Economic And Social History Of Mexican California 1822 1846:

An Economic and Social History of Mexican California, 1822-1846 Jessie Davies Francis, 1976 **An Economic and Social History of Mexican California, 1822-1846** Jessie Davies Francis, 1976 **An Economic and Social History of Mexican California, 1822-1846** Jessie Davies Francis, 1976 **The Mexican Frontier, 1821-1846** David J. Weber, 1982-06 Reinterprets borderlands history from the Mexican perspective *The History of Alta California* Antonio Maria Osio, 1996-05-15 Antonio Maria Osio's *La Historia de Alta California* was the first written history of upper California during the era of Mexican rule and this is its first complete English translation. A Mexican Californian government official and the landowner of Angel Island and Point Reyes, Osio writes colorfully of life in old Monterey, Los Angeles, and San Francisco and gives a first-hand account of the political intrigues of the 1830s that led to the appointment of Juan Bautista Alvarado as governor. Osio wrote his *History* in 1851, conveying with immediacy and detail the years of the U.S. Mexican War of 1846-1848 and the social upheaval that followed. As he witnesses California's territorial transition from Mexico to the United States, he recalls with pride the achievements of Mexican California in earlier decades and writes critically of the onset of U.S. influence and imperialism. Unable to endure life as foreigners in their home of twenty-seven years, Osio and his family left Alta California for Mexico in 1852. Osio's account predates by a quarter-century the better-known reminiscences of Mariano Guadalupe Vallejo and Juan Bautista Alvarado and the memoirs of Californios dictated to Hubert Howe Bancroft's staff in the 1870s. Editors Rose Marie Beebe and Robert M. Senkewicz have provided an accurate complete translation of Osio's original manuscript, and their helpful introduction and notes offer further details of Osio's life and of society in Alta California.

Contested Eden Ramón A. Gutiérrez, Richard J. Orsi, 1998-03-31 Celebrating the 150th birthday of the state of California offers the opportunity to reexamine the founding of modern California from the earliest days through the Gold Rush and up to 1870. In this four-volume series published in association with the California Historical Society, leading scholars offer a contemporary perspective on such issues as the evolution of a distinctive California culture, the interaction between people and the natural environment, the ways in which California's development affected the United States and the world, and the legacy of cultural and ethnic diversity in the state. California before the Gold Rush, the first California Sesquicentennial volume, combines topics of interest to scholars and general readers alike. The essays investigate traditional historical subjects and also explore such areas as environmental science, women's history, and Indian history. Authored by distinguished scholars in their respective fields, each essay contains excellent summary bibliographies of leading works on pertinent topics. This volume also features an extraordinary full-color photographic essay on the artistic record of the conquest of California by Europeans, as well as over seventy black and white photographs, some never before published. Mariano Guadalupe Vallejo Rose Marie Beebe, Robert M. Senkewicz, 2023-01-26 Mariano Guadalupe Vallejo, 1807-90, grew up in Spanish California, became a leading military and political figure in Mexican California, and participated in some of the founding events of U.S.

California In 1874 75 Vallejo working with historian and publisher Hubert Howe Bancroft composed a five volume history of Alta California a monumental work that would be the most complete eyewitness account of California before the gold rush But Bancroft shelved the work and it has lain in the archives until its recent publication as *Recuerdos Historical and Personal Remembrances Relating to Alta California 1769 1849* translated and edited by Rose Marie Beebe and Robert M Senkewicz In Mariano Guadalupe Vallejo *Life in Spanish Mexican and American California* Beebe and Senkewicz not only illuminate Vallejo's life and history but also examine the broader experience of the nineteenth century Californio community In eight essays the authors consider Spanish and Mexican rule in California mission secularization the rise of rancho culture and the conflicts between settlers and Indigenous Californians especially in the post mission era Vallejo was uniquely positioned to provide insight into early California's foundation and as a defender of culture and education among Mexican Californians he also offered a rare perspective on the cultural life of the Mexican American community In their final chapter Beebe and Senkewicz include a significant portion of the correspondence between Vallejo and his wife Francisca Benicia for what it reveals about the effects of the American conquest on family and gender roles A long overdue in depth look at one of the preeminent Mexican Americans in nineteenth century California Mariano Guadalupe Vallejo also provides an unprecedented view of the Mexican American experience during that transformative era **The Mexican Republic** Stanley C.

Green,2010-11-23 Green offers a colorful account of the first decade of Mexican independence from Spain He views the failed attempt to establish a strong republic and the subsequent civil war that plagued the young nation From this first decade two polarized factions emerged one federalist and populist the other attempted to keep much of the old order of authoritarianism and church power established under colonialism They were to be called the Liberals and the Conservatives who would vie for power over the next century *A Companion to California History* William Devereaux,David

Recovering lost voices and exploring issues intimate and institutional this sweeping examination of Spanish California illuminates Indian struggles against a confining colonial order and amidst harrowing depopulation To capture the enormous challenges Indians confronted Steven W Hackel integrates textual and quantitative sources and weaves together analyses of disease and depopulation marriage and sexuality crime and punishment and religious economic and political change As colonization reduced their numbers and remade California Indians congregated in missions where they forged communities under Franciscan oversight Yet missions proved disastrously unhealthful and coercive as Franciscans sought control over

Indians beliefs and instituted unfamiliar systems of labor and punishment Even so remnants of Indian groups still survived when Mexican officials ended Franciscan rule in the 1830s Many regained land and found strength in ancestral cultures that predated the Spaniards arrival At this study s heart are the dynamic interactions in and around Mission San Carlos Borromeo between Monterey region Indians the Children of Coyote and Spanish missionaries soldiers and settlers Hackel places these local developments in the context of the California mission system and draws comparisons between California and other areas of the Spanish Borderlands and colonial America Concentrating on the experiences of the Costanoan and Esselen peoples during the colonial period Children of Coyote concludes with an epilogue that carries the story of their survival to the present day The Fragmented Metropolis Robert M. Testimonios ,2015-08-10 When in the early 1870s historian Hubert Howe Bancroft sent interviewers out to gather oral histories from the pre statehood gentry of California he didn t count on one thing the women When the men weren t available

the interviewers collected the stories of the women of the household sometimes almost as an afterthought These interviews were eventually archived at the University of California though many were all but forgotten Testimonios presents thirteen women s firsthand accounts from the days when California was part of Spain and Mexico Having lived through the gold rush and seen their country change so drastically these women understood the need to tell the full story of the people and the places that were their California
