Ecumenical Jihad Ecumenism And The Culture War:

Ecumenical Jihad Peter Kreeft,1996 Juxtaposing ecumenism and jihad two words that many would consider strange and at odds with each other Peter Kreeft argues that we need to change our current categories and alignments We need to realize that we are at war and that the sides have changed radically many of our former enemies e g Muslims are now our friends and some of our former friends e g humanists are now our enemies Documenting the spiritual and moral decay that has taken hold of modern society Kreeft issues a wake up call to all God fearing Christian Jews and Muslims to unite together in a religious war against the common enemy of godless secular humanism materialism and immorality Aware of the deep theological differences of these monotheistic faiths Kreeft calls for a moratorium on our polemics against each other so that we can form an alliance to fight together to save western civilization He cites numerous examples of today s Protestants Jews Catholics and Muslims working together to solve moral and spiritual problems God is calling for this unity Kreeft says and if we respond God will do something wonderful Politically Incorrect Guide to Jihad William Kilpatrick, 2016-09-26 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

The Islamic Law of War A. Al-Dawoody, 2011-03-28 Al Dawoody examines the justifications and regulations for going to war in both international and domestic armed conflicts under Islamic law He studies the various kinds of use of force by both state and non state actors in order to determine the nature of the Islamic law of war The Gospel of Peace in a Violent **World** Shawn Graves, Marlena Graves, 2022-08-16 The gospel of Jesus Christ is the good news of peace Gathering contributions from theologians pastors and practitioners Shawn Graves and Marlena Graves cast a vision of Christian nonviolence in today s world not only responding to the realities of war but also offering a deeper understanding of peace a **The Big(ger) Picture** Marshall Wood, 2014-06-03 The Big ger Picture is a call for Christians everywhere holistic shalom to choose the Word of God as their only basis for Christian living Christian Mind in the Emerging World Peter Tze Ming Ng, Wing Tai Leung, Vaughan King Tong Mak, 2018-10-31 In response to challenges from the emerging world this book brings together essays that discuss and exemplify various related approaches to academic faith integration and explore how Christian faith should underpin scaffold and frame our understanding of academic disciplines leading to practical implications for work or action in modern society and culture Written by Christian scholars and practitioners from diverse backgrounds including the USA the UK Australia China Hong Kong South Korea and the Philippines the contributions here all contribute a global perspective while addressing some specific issue or case in the context of Asia They represent ingenious endeavors that illustrate the workings of a faith integrated approach in domains as wide as higher education business science psychology and counseling politics environment media social services leadership research and technology This volume will inform and inspire the reader into cross cultural and inter disciplinary studies particularly of religion education culture society and worldview Criteria of Discernment in Interreligious Dialogue Catherine Cornille, 2009-08-01

Zeidan, 2018-11-13 This book is a comparative study of basic themes in Christian and Islamic fundamentalist discourses analyzing and comparing texts from a wide variety of fundamentalist leaders and movements looking for family resemblances and significant differences in order to better understand the contemporary phenomenon of religious resurgence After placing fundamentalisms in a theoretical framework the study looks at selected themes important to fundamentalists noting resemblances and differences These themes include their anti secularist stance their theocentric worldviews their reliance on inerrant sacred scriptures and their attitudes to politics government state and democracy The study also looks at the fundamentalist view of the world as a perennial battlefield between the forces of good and those of evil in the realm of ideologies as well as politics and the legitimation of violence Sex, Mom, and God Frank Schaeffer, 2011-06 From bestselling author Frank Schaeffer a new laugh out loud take on his years growing up evangelical focusing on the unforgettable figure of his mother Finding Salvation in Christ Christopher D. Denny, Christopher McMahon, 2011-05-01 Finding Salvation in Christ brings together some of the most important figures in contemporary theology to honor the work of William Loewe systematic theologian and specialist in the theology of Bernard Lonergan SJ For over three decades Loewe s writings have sought to make classic christological and soteriological doctrines comprehensible to a Catholic Church that is working to integrate individual subjectivity communal living and historical consciousness in the wake of the Second Vatican Council Essays included in this volume assess Loewe's reinterpretation of patristic and medieval Christology from Irenaeus to Anselm of Canterbury and explain the significance of the theology of Lonergan and Loewe for the fields of soteriology economics family life and interreligious theology While some recent postliberal theologies have polarized the church s relationship with contemporary culture by minimizing similarities between Christianity and other worldviews the

contributors in this volume continue Lonergan's project of integrating the findings of various intellectual disciplines with Christian theology and use Loewe s historical and systematic work as a guide in that endeavor While Lonergan s transcendental Thomism has been criticized by both traditionalists and revisionists essays in this collection apply Loewe s theological methodology in a variety of ways to demonstrate that time honored doctrines about Christ can be transplanted into new cultural contexts and gain intelligibility and credibility in this process Having lived and labored through the far reaching changes in Catholic thought introduced in recent decades Loewe s career provides a model for theologians attempting to build bridges between the past and the present and between the church and the world **International Relations** K.R. Dark, 2000-01-26 Discussions of religion in international relations have often focused narrowly on religious fundamentalism and on the potentially negative consequences of religious differences. This book attempts to take a more balanced and much broader view of the subject bringing together new research based studies by specialists from international relations history and theology Case studies and thematic analyses examine both seldom discussed issues such as the political consequences of large scale religious change and review old themes in new ways **Problem of Evil** Jerry Root, 2010-08-27 C S Lewis was concerned about an aspect of the problem of evil he called subjectivism the tendency of one s perspective to move towards self referentialism and utilitarianism In C S Lewis and a Problem of Evil Jerry Root provides a holistic reading of Lewis by walking the reader through all of Lewis s published work as he argues Lewis s case against subjectivism Furthermore the book reveals that Lewis consistently employed fiction to make his case as virtually all of his villains are portrayed assubjectivists Lewis s warnings are prophetic this book is not merely an exposition of Lewis it is also a timely investigation into the problem of evil Religion Returns to the Public Square Hugh Heclo, Wilfred M. McClay, 2003-02-28 Despite talk of a naked public square religion has never really lost its place in American public life As the twenty first century opened it was re emerging in unexpected and paradoxical ways Religious institutions were considered for expanded roles in welfare and education at the same time that the limits of religious pluralism as for example in the relation of Islam to American values became a question of urgent public concern Religion Returns to the Public Square Faith and Policy in America explores how and why religion has to be mixed up with American politics Uncovering philosophical historical legal and social roots of this relationship these essays go beyond hot button issues to reflect on the current interactions and future possibilities of religion and politics in America The Future Church John L. Allen, Jr., 2012-01-24 One of the world's foremost religion journalists offers an unexpected and provocative look at where the Catholic Church is headed and what the changes will mean for all of us What will the Catholic Church be like in 100 years Will there be a woman pope Will dioceses throughout the United States and the rest of the world go bankrupt from years of scandal In THE FUTURE CHURCH John L Allen puts forth the ten trends he believes will transform the Church into the twenty second century From the influence of Catholics in Africa Asia and Latin America on doctrine and practices to the

impact of multinational organizations on local and ethical standards Allen delves into the impact of globalization on the Roman Catholic Church and argues that it must rethink fundamental issues policies and ways of doing business Allen shows that over the next century the Church will have to respond to changes within the institution itself and in the world as a whole whether it is contending with biotechnical advances including cloning and genetic enhancement the aging Catholic population or expanding the roles of the laity Like Thomas Friedman's The World Is Flat THE FUTURE CHURCH establishes a new framework for meeting the challenges of a changing world Religious Freedom in Islam Daniel Philpott, 2019-02-01 Since at least the attacks of September 11 2001 one of the most pressing political questions of the age has been whether Islam is hostile to religious freedom Daniel Philpott examines conditions on the ground in forty seven Muslim majority countries today and offers an honest clear eyed answer to this urgent question It is not however a simple answer From a satellite view the Muslim world looks unfree But Philpott shows the truth is much more complex Some one fourth of Muslim majority countries are in fact religiously free Of the other countries about forty percent are governed not by Islamists but by a hostile secularism imported from the West while the other sixty percent are Islamist The picture that emerges is both honest and hopeful Yes most Muslim majority countries are lacking in religious freedom But Philpott argues the Islamic tradition carries within it seeds of freedom and he offers guidance for how to cultivate those seeds in order to expand religious freedom in the Muslim world and the world at large It is an urgent project Religious freedom promotes goods like democracy and the advancement of women that are lacking in the Muslim majority world and reduces ills like civil war terrorism and violence Further religious freedom is simply a matter of justice not an exclusively Western value but rather a universal right rooted in human nature Its realization is critical to the aspirations of religious minorities and dissenters in Muslim countries to Muslims living in non Muslim countries or under secular dictatorships and to relations between the West and the Muslim world In this thoughtful book Philpott seeks to establish a constructive middle ground in a Naked and Not Ashamed Dan Scott, 2008 With careful biblical analysis and fiery and long lasting debate over Islam appropriate candor Pastor Scott highlights some of the fascinating links between sexuality and spiritual life Readers will discover how to integrate these two elements of their lives and allow them to powerfully enhance each other

Justification by Faith in Catholic-Protestant Dialogue Anthony N. S. Lane,2006-06-10 In this assessment of the recent Catholic Protestant dialogue concerning the doctrine of justification Anthony Lane begins by discussing traditional Protestant doctrine with close reference to Calvin and traditional Catholic doctrine with close reference to the Council of Trent He goes on to examine eight key documents from Hans Kung s Justification 1957 to the Joint Declaration on the Doctrine of Justification 1999 Fifteen key theological issues are then explored These include the status of theological language used by Catholics and Evangelicals the definition of justification the grounds on which a person is accounted righteous the question of sin remaining in the Christian whether faith alone can save the relationship between law and gospel

the question of merit and reward the assurance of salvation and finally a discussion on the Roman Magisterium and current Evangelical responses to recent changes in Catholic theology In conclusion Anthony Lane discusses the extent to which any agreement or convergence of thinking has been achieved and its future significance Not All Roads Lead to Heaven Dr. Robert Jeffress, 2016-02-09 Almost 60 percent of those in American evangelical churches believe that many religions can lead to eternal life But if Jesus is to be trusted when he says that no one comes to the Father except through him the church is failing in its mission And it s not hard to guess why An exclusive Jesus just isn t popular in our inclusive world Dr Robert Jeffress calls on Christians to recover the exclusive claims of the one they claim as Lord and Savior not as a way to keep people out of heaven but as the only way to invite them in He tackles questions like Can people be saved who have never heard of Christ What about those who worship God by another name Do children automatically go to Heaven when they die True compassion for non Christians doesn't lie in letting them go their way while we go ours but in sharing the only true way with them The Human Person J. Brian, 2019-03-25 In the 20th Century three social revolutions the industrial sexual and technological revolutions challenged the religious convictions of many John Paul II's teaching on the theology of the body was his response to the resulting societal shifts Fr Bransfield explores John Paul II s response to the challenges raised by these revolutions In this context Bransfield then explores how Theology of the Body leads us to live the fullness of the Christian life
