Reformation John A. Wagner, 2018-11-09 An engaging and accurate introduction to the Protestant Reformation told in the words of those who led it opposed it and lived it The Protestant Reformation was a pivotal event in world history and religion Documents of the Reformation collects more than 60 primary documents that shed light on the personalities issues ideas and events of the 16th century upheaval and will help readers to understand how and why the Protestant Reformation began and transpired as it did The book is divided into 12 sections on topics such as indulgences persecution and women in the Reformation each of which offers five document selections Detailed introductions preceding the documents put them into historical context and explain why they are important while a general introduction and chronology help readers to understand the Reformation in broad terms and to see causal connections Bibliographies of current print and digital resources attend each document and a general bibliography lists seminal works on the Reformation The Routledge History of the Devil in the Western Tradition Richard Raiswell, Michelle D. Brock, David R. Winter, 2025-05-29 Covering a period of 2000 years this book offers an interdisciplinary exploration of the devil's role in the Western tradition and draws from history religion art literature media studies and anthropology to provide a multifaceted view of the devil over time The Routledge History of the Devil in the Western Tradition examines topics such as the devil's scriptural origins medieval development and role in witch hunting and possession cases as well as the influence of the demonic on contemporary issues like terrorism political polarisation and digital culture Collectively this volume demonstrates that the demonological imagination has served as part of the glue holding Western societies together While contexts misfortunes and anxieties have shifted according to time and place many of the dynamics that underlie the devil's construction and detection have important

continuities This book then provides an innovative history of the anti West the West as seen through its anxieties fears and attempts to define and police itself and its boundaries With contributions from 28 leading scholars in the field this volume is of interest to all students and scholars of the devil in the Western world **The European Reformation** Euan Cameron,2012-03 A fully revised and updated version of this authoritative account of the birth of the Protestant traditions in sixteenth century Europe providing a clear and comprehensive narrative of these complex and many stranded events *A Companion to the Reformation World* R. Po-chia Hsia,2008-04-15 This volume brings together 29 new essays by leading international scholars to provide an inclusive overview of recent work in Reformation history Presents Catholic Renewal as a continuum of the Protestant Reformation Examines Reformation in Eastern and Western Europe Asia and the Americas Takes a broad inclusive approach covering both traditional topics and cutting edge areas of debate *War and Conflict in the Early Modern World* Brian Sandberg,2016-06-13 In this latest addition to the War Conflict Through the Ages series Brian Sandberg offers a truly global examination of the intersections between war culture and society in the early modern period He traces the innovative military technologies and practices that emerged around 1500 exploring the different forms of warfare including dynastic war religious warfare raiding warfare and peasant revolt that shaped conflicts during the sixteenth and seventeenth centuries He explains how significant social economic and political developments transformed warfare on land and at sea at a time of global imperialism and growing mercantilism forcing states and military systems to respond to rapidly changing situations Engaging and insightful War and Conflict in the Early Modern World will appeal to scholars and students of world history the early modern period and those interested in the broader relationship between war and society **Heresy, Magic and Witchcraft in Early Modern Europe** Gary K Waite,2019-10-10 In the fifteenth century many authorities did not believe Inquisitors stories of a supposed Satanic witch sect However the religious conflict of the sixteenth century Reformation especially popular movements of reform and revolt helped to create an atmosphere in which diabolical conspiracies which swept up religious dissidents Jews and magicians into their nets were believed to pose a very real threat Fear of the Devil and his followers inspired horrific incidents of judicially approved terror in early modern Europe leading after 1560 to the infamous witch hunts Bringing together the fields of Reformation and witchcraft studies this fascinating book reveals how the early modern period s religious conflicts led to widespread confusion and uncertainty Gary K Waite examines in depth how church leaders dispelled rising religious doubt by persecuting heretics and how alleged infernal plots and witches who confessed to making a pact with the Devil helped the authorities to reaffirm orthodoxy Waite argues that it was only when the authorities came to terms with pluralism that there was a corresponding decline in witch panics *Encyclopedia of Historians and Historical Writing* Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians

from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate. Additionally, the Encyclopedia includes some 200 essays treating the development of national, regional and topical historiographies from the Ancient Near East to the history of sexuality. In addition to the Western tradition, it includes substantial assessments of African, Asian and Latin American historians and debates on gender and subaltern studies.

European Warfare, 1494-1660 Jeremy Black, 2005-07-05. The onset of the Italian Wars in 1494, subsequently seen as the onset of modern warfare, provides the starting point for this impressive survey of European Warfare in early modern Europe. Huge developments in the logistics of war combined with exploration and expansion meant interaction with extra-European forms of military might. Jeremy Black looks at technological aspects of war as well as social and political developments and effects during this key period of military history. This sharp and compact analysis contextualises European developments and establishes the global significance of events in Europe.

The History of Social Movements in Global Perspective Stefan Berger, Holger Nehring, 2017-01-12. Social movements have shaped and are shaping modern societies around the globe; this is evident when we look at examples such as the Arab Spring, Spain's Indignados and the wider Occupy movement. In this volume, experts analyse the classic and new social movements from a uniquely global perspective and offer insights into current theoretical discussions on social mobilisation. Chapters are devoted both to the study of continental developments of social movements going back to the nineteenth century and ranging to the present day, and to an emphasis on the transnational dimension of these movements. Interdisciplinary and truly international, this book is an essential text on social movements for historians, political scientists, sociologists, philosophers and social scientists.

The Hybrid Reformation Christopher Ocker, 2022-09-22. Three basic forces dominated sixteenth-century religious life. Two polarized groups, Protestant and Catholic reformers, were shaped by theological debates over the nature of the church, salvation, prayer and other issues. These debates articulated critical group-defining oppositions. Bystanders to the Catholic-Protestant competition were a third force. Their reactions to reformers were violent, opportunistic, hesitant, ambiguous or serendipitous, much the way social historians have described common people in the Reformation for the last fifty years. But in an ecology of three forces, hesitations and compromises were natural, not just among ordinary people but also, if more subtly, among reformers and theologians. In this volume, Christopher Ocker offers a constructive and nuanced alternative to the received understanding of the Reformation. Combining the methods of intellectual, cultural and social history, his book demonstrates how the Reformation became a hybrid movement produced by a binary of Catholic and Protestant self-definitions by bystanders to religious debate and by the hesitations and compromises made by all three groups during the religious controversy.

A People's History of Christianity Denis R. Janz, 2014-03. This one-volume edition contains careful selections and abridgements of the original content of the seven-volume set and covers the entire scope of church history. It provides a valuable overview of such topics as birth and death, marriage and

family life baptism rites food power heresy and more Students are both informed and inspired by seeing the importance of ordinary Christians in shaping Christianity across time

Cross in Tensions Philip Ruge-Jones, 2008-08-08 Luther's theology of the cross is a direct critique of oppressive power relationships in his day Luther's early thought challenges specific economic political social ideological and religious power dynamics the cross confronts those who enjoy power prestige pomp and profits at the expense of the poor Ruge Jones maps the power relationships that Luther's theology addressed and then turns to specific works that challenge established structures of his world Luther's Latin texts undermine the ideological assumptions and presumptions that bolstered an opulent church and empire Luther uses the cross of Christ to challenge what he called *volatilem cogitatum* knowledge that is prone to violence His German writings directed to a broader more popular audience focus this critique of human pretensions into an attack on systems of wealth status and power that refuse to look with compassion upon poor Mary or upon the many domestic servants of Germany God has respected the ones whom the world disrespects and has thus entered the world to turn it upside down Also in the German writings the Lord's Supper calls the powerful to enter into solidarity with the poor suffering people to whom Christ has given himself Finally in his popular pamphlets visual images show with graphic specificity that throughout his life Christ sought out solidarity with the least These images contrast brutally with images of a church that has sold its soul to wealth political influence military power and status

Christian History in Rural Germany David Mayes, 2022-11-14 Surely Christian history in Germany principally followed the outlines of a Catholic and Protestant narrative right On the contrary for Hesse Hanau and Fulda this dominant framework largely obscures the historical experience of most Christians specifically rural Christians The rural Christian narrative animated for more than a millennium by agricultural and communal forces principally followed an indigenous path characterized by long term surges and setbacks This path eventually bifurcated not in the 1517-1648 period but rather in the wake of the 1648 Peace of Westphalia and it did so not into Catholic and Protestant storylines but rather into those Christian corpora *Gemeinden* which maintained their local civil sacred unity into the twentieth century and those which lost that unity after succumbing to Westphalia's divisive effects

Voices of the Reformation John A. Wagner, 2015-05-05 This fascinating collection of primary source documents furnishes the accounts in their own words of those who initiated advanced or lived through the Reformation Starting in 1500 Europe transformed from a united Christendom into a continent bitterly divided between Catholicism and Protestantism by the end of the century This illuminating text reveals what happened during that period by presenting the social religious economic political and cultural life of the European Reformation of the 16th century in the words of those who lived through it Detailed and comprehensive the work includes 60 primary source documents that shed light on the character personalities and events of that time and provides context questions and activities for successfully incorporating these documents into academic research and reading projects A special section provides guidelines for better evaluating and understanding primary documents Topics include late

medieval religion Martin Luther reformation in Germany and the Peasants War the rise of Calvinism and the English Reformation Jewish Identity in Early Modern Germany Dean Phillip Bell, 2016-05-06 Although Jews in early modern Germany produced little in the way of formal historiography Jews nevertheless engaged the past for many reasons and in various and surprising ways They narrated the past in order to enforce order empower authority and record the traditions of their communities In this way Jews created community structure and projected that structure into the future But Jews also used the past as a means to contest the marginalization threatened by broader developments in the Christian society in which they lived As the Reformation threw into relief serious questions about authority and tradition and as Jews continued to suffer from anti Jewish mentality and politics narration of the past allowed Jews to re inscribe themselves in history and contemporary society Drawing on a wide range of sources including chronicles liturgical works books of customs memorybooks biblical commentaries rabbinic responsa and community ledgers this study offers a timely reassessment of Jewish community and identity during a frequently turbulent era It engages but then redirects important discussions by historians regarding the nature of time and the construction and role of history and memory in pre modern Europe and pre modern Jewish civilization This book will be of significant value not only to scholars of Jewish history but anyone with an interest in the social and cultural aspects of religious history Teaching World History in the Twenty-first Century: A Resource Book Heidi Roupp, 2015-02-12 This practical handbook is designed to help anyone who is preparing to teach a world history course or wants to teach it better It includes contributions by experienced teachers who are reshaping world history education and features new approaches to the subject as well as classroom tested practices that have markedly improved world history teaching *The German Peasants' War* Tom Scott, Bob Scribner, 1994-06-01 The German Peasants War of 1524-26 was the greatest popular uprising in European history before the French Revolution Its significance is heightened by the contemporary struggle for religious renewal in the Reformation which had a decisive influence on its course Yet very little writing in English has discussed the Peasants War in detail This volume traces the war through contemporary documents both published and original for the English speaking reader in translation It gives generous coverage to the causes and course of the revolt and to its ideological mainsprings and forms of organization At the same time it illustrates the authorities response the role of towns in the revolt and the sociological variety of the participants The main political theories inspired by the revolt receive full treatment and the volume concludes with detailed coverage of the attempts to suppress the insurrection and its political and social aftermath Accompanying the selection of 162 documents is an extended introduction which traces the main issues facing historians in seeking to understand the revolt it also provides thumbnail sketches of the course of the Peasants War in the five main areas of rebellion The volume includes eight maps for convenient reference and a select bibliography for further reading This study will be of particular interest to undergraduate and graduate students of history politics religion sociology and anthropology taking courses on early modern Europe
