de la segunda guerra mundial han puesto en el centro del debate el fenómeno de la integración regional que se entiende como un proceso complejo con dimensiones políticas económicas sociales y culturales Si bien la integración europea ha mostrado sus primeras fracturas como producto de la crisis económica de principios del siglo XXI es innegable que los procesos de integración pueden redundar en ventajas para los países que participan en ellos

Ideas fundacionales de la integración latinoamericana y europea Édgar Vieira Posada, 2024-11-26 En esta obra se tiene como punto de partida la idea central de que integrarse sigue siendo considerado instrumento válido para el desarrollo económico político y social de América Latina en momentos en que los procesos latinoamericanos de integración se encuentran estancados a pesar de múltiples mandatos para su realización y que por consiguiente es útil y conveniente investigar de manera comparativa mediante análisis de regionalismo comparado las ideas fundacionales que le han permitido a la integración europea lograr importantes avances en su proceso con relación a las ideas fundacionales que ha acompañado la integración latinoamericana con el apoyo de la Comisión Económica para América Latina Cepal observando cuáles pueden ser valideras e impostergables para relanzar la integración latinoamericana Esto implica considerar elementos históricos de las primeras ideas de integración en los continentes latinoamericano y europeo así como reflexiones teóricas vinculadas a la integración e ideas puntuales de carácter fundacional latinoamericanas y europeas que merecen volver a ser analizadas y consideradas El trabajo es voluntarista y prescriptivo pues quiere dejar sentadas sugerencias acerca de la realización en América Latina de una integración multidimensional y recomendar la conveniencia de trabajarla con conceptos básicos y experiencias vividas en los procesos de los dos continentes desde las primeras décadas de su desarrollo por diferentes pioneros y protagonistas que en diferentes contextos de regionalismo han realizado aportes conceptuales de ideas fundacionales aledañas que la integración latinoamericana no puede postergar más tiempo
