Novels of Günter Grass Alex Donovan Cole,2022-11-30 This manuscript argues for the importance of G nter Grass as a political thinker in addition to his status as a novelist and public intellectual capable of forming ethical responses to contemporary issues like neoliberalism and place of the petit bourgeoisie in social life I define Grass s trajectory as a thinker through his novels and speeches Primarily I draw attention to the role memory plays in Grass s thought that his work represented an intellectual and aesthetic response to the role Nazism continued to play in West German politics in the post war era To Grass Nazism represented a resurgent threat unaddressed following the end of World War II Later Grass amended his concept of memory politics to address neoliberal capitalism reiterating his radicalism and affirming the need for German society to resist the rise of extreme ideologies **Reference Studies in Medieval History** James Westfall

Thompson,1923 **Congressional Record** United States. Congress,1940 **British Books** ,1915 **Historical Dictionary of German Cinema** Robert C. Reimer,Carol J. Reimer,2019-07-15 The History of German film is diverse and multi faceted This volume can only suggest the richness of a film tradition that includes five distinct German governments Wilhelmine Germany the Weimar Republic the Third Reich the Federal Republic of Germany West Germany and the German Democratic Republic East Germany s well as a reunited Germany two national industries Germany and Austria and a myriad of styles and production methods Paradoxically the political disruptions that have produced these distinct film eras as well as and the natural inclination of artists to rebel and create new styles allow for construction of a narrative of German film Disjuncture generates distinct points of separation and yet also highlights continuities between the ruptures This second edition of Historical Dictionary of German Cinema contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on directors actors films cinematographers composers producers and major historical events that greatly affected the direction and development of German cinema This book is an excellent resource for students researchers and anyone wanting to know more about German cinema
