Cathedrals of Consumption Geoffrey Crossick, Serge Jaumain, 2019-01-04 Originally published in 1999 Cathedrals of
Consumption examines the history of the department store After many decades in which it was almost exclusively historians
of retailing and company biographers who were interested in the phenomenon the department store has now come to attract
the attention of historians of culture consumption gender urban life and much more Indeed the department store in its classic
era of expansive growth has often seemed better than anything else to embody the cultural and social modernity of its time
The articles in this book range widely in presenting the breadth of these new approaches to department store history An
introductory essay explores the questions that surround the department store from its appearance in the mid nineteenth
century through its golden age in the decades before the First World War to the challenges posed in the more competitive
world of inter war Europe A dozen contributors writing about Britain France Germany Belgium and Hungary then examine
themes as varied as the new public space which department stores provided for women the politics of consumption the
architecture of the new stores the training of the workforce the cult of shopping advertising strategies shoplifting employer
organisations and the geographical spread of the new stores while a comparison with eighteenth century London raises the
question of just how new the department store was Library of Congress Catalog Library of Congress, 1974-07 Beginning
