**Hitler's Nest of Vipers** Nigel West, 2022-10-21 presents an excellent and concise narrative of the Abwehr's global intelligence network West draws from hundreds of firsthand debriefing and summary reports including disclosed sources not previously available to scholars American Intelligence Journal Modern historians have consistently condemned the Abwehr Germany's military intelligence service and its SS equivalent the Sicherheitsdienst SD as incompetent and even corrupt organizations However newly declassified MI5 CIA and US Counterintelligence Corps files shed a very different light on the structure control and capabilities of the German intelligence machine in Europe South America the Mediterranean and the Middle East It is usually stated that under Admiral Canaris the Abwehr neglected its main functions its attention being focused more on trying to bring down Hitler Yet Canaris greatly expanded the Abwehr from 150 personnel into a vast world wide organisation which achieved many notable successes against the Allies Equally the SD's tentacles spread across the Occupied territories as the German forces invaded country after country across Europe In this in depth study of the Abwehr's rise to power 1935 to 1943 its activities in Russia the Baltic States Ukraine Japan China Manchukuo and Mongolia

are examined as well as those in Thailand French Indo China the Dutch East Indies the Philippines Iran Turkey Afghanistan and the Arab nations In this period the Abwehr built a complex network of individual agents with transmitters operating from commercial diplomatic and consular premises Before and in the early stages of the war it later became apparent the Abwehr was controlling a number of agents in Britain Indeed it was only after the war that the scale of the Abwehr's activities became known the organisation having of around 20 000 members For the first time the Abwehr's development and the true extent of its operations have been laid bare through official files and even of restored documents previously redacted The long list of operations and activities of the Abwehr around the world includes the efforts of an agent in the USA who was arrested after a bizarre attempt to obtain a quantity of blank American passports by impersonating a senior State Department official Edward Weston an Under Secretary of State Also former U S Marine Kurt Jahnke who was recruited to collect information about the American munitions production and send it on to Germany These are just two of the numerous and absorbing accounts in this all embracing study

Hitler's Trojan Horse Nigel West,2023-05-04 Nigel West has presented the most complete account of the Abwehr to date It will serve as a valuable reference work Studies in Intelligence As the Second World War progressed and defeat for Hitler s Third Reich in all theatres became ever more certain the tight Abwehr network built so effectively by its head Admiral Canaris began to unravel High level defections to the Allies and bitter disputes with the Sicherheitsdienst SD added to a collapse in morale Most notably was the increasing opposition within the officer ranks of the Army to Hitler fermented by Canaris and his deputy Generalmajor Hans Oster The final years of the Abwehr were marked by the Abwehr s efforts to undermine the regime which came to a bloody conclusion following the Valkyrie assassination attempt of 20 July 1944 This saw the arrest of many Abwehr officials and the execution of Canaris and Oster In this penetrating study of the final years of the Abwehr Nigel West a world renowned specialist in the field pieces together the gradual decline in the organization s role and importance with Hitler and his acolytes paying little heed to reports that were increasingly cautionary Among the many previously undisclosed stories are details gleaned from recently opened files which tell of a hitherto unknown spy swap This was the exchange of Berthold Shulze Holthus a German spy detained in Iran for Ferdinand Rodriguez a British radio operator captured in France This was the only such exchange that took place during the whole of the Second World War though the fact that the swap took place at all suggests that a previously unsuspected degree of communication existed between the Allies and Nazi Germany Perhaps most tantalizingly of all is the new night light thrown upon the role the British Secret Intelligence Service MI6 had in league with the Abwehr in the Valkyrie bombing which almost killed Hitler *World War II in Europe* David T. Zabecki,2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume

**Undercover** Patrick Howarth,2021-11-21 This book first published in 1980 is an invaluable assessment of SOE's contribution to the Allied victory From both first hand knowledge Howarth served with SOE for 4 years and in depth research this book traces the development of the organisation and its successes and failures By bringing to life some of the outstanding men and women who served in SOE this book pays tribute to their bravery and examines their role in fomenting and supporting clandestine resistance against the Nazi regime *Code Name Madeleine: A Sufi Spy in Nazi-Occupied Paris* Arthur J. Magida,2020-06-09 A CrimeReads Most Anticipated Book of 2020 A Padma Lakshmi Favorite Read of 2021 The captivating story of the valiant Noor Inayat Khan daughter of an Indian Sufi mystic and unlikely World War II heroine Raised in a lush suburb of 1920s Paris Noor Inayat Khan was an introspective musician and writer dedicated to her family and to her father's spiritual values of harmony beauty and tolerance She did not seem destined for wartime heroism Yet faced with the evils of Nazi violence and the German occupation of France Noor joined the British Special Operations Executive and trained in espionage sabotage and reconnaissance She returned to Paris under an assumed identity immediately before the Germans mopped up the Allies largest communications network in France For crucial months of the war Noor was the only wireless operator there sending critical information to London significantly aiding the success of the Allied landing on D Day Code named Madeleine she became a high value target for the Gestapo When she was eventually captured Noor attempted two daring escapes before she was sent to Dachau and killed just months before the end of the war Carefully distilled from dozens of interviews newly discovered manuscripts official documents and personal letters Code Name Madeleine is both a compelling deeply researched history and a thrilling tribute to Noor Inayat Khan whose courage and faith guided her through the most brutal regime in history *Secret History* Simon Ball,2020-04-16 As John le Carr's fictional intelligence men admit it was the case histories constructed narratives serving shifting agendas that shaped the British intelligence machine rather than their personal experience of secret operations Secret History demonstrates that a critical scrutiny of internal after action assessments of intelligence prepared by British officials provides an invaluable and original perspective on the emergence of British intelligence culture over a period stretching from the First World War to the early Cold War The historical record reflects personal value judgments about what qualified as effective techniques and organization and even who could rightfully be called an intelligence officer The history of intelligence thus became a powerful form of self reinforcing cultural capital Shining an intense light on the history of Britain's intelligence organizations Secret History excavates how contemporary myths misperceptions and misunderstandings were captured and how they affected the development of British intelligence and the state *The Last Agent in Paris* Sharon Maas,2024-11-06 As the bombs rained

down on Paris my family fled before the Nazis could take us I never thought I'd see my beloved home again But I've come back to fight for the people I love And now I'm the last agent standing The freedom of the world rests on my shoulders Paris 1940 As Nazi soldiers march down the Champs Elysees Noor's heart is shattered Her family is forced to flee their home to the safety of England and as Noor watches the French coast disappear in the distance she vows to do everything she can to stop Germany from devouring her beloved country Training as a wireless operative in England Noor's perfect French makes her the ideal candidate for undercover work in her beloved Paris and she is soon assigned to an illustrious spy network led by a mysterious man named Prosper Day after day Noor walks the treacherous streets of Paris looking for safe places to broadcast messages to London But Nazi officers lurk around every corner and Noor's heart thunders in her chest as she evades detection tightly clutching the briefcase containing her radio equipment She knows it would take just one stop and search for her life to be over With each passing day her mission becomes more lethal as one by one her fellow agents are captured Someone is betraying them but who And when Noor becomes the last agent in the network can she keep the links with England alive to help win the war An utterly gripping and emotional World War 2 novel inspired by the incredible true story of Noor Inayat Khan the first female radio operator sent by SOE into Nazi occupied France Fans of Suzanne Goldring Ellie Midwood and Siobhan Curran will be swept away Readers love Sharon Maas Phenomenal left me speechless I loved everything about this heartbreaking unputdownable had me reaching for the tissue box over and over heart wrenching needs to be at the very top of your to be read pile I highly recommend this ten star read Page Turners I couldn't put it down and finished it in a day What an absolute cracker of a book Sucked me straight in absolutely addictive page turner absolutely absorbed me page turning will keep you up late at night Goodreads reviewer I couldn't put this book aside I read it holding my breath I cried I hated I loved I understood I think I have gone through every emotion there is swept me away and even writing this review I'm overwhelmed with emotions If I could I would give it 10 stars Goodreads reviewer A masterpiece told so beautifully it had me enthralled reading late into the night gripping and terrifying I went on a rollercoaster ride of emotions heartbreaking perfect leannebookstagram Had me glued to my Kindle from the moment I started it and I devoured every chapter this book had everything I love about this genre brought tears to my eyes A heartbreaking read I 100% recommend this book for fans of historical fiction leonaomahony Powerful and heartbreaking sure to leave readers with a deep appreciation for the resilience of the human spirit a must read for anyone who loves WWII historical fiction I've read many novels in this genre and this one is right at the top Rachel Bustin Oh my where to begin I have never read a book quite like this one a very powerful tense and heart rending novel A must for readers of historical fiction Goodreads reviewer
