**Panikos Panayi**

## **German Immigrants In Britain During The Nineteenth Century 1815-1914:**

**German Immigrants in Britain During the 19th Century, 1815-1914** Panikos Panayi, 1995-06-05 For most of the nineteenth century Germans represented the largest continental immigrant population in Britain yet to date no study has concentrated on them They entered the country for a combination of religious political and economic reasons and established themselves in thriving immigrant communities Hostility towards them spread throughout the 1800s and escalated with the growth of Anglo German hostility in the period leading up to the outbreak of World War I This thoroughly researched study fills a gap in the modern history of Britain and the history of German immigrant communities It will be of interest to anyone wishing to learn more about Anglo German relations migration and ethnicity

**Migration and Transfer from Germany to Britain 1660 to 1914** Stefan Manz, Margit Schulte Beerbühl, John R. Davis, 2012-02-13 No detailed description available for Migration and Transfer from Germany to Britain 1660 to 1914

**An Immigration History of Britain** Panikos Panayi, 2014-09-11 Immigration ethnicity multiculturalism and racism have become part of daily discourse in Britain in recent decades yet far from being new these phenomena have characterised British life since the 19th century While the numbers of immigrants increased after the Second World War groups such as the Irish Germans and East European Jews have been arriving settling and impacting on British society from the Victorian period onwards In this comprehensive and fascinating account Panikos Panayi examines immigration as an ongoing process in which ethnic communities evolve as individuals choose whether to retain their ethnic identities and customs or to integrate and assimilate into wider British norms Consequently he tackles the contradictions in the history of immigration over the past two centuries migration versus government control migrant poverty versus social mobility ethnic identity versus increasing Anglicisation and above all racism versus multiculturalism Providing an important historical context to contemporary debates and taking into account the complexity and variety of individual experiences over time this book demonstrates that no simple approach or theory can summarise the migrant experience in Britain

**German Migrants in Post-War Britain** Dr Inge Weber-Newth, Johannes-Dieter Steinert, 2006-03-29 Both timely and topical with 2005 marking the 60th anniversary of the end of the Second World War this unique book examines the little known and under researched area of German migration to Britain in the immediate post war era Authors Weber Newth and Steinert analyze the political framework of post war immigration and immigrant policy and the complex decision making processes that led to large scale labour migration from the continent They consider identity perception of self and others stereotypes and prejudice how migrants dealt with language and intercultural issues migrants attitudes towards national socialist and contemporary Germany migrants motivation for leaving Germany migrants initial experiences and their reception in Britain after the war as recalled after 50 years in the host country compared to their original expectations Based on rich British and German governmental and non governmental archive sources contemporary newspaper articles and nearly eighty biographically oriented interviews with

German migrants this outstanding volume a must read for students and scholars in the fields of social history sociology and migration studies expertly encompasses political as well as social historical questions and engages with the social economic and cultural situation of German immigrants to Britain from a life historical perspective Ethnic Minorities in 19th and 20th Century Germany Panikos Panayi, 2014-06-11 This is the first book to trace the history of all ethnic minorities in Germany during the nineteenth and twentieth centuries It argues that all of the different types of states in Germany since 1800 have displayed some level of hostility towards ethnic minorities While this reached its peak under the Nazis the book suggests a continuity of intolerance towards ethnic minorities from 1800 that continued into the Federal Republic During this long period German states were home to three different types of ethnic minorities in the form of dispersed Jews and Gypsies localised minorities such as Serbs Poles and Danes and immigrants from the 1880s Taking a chronological approach that runs into the new Millennium the author traces the history of all of these ethnic groups illustrating their relationship with the German government and with the rest of the German populace He demonstrates that Germany provides a perfect testing ground for examining how different forms of rule deal with minorities including monarchy liberal democracy fascism and communism **Germans as Minorities during the First World War** Panikos Panayi, 2016-04-15 Offering a global comparative perspective on the relationship between German minorities and the majority populations amongst which they found themselves during the First World War this collection addresses how public opinion the press parliament and ordinary citizens reacted towards Germans in their midst The volume uses the experience of Germans to explore whether the War can be regarded as a turning point in the mistreatment of minorities one that would lead to worse manifestations of racism nationalism and xenophobia later in the twentieth century **Immigration and Exile Foreign-Language Press in the UK and in the US** Stéphanie Prévost, Bénédicte Deschamps, 2023-12-14 Both Britain and the United States have had a long history of harbouring foreign political exiles who often set up periodicals which significantly contributed to community building and political debates However this varied and complex journalism has received little attention to date particularly regarding the languages in which it was produced This wide ranging edited volume brings together for the first time interdisciplinary case studies of the exile foreign language press in French German Italian Spanish Russian Flemish Polish among other languages across Britain and the US establishing a useful comparative framework to explore how periodicals tackled key political linguistic and literary issues from the 19th century to the present day Building on the existing literature on the exile foreign language press in the United States and developing the study of this phenomenon in the British context Immigration and Exile Foreign Language Press in the UK and in the US offers fresh perspectives into how these marginalised periodicals influenced the political economic and social contexts that brought them into existence This is a major contribution to the burgeoning field of transnational periodicals and will be of interest to anyone studying the history of the Anglo American press the history of immigration and cultural history London In The Nineteenth Century Jerry

White,2011-06-08 Jerry White's London in the Nineteenth Century is the richest and most absorbing account of the city's greatest century by its leading expert London in the nineteenth century was the greatest city mankind had ever seen Its growth was stupendous Its wealth was dazzling Its horrors shocked the world This was the London of Blake Thackeray and Mayhew of Nash Faraday and Disraeli Most of all it was the London of Dickens As William Blake put it London was a Human awful wonder of God In Jerry White's dazzling history we witness the city's unparalleled metamorphosis over the course of the century through the daily lives of its inhabitants We see how Londoners worked played and adapted to the demands of the metropolis during this century of dizzying change The result is a panorama teeming with life **The London**

**Restaurant, 1840-1914** Brenda Assael,2018-07-03 This is the first scholarly treatment of the history of public eating in London in the Victorian and Edwardian eras The quotidian nature of eating out during the working day or evening should not be allowed to obscure the significance of the restaurant defined broadly to encompass not merely the prestigious West End restaurant but also the modest refreshment room and even the street cart as a critical component in the creation of modern metropolitan culture The story of the London restaurant between the 1840s and the First World War serves as an exemplary site for mapping the expansion of commercial leisure the increasing significance of the service sector the introduction of technology the democratization of the public sphere changing gender roles and the impact of immigration The London Restaurant incorporates the notion of gastro cosmopolitanism to highlight the existence of a diverse culture in London in this period that requires us to think not merely beyond the nation but beyond empire The restaurant also had an important role in contemporary debates about public health and the sometimes conflicting but no less often complementary prerogatives of commerce moral improvement and liberal governance The London Restaurant considers the restaurant as a business and a place of employment as well as an important site for the emergence of new forms of metropolitan experience and identity While focused on London it illustrates the complex ways in which cultural and commercial forces were intertwined in modern Britain and demonstrates the rewards of writing histories which recognize the interplay between broad global forces and highly localized spaces **The Germans in India** Panikos Panayi,2017-10-04 Based on years of research in libraries and archives in England Germany India and Switzerland this book offers a new interpretation of global migration from the early nineteenth until the early twentieth century Rather than focusing upon the mass transatlantic migration or the movement of Britons towards British colonies it examines the elite German migrants who progressed to India especially missionaries scholars and scientists businessmen and travellers The story told here questions for the first time the concept of Europeans in India Previous scholarship has ignored any national variations in the presence of white people in India viewing them either as part of a ruling elite or more recently white subalterns The German elites undermine these conceptions They developed into distinct groups before 1914 especially in the missionary compound but faced marginalisation and expulsion during the First World War **Constructing a German Diaspora** Stefan Manz,2014-06-05 This book takes on a global perspective to

unravel the complex relationship between Imperial Germany and its diaspora Around 1900 German speakers living abroad were tied into global power political aspirations They were represented as outposts of a Greater German Empire whose ethnic links had to be preserved for their own and the fatherland s benefits Did these ideas fall on fertile ground abroad In the light of extreme social political and religious heterogeneity diaspora construction did not redeem the all encompassing fantasies of its engineers But it certainly was at work as nationalism went global in many German ethnic communities Three thematic areas are taken as examples to illustrate the emergence of globally operating organizations and communication flows Politics and the navy issue Protestantism and German schools abroad as bulwarks of language preservation The public negotiation of these issues is explored for localities as diverse as Shanghai Cape Town Blumenau in Brazil Melbourne Glasgow the Upper Midwest in the United States and the Volga Basin in Russia The mobilisation of ethno national diasporas is also a feature of modern day globalization The theoretical ramifications analysed in the book are as poignant today as they were for the nineteenth century

**British Images of Germany** R. Scully, 2012-10-30 British Images of Germany is the first full length cultural history of Britain s relationship with Germany in the key period leading up to the First World War Richard Scully reassesses what is imagined to be a fraught relationship illuminating the sense of kinship Britons felt for Germany even in times of diplomatic tension

*Refugees and the End of Empire* P. Panayi, P. Virdee, 2011-05-17 An examination of the relationship between imperial collapse the emergence of successor nationalism the exclusion of ethnic groups and the refugee experience Written by both established authorities and younger scholars this book offers a unique international comparative approach to the study of refugees at the end of empire

**Prisoners of Britain** Panikos Panayi, 2018-02-28 During the First World War hundreds of thousands of Germans faced incarceration in hundreds of camps on the British mainland This is the first book on these German prisoners almost a century after the conflict The book covers the three different types of internees in Britain in the form of civilians already present in the country in August 1914 civilians brought to Britain from all over the world and combatants Using a vast range of contemporary British and German sources the volume traces life experiences through initial arrest and capture to life behind barbed wire to return to Germany or to the remnants of the ethnically cleansed German community in Britain The book will prove essential reading for anyone interested in the history of prisoners of war or the First World War and will also appeal to scholars and students of twentieth century Europe and the human consequences of war

**Enemies in the Empire** Stefan Manz, Panikos Panayi, 2020 Enemies in the Empire demonstrates how Britain developed a global system of mass deportation and internment during the Great War Using case studies in Britain South Africa and India the authors place these internees into the broader history of internment the history of the First World War and the history of the British Empire

**The German-speaking community of Victoria between 1850 and 1930** Volkhard Wehner, 2018 At the time of Australian Federation in 1901 German immigrants constituted two per cent of the population of Victoria This book examines how they settled formed a communal infrastructure

and how they related to their Anglo Celtic hosts It is shown that their attempts to form a cohesive community failed by investigating the role played by the Lutheran Church German associations community leaders and the rift between rural and urban communities The changing relationship between the British Empire the German Reich and emerging Australian nationalism receives close attention The book tests and then proves a hypothesis that rural communities were more resilient and better equipped to survive while urban communities were not

Migrant City Panikos Panayi,2020-04-07 The first history of London to show how immigrants have built shaped and made a great success of the capital city London is now a global financial and multicultural hub in which over three hundred languages are spoken But the history of London has always been a history of immigration Panikos Panayi explores the rich and vibrant story of London from its founding two millennia ago by Roman invaders to Jewish and German immigrants in the Victorian period to the Windrush generation invited from Caribbean countries in the twentieth century Panayi shows how migration has been fundamental to London s economic social political and cultural development Migrant City sheds light on the various ways in which newcomers have shaped London life acting as cheap labour contributing to the success of its financial sector its curry houses and its football clubs London s economy has long been driven by migrants from earlier continental financiers and more recent European Union citizens Without immigration fueled by globalization Panayi argues London would not have become the world city it is today

**Revolutionary Refugees** Christine Lattek,2006 Filling an important gap in our understanding of the growth of early German socialism this book is the first to combine the two crucial aspects of the study socialist political theory and social and cultural environments An essential student read

**Time Stood Still: My Internment in England, 1914-1918** Paul Cohen-Portheim,2023-11-30 A masterpiece of humanism Time Stood Still recounts Paul Cohen Portheim s years of internment in England as an enemy alien during World War One An artist and theatre designer he at first viewed internment as a sort of holiday Should I bring my bathing things and evening dress he asked the policeman taking him prisoner Though confined in a gentleman s camp near Wakefield as Cohen Portheim shows with grace humour and deep compassion even under the best conditions the simple act of being confined and placed in a sort of limbo is a form of torture Where there is no aim no object no sense there is no time Time Stood Still is a passionate but balanced argument against internment and its inherently dehumanizing effects Cohen Portheim is a beautiful writer It s an important book not just in concentration camp history but in world history Andrea Pitzer author of One Long Night A Global History of Concentration Camp Splendid in its restraint its sanity and its understanding of war a civilian All Quiet on the Western Front The New York Times Time Stood Still continues the mission of Recovered Books series to rescue exceptional books long unavailable to today s readers

*Transnational Networks* John R. Davis,Stefan Manz,Margrit Schulte Beerbühl,2012-04-19 The volume questions traditional nation centred narratives of the Empire as an exclusively British undertaking by concentrating on the transnational networks of German migrants pursued over more than two centuries in a multitude of geographical settings

within the British Empire

## **German Immigrants In Britain During The Nineteenth Century 18151914** Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the ability of words has become more evident than ever. They have the ability to inspire, provoke, and ignite change.
