heroic captor of Belgium's supposedly impregnable fortress Eben Emael in May 1940 the first time that glider borne troops were used in the war To many people he is also known as the commander of the battle group that fired the first shots of the Tunisian campaign Remarkably next to nothing has been written about him as an individual This biography completed with the full support of Witzig's widow and son is a comprehensive history of the man and also provides important new detail on the German parachute arm that he served In the course of his service Witzig was awarded the coveted Knight's Cross of the Iron Cross even though he had not yet earned the Iron Crosses 2nd and 1st class To resolve the problem he was awarded all three on the spot Witzig was involved in Operation Mercury the invasion of Crete but was injured during the fighting After his recovery he was sent to Tunisia where he was credited with several successful defensive actions He ended the war in captivity surrendering to the Allies on May 8 1945 the day after his name was placed on the Honour Roll of the Luftwaffe A gripping biography providing a tough gritty and compelling study of a German soldier Firetrench A unique well written and impeccably researched account of the Third Reich's evolving fortunes as witnessed on numerous battlefronts by a highly decorated Fallschirmjäger officer Mark J Reardon author of *Defending Fortress Europe* *Jump Into Hell* Franz Kurowski, 2010 **German Paratroopers** Chris McNab, 2000 Subtitled *The Illustrated History of the Fallschirmjäger in World War II* An pictorial record of Germany's airborne troops both as they developed as a unit in the run up to war and as they were deployed once it had commenced Rarely seen images show their spectacular glider borne deployments in the Low Countries during the early campaigns of the war in western Europe their dramatic airdrop and costly seizure of Crete and their stunning and daring missions at Monte Rotondo and Gran Sasso later in the war Hdbd 8 1 2 x 11 1 2 176 pgs 264 b w ill *German Paratroops in World War II* Volkmar Kühn, 1978
