Germans The Biography Of An Obsession:

Germans George Bailey, 1991 First published 20 years ago this book has been revised and reissued to reflect the changes that have taken place in Germany since then and more particularly since reunification in 1990 The book examines the vexed question of German nationhood and asks whether the new unified Germany is free of the influences that have made German nationalism such a menace in the past

Germans George Bailey, 1974

The Roots of Nazi Psychology Jay Y. Gonen, 2013-07-24 Was Hitler a moral aberration or a man of his people This topic has been hotly argued in recent years and now Jay Gonen brings new answers to the debate using a psychohistorical perspective contending that Hitler reflected the psyche of many Germans of his time Like any charismatic leader Hitler was an expert scanner of the Zeitgeist He possessed an uncanny ability to read the masses correctly and guide them with new ideas that were merely reflections of what the people already believed Gonen argues that Hitler's notions grew from the general fabric of German culture in the years following World War I Basing his work in the role of ideologies in group psychology Gonen exposes the psychological underpinnings of Nazi Germany's desire to expand its living space and exterminate Jews Hitler responded to the nation's group fantasy of renewing a Holy Roman Empire of the German nation He presented the utopian ideal of one large state where the nation represented one extended family In reality however he desired the triumph of automatism and totalitarian practices that would preempt family autonomy and private action Such a regimented state would become a war machine designed to breed infantile soldiers brainwashed for sacrifice To achieve that aim he unleashed barbaric forces whose utopian features were the very aspects of the state that made it most cruel

The Wall Christopher Hilton, 2011-07-31 For almost three decades the Cold War was focused on Berlin where the two nuclear armed sides were kept apart by a twelve foot wall which had appeared almost overnight in August 1961 For a generation until its fall in November 1989 it not only divided the city of Berlin but also symbolised the confrontation between capitalist West and socialist East In this astonishing book journalist Christopher Hilton has collected together the individual stories of those whose lives it affected including international politicians American and British soldiers East German border guards and most importantly the citizens of Berlin itself West and East Weaving their memories together into a remarkable narrative this is the extraordinarily vivid occasionally harrowing and often touching story of a city divided and of how it affected the lives of real people

The Wrath of Nations: Civilizations and the Furies of Nationalism William Pfaff, 1994-11-10 In this refreshing antidote to the swell of books about the end of modernity Ivan Sanders Commonweal William Pfaff writes an enthralling narrative of the fall of empires and the rise of nations and with them of modern nationalism the most important of all political forces as we enter the next century Rooted in the human need for secure place communal loyalty and individual identification nationalism has both created nations and ruined them It paved the way for Nazism but eventually destroyed it It brought down the European colonial empires but has left Africa confronting anarchy and much of Asia dominated by ambitious and authoritarian new

nations It forced Soviet armies out of Afghanistan and Eastern Europe and eventually led to the downfall of Communism Writing with both urgency and sobriety William Pfaff shows that without understanding this ineradicable factor in our political life we cannot reckon with the realities that may await us **Nato and Germany: a Study in the Sociology of Supernational Relations (c)** Stanford M. Lyman,1995 Focusing on the Cold War years this monograph examines the processes problems and policies through which the Federal Republic of Germany was formed and admitted into the North Atlantic Treaty Organization NATO The author compares the situation of Weimar Germany during its short lived postwar decade with that of the Federal Republic by applying geopolitical concepts and theory illustrating Germany s territorial uniqueness and how that special aspect of its place on the European continent influenced the nation s diplomacy in both eras

Major General Maurice Rose Stephen L. Ossad,Don R. Marsh,2006-05-05 Major General Maurice Rose 1899 1945 commander of 3rd Amored First Army s legendary Spearhead division was the highest ranking American Jewish officer ever killed in battle and the only individual casualty to spark a War Crimes Investigation This the first and only biography of this important World War II figure tells the dramatic story of Rose s life from his childhood as a son of a rabbi through his experiences in World War I and in the U S cavalry to his meteoric rise as America s answer to Rommel In 1943 Rose negotiated and accepted the surrender of the German Army in Tunisia the first large scale surrender to an American force during World War II At the Battle of Carentan in June 1944 he saved the 506th Parachute Infantry of Band of Brothers fame and might very well have saved the entire Normandy beachhead from a catastrophic German counterattack His brilliant daring and aggressive defensive tactics during the Battle of the Bulge prevented an enemy breakthrough to the Meuse River and beyond thereby frustrating the German advance Based on original archival research and exclusive interviews this biography shatters old myths and factual distortions and offers a refreshingly inquisitive and critical perspective Steven L Ossad and Don R Marsh reveal new insights into Rose s controversial death was he killed because he was Jewish or because he went for his weapon and about the even more controversial investigations that followed As compelling and extraordinary as the life that it describes this biography pays long overdue tribute to one of America s greatest heroes *The Oxford Handbook of Modern German History* Helmut Walser Smith,2011-09-29 This is the first comprehensive multi author survey of German history that features cutting edge syntheses of major topics by an international team of leading scholars Emphasizing demographic economic and political history this Handbook places German history in a denser transnational context than any other general history of Germany It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics It also reaches out to scholars and students beyond the field of history with detailed and cutting edge chapters on religious history and on literary history as well as to contemporary observers with reflections on Germany and the European Union and on multi cultural Germany Covering the period from around 1760 to the present this Handbook represents a remarkable

achievement of synthesis based on current scholarship It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's dramatic often destructive integration into the community of modern nations As it brings this story to the present it also places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an indispensable resource for scholars students and anyone interested in modern Germany

The Seduction of Culture in German History Wolf Lepenies, 2009-01-10 During the Allied bombing of Germany Hitler was more distressed by the loss of cultural treasures than by the leveling of homes Remarkably his propagandists broadcast this fact convinced that it would reveal not his callousness but his sensitivity the destruction had failed to crush his artist's spirit It is impossible to begin to make sense of this thinking without understanding what Wolf Lepenies calls *The Seduction of Culture in German History* This fascinating and unusual book tells the story of an arguably catastrophic German habit that of valuing cultural achievement above all else and envisioning it as a noble substitute for politics Lepenies examines how this tendency has affected German history from the late eighteenth century to today He argues that the German preference for art over politics is essential to understanding the peculiar nature of Nazism including its aesthetic appeal to many Germans and others and the fact that Hitler and many in his circle were failed artists and intellectuals who seem to have practiced their politics as a substitute form of art In a series of historical intellectual literary and artistic vignettes told in an essayistic style full of compelling aphorisms this wide ranging book pays special attention to Goethe and Thomas Mann and also contains brilliant discussions of such diverse figures as Novalis Walt Whitman Leo Strauss and Allan Bloom *The Seduction of Culture in German History* is concerned not only with Germany but with how the German obsession with culture sense of cultural superiority and scorn of politics have affected its relations with other countries France and the United States in particular

Rereading German History Richard Evans, 2002-11 Presenting the collected reviews of one of modern Germany's single most important historians this book offers a comprehensive summary of Richard Evans trenchant and important analytical points on Weimar the Third Reich and revisionism

[Rereading German History \(Routledge Revivals\)](#) Richard J. Evans, 2015-06-05 In *Rereading German History* first published in 1997 Richard J Evans draws together his seminal review essays on the political economic cultural and social history of Germany through war and reunification This book provides a study of how and why historians mainly German American British and French have provided a series of differing and often conflicting readings of the German past It also presents a reconsideration of German history in the light of the recent decline of the German Democratic Republic collapse of the Berlin Wall and the reunification of Germany *Rereading German History* re examines major controversies in modern German history such as the debate over Germany's special path to modernity in the nineteenth and twentieth centuries and the discussions in the 1980s on the uniqueness or otherwise of Auschwitz Evans also analyses the arguments over the nature of German national identity The book offers trenchant and important analytical insights into the history of Germany in the

last two centuries and is ideal reading material for students of modern history and German studies **New Perspectives on the History of Life Sciences and Agriculture** Denise Phillips, Sharon Kingsland, 2015-02-12 This volume explores problems in the history of science at the intersection of life sciences and agriculture from the mid eighteenth to the mid twentieth century Taking a comparative national perspective the book examines agricultural practices in a broad sense including the practices and disciplines devoted to land management forestry soil science and the improvement and management of crops and livestock The life sciences considered include genetics microbiology ecology entomology forestry and deal with US European Russian Japanese Indonesian Chinese contexts The book shows that the investigation of the border zone of life sciences and agriculture raises many interesting questions about how science develops In particular it challenges one to re examine and take seriously the intimate connection between scientific development and the practical goals of managing and improving perhaps even recreating the living world to serve human ends Without close attention to this zone it is not possible to understand the emergence of new disciplines and transformation of old disciplines to evaluate the role and impact of such major figures of science as Humboldt and Mendel or to appreciate how much of the history of modern biology has been driven by national ambitions and imperialist expansion in competition with rival nations

German Footprints in America Sudie Doggett Wike, 2022-01-19 Often overlooked because of their high degree of assimilation people of German descent are actually the largest single ethnic group in the United States German culture is far more rooted in America than commonly thought For example hot dogs hamburgers and beer wouldn't be classic American staples without German immigrants In addition to enormous contributions to mainstream beer culture and food culture they have also added to America's agriculture religious values and economy This history highlights German contributions to America examining their roles from the earliest colonies through the settlement of the Old Northwest and past the Interwar Period While most German immigrants belonged to the main Lutheran and Reformed churches a diverse cast of immigrant groups is encountered including Moravians Huguenots and Rhinelanders Through them discover the long standing history of the German descendants and their impact in the United States beginning more than 200 years ago A History of Modern Drama, Volume II David Krasner, 2016-04-18 A History of Modern Drama Volume II explores a remarkable breadth of topics and analytical approaches to the dramatic works authors and transitional events and movements that shaped world drama from 1960 through to the dawn of the new millennium Features detailed analyses of plays and playwrights examining the influence of a wide range of writers from mainstream icons such as Harold Pinter and Edward Albee to more unorthodox works by Peter Weiss and Sarah Kane Provides global coverage of both English and non English dramas including works from Africa and Asia to the Middle East Considers the influence of art music literature architecture society politics culture and philosophy on the formation of postmodern dramatic literature Combines wide ranging topics with original theories international perspective and philosophical and cultural context Completes a comprehensive two part work examining

modern world drama and alongside A History of Modern Drama Volume I offers readers complete coverage of a full century in the evolution of global dramatic literature The History of German Literature on Film Christiane Schönfeld,2023-06-15

A 2024 CHOICE OUTSTANDING ACADEMIC TITLE This book tells the story of German language literature on film beginning with pioneering motion picture adaptations of Faust in 1897 and early debates focused on high art as mass culture It explores analyzes and contextualizes the so called golden age of silent cinema in the 1920s the impact of sound on adaptation practices the abuse of literary heritage by Nazi filmmakers and traces the role of German language literature in exile and postwar films across ideological boundaries in divided Germany in New German Cinema and in remakes and movies for cinema as well as television and streaming services in the 21st century Having provided the narrative core to thousands of films since the late 19th century many of German cinema s most influential masterpieces were inspired by canonical texts popular plays and even children s literature Not being restricted to German adaptations however this book also traces the role of literature originally written in German in international film productions which sheds light on the interrelation between cinema and key historical events It outlines how processes of adaptation are shaped by global catastrophes and the emergence of nations by materialist conditions liberal economies and capitalist imperatives political agendas the mobility of individuals and sometimes by the desire to create reflective surfaces and perhaps even art Commercial cinema s adaptation practices have foregrounded economic interest but numerous filmmakers throughout cinema history have turned to German language literature not simply to entertain but as a creative contribution to the public sphere marking adaptation practice at least potentially as a form of active citizenship Dictionary of World Biography Barry Jones,2025-01-06 Jones Barry Owen

1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972 77 and the Australian House of Representatives 1977 98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983 90 Prices and Consumer Affairs 1987 Small Business 1987 90 and Customs 1988 90 He became a member of the Executive Board of UNESCO Paris 1991 95 and National President of the Australian Labor Party 1992 2000 2005 06 He was Deputy Chairman of the Constitutional Convention 1998 His books include Decades of Decision 1860 1965 Joseph II 1968 Age of Apocalypse 1975 and Knowledge Courage Leadership Insights Reflections 2016 and he edited The Penalty Is Death 1968 revised and expanded 2022 His bestseller Sleepers Wake Technology and the Future of Work 1982 Fourth edition published in 1995 has been translated into Chinese Japanese Korean Swedish and braille **German History Unbound** H. Glenn Penny,2022-06-30

What is German history Where did it take place And what role did Germans living outside of Central Europe play in it This

polycentric history offers a new vision. It uses communities of Germans from Austria to Chile to Russia to rethink our narratives of modern German history. Focusing on the great plurality of Germans and their interconnections around the world, it pointedly de-centers the nation state while arguing that resisting its dominance in our historical narratives has high intellectual and political stakes. For within an unbound German history there are characteristic clues, models and precedents that can do much to undermine the return of violent exclusionary nationalism. To that end, this book calls for a greater integration of mobilities, migration flows, different ways of belonging and transcultural places into our narratives of Germans' histories. Ultimately, it reveals how embracing a range of narratives can help us to better understand people's actions, intentions and motivations in particular historical moments.

A New History of German Literature David E. Wellbery, Judith Ryan, Hans Ulrich Gumbrecht, 2004. A New History of German Literature offers some 200 essays on events in German literary history.

Library of Congress Catalogs Library of Congress, 1976

Rethinking German History (Routledge Revivals) Richard J. Evans, 2015-08-11. In Rethinking German History, first published in 1987, Richard J. Evans argues for a social historical approach to the German past that pays equal attention to objective social structures and subjective values and experiences. If German history has been seen as an exception to the normal development of Western society, this is not least because historians have until recently largely failed to look beyond the world of high politics, institutions, organizations and ideologies to broader historical problems of German society and German mentalities. By applying and adapting approaches learned from French and British social history as they have been developed over the last quarter of a century, it is possible to achieve a rethinking of German history which does away with many of the textbook myths that have encrusted the historiography of Germany for so long. This book will be valuable for students of German history and politics and brings together essays widely used in teaching. Its broad coverage of social history will also be useful to all those interested in contemporary historiography or the comparative study of European history.

When people should go to the ebook stores, search creation by shop, shelf by shelf, it is in reality problematic. This is why we give the books compilations in this website. It will categorically ease you to see guide **Germans The Biography Of An Obsession** as you such as.

Germans The Biography Of An Obsession Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Germans The Biography Of An Obsession free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Germans The Biography Of An Obsession free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Germans The Biography Of An

Obsession free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Germans The Biography Of An Obsession. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Germans The Biography Of An Obsession any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Germans The Biography Of An Obsession Books

1. Where can I buy Germans The Biography Of An Obsession books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
