**The economic impact of Commonwealth immigration, by K. Jones and A.D. Smith** K. Jones,A. D. Smith, *Commonwealth Immigration: the Economic Effects* Kit Jones,Anthony Douglas Smith,Runnymede Trust,1970 **The Economic Impact of Commonwealth Immigration** K. Jones,A. D. Smith,1970 *Commonwealth Immigration* Commonwealth ...,1970 Migration and Economic Growth Brinley Thomas,1973-05-03 Emigration immigration economic aspects Great Britain USA Economic Development Implications of the Venezuelan Migrant Crisis Roger Hosein,Anthony Gonzales,Bhoendradatt Tewarie,Rebecca Gookool-Bosland,2022-10-14 This book analyzes the ways in which the Venezuelan immigrant community is making an impact on the social and economic dynamic of small economies This publication addresses some of the main economic development conversations on trade labor and fiscal implications of immigration This book attempts to collate and unpack some of the relevant theoretical frameworks which provide a basis for policymakers and other key decision makers In this regard the links between immigration and economic development is discussed with a focus on Trinidad and Tobago as a representative case within the Caribbean community **British Economic Growth 1856-1973** R. C. O. Matthews,C. H. Feinstein,J. Odling-Smee,1982-10-28 A historical account of the course and causes of British economic growth from the mid nineteenth century until 1973 with special emphasis on the unparalleled growth after the Second World War **An Economic and Social History of Western Europe since 1945** Anthony Sutcliffe,2014-09-19 This is the ideal companion text to A Political History of Western Europe Since 1945 It is an introductory survey which explains how western Europe built up its postwar prosperity and is moving towards continental integration Themes treated include the origins of the EC consumerism youth culture and protest immigration the oil crisis and its aftermath and the contrasting experience and expectations of the Nordic world and the Mediterranean south The book ends with the consequences of Soviet collapse Designed for general history students it assumes no formal knowledge of economics and is notably accessible and user friendly in its approach **The Making of the Black Working Class in Britain** Ron Ramdin,2017-08-22 A classic history of the role of Black working class struggles throughout the twentieth century In this pioneering history Ron Ramdin traces the roots of Britain s disadvantaged black working class From the development of a small black presence in the sixteenth century through the colonial labour institutions of slavery indentureship and trade unionism Ramdin expertly guides us through the stages of creation for a UK minority whose origins are often overlooked He examines the emergence of a black radical ideology underpinning twentieth century struggles against unemployment racial attacks and workplace inequality and delves into the murky realms of employer and trade union racism First published in 1987 this revised edition includes a new introduction reflecting on events over the past four decades **Migration and Urban Development** Brinley Thomas,2012-12-06 This book provides a fascinating insight into the development of the nineteenth century Atlantic economy and the nature of contemporary migration In particular the author argues that the

assumption that the United States economy was the unmoved mover in the fluctuations of the international economy between 1860 and 1913 is incorrect He presents evidence on regional housebuilding cycles in nineteenth century Britain and shows that the British cycle was inverse to the American and that both were primarily determined by demographic factors From the mid nineteenth century Professor Thomas concludes the countries of new settlement America Canada Argentina and Australia experienced long swings in urban development opposite in timing to those in Britain the principal suppliers of funds The result was a converse pattern of capital formation and export upsurges in Britain and her overseas borrowers This book was first published in 1972 *European Migration Centre for Economic Policy Research* (Great Britain),2005 Preliminary versions of many of these papers were presented at the CEPR conference European migration what do we know held in Munich on November 14 15th 1997 Acknowledgements **The Hispanic Population of the United States** Frank D.
