Econ Sg:

The Singapore Economy Hian Teck Hoon, 2021-09-26 Even after achieving the status of a developed economy many economies face other challenges which may include economic stagnation and income inequality The book looks at how a mature economy can continue to weather challenges and how the growth of living standards will depend on productivity growth through Singapore's experience After Singapore's rapid economic transformation the nation is at a crossroads The book explains how productivity growth in turn depends on technological diffusion from abroad as well as indigenous innovation It also examines how the design of policy to develop indigenous innovation to promote economic dynamism may come with creative destruction and disruptive effects on jobs and wages The Singapore Economy provides insight into how we can maintain social cohesion and establish a political equilibrium that embraces the new sources of growth through policy formulation for economic inclusion

Singapore, the Energy Economy Weng Hoong Ng, 2013-05-24 Singapore might not have survived the 1960s and prospered thereafter had it not built its economy on the foundations of oil refining trading and support for oil and gas exploration and production Cheap oil sound policies and strong government combined to produce the Singapore economic miracle in its first 50 years of self rule independence With the end of cheap oil how will Singapore fare and what is the relevance of its model of development for other countries Singapore's successful launch coincided with a golden period of cheap energy and a pro globalization and free trade environment These three elements are now under threat from rising energy prices and the global financial crisis which started in 2007 that will leave a lasting impact on the world's political and economic landscape If the Singapore model is reaching or has reached its peak what could take its place This book poses questions for not just for Singapore planners but also for anyone interested in modern economics and trade beyond the current era The book also looks into the numerous subsectors within Singapore's broad energy sector and examines the energy sector's links with the other pillars of its economy trade financial offshore marine operations manufacturing and transportation It considers possible threats and challenges Singapore's rising energy intensity its vulnerability to energy supply cut offs the likely impact of peak oil terrorism and environmental climate issues It also looks at China's growing investment and role in Singapore's oil and gas industry The book is a must read for an excellent insight into Singapore's energy economy filled with data information interviews and analyses previously not available to the public

The Singapore Economy Tilak Abeysinghe, Keen Meng Choy, 2007-03-12 Singapore's phenomenal transformation from Third World to First World status has been of great interest to economists around the world yet there has been little quantitative research done on its economy and institutions This innovative new research monograph fills the lacunae by presenting the Singapore economy through a macroeconometric model and laying the foundations for further research Using formal econometric analysis and novel modelling techniques Abeysinghe and Choy offer rare insights into how the Singapore economy works Each of the major chapters discusses the implications of the empirical findings for current policy and an

entire chapter has been devoted to macroeconomic policy simulations This book is a unique introduction to the Singapore economy and would be of interest to econometric modellers and policy makers in Singapore as well as advanced undergraduates and graduate researchers interested in modelling small open economies **Singapore's Policy Designs for Higher Education and Economic Development** J.J. Woo, 2024-12-26 This book provides an overview of Singapore's higher education system focusing in particular on its role in supporting and facilitating the city state's economic development policies It discusses the various components of Singapore's post secondary higher education system such as its public and private universities polytechnics institutes of technical education private educational institutions foreign universities government affiliated and private training institutions among others and explicates the linkages between higher education and economic development Aside from educational institutions this book also discusses the Skills Future scheme which provides deep skills training to working adults in collaboration with the Singapore's various higher education providers

Singapore: Trade, Investment And Economic Performance Ramkishan S Rajan, Shandre M Thangavelu, 2009-03-20 Singapore's rapid evolution from a modest trading post under colonial rule into a prosperous self confident nation is one of the notable success stories of the second half of the 20th century International trade and investment linkages have been the cornerstones of the city state's economic success more than 7 per cent per annum during the period 1970-2005 This book offers an overview of the Singapore economy with emphasis on its global trade and investment linkages and policies It analyzes patterns and policies of Singapore's trade and foreign direct investment FDI and discusses issues related to its services sector focusing on its multilateral and bilateral commitments The book will be a good reference source for business executives journalists and diplomats as well as students and academics specializing in Asian studies and economic development Economic growth and development in Singapore Peter Wilson, 2002 In this book Gavin Peebles and Peter Wilson offer an historical overview of the rapid growth and development of the Singapore economy detailing the institutions and policies which have made this growth possible They examine the current state of the economy and its future in terms of prospective growth and structural change *The Economic Growth of Singapore* W. G. Huff, 1997-08-13 This book provides a comprehensive overview of the economic development of Singapore easily the leading commercial and financial centre in Southeast Asia throughout the twentieth century This development has been based on a strategic location at the crossroads of Asia a free trade economy and a dynamic entrepreneurial tradition Initial twentieth century economic success was linked to a group of legendary Chinese entrepreneurs but by mid century independent Singapore looked to multinational enterprise to deliver economic growth Nonetheless exports of manufactures accounted for only part of Singaporean expansion and by the 1980s Singapore was a major international financial centre and leading world exporter of commercial services Throughout this study Dr Huff assesses the interaction of government policy and market forces and places the transformation of the Singaporean economy in the context of both development theory and experience elsewhere in East Asia

Explaining the Economic Success of Singapore Johnny Sung, 2006-01-01 serious useful and interesting volume It is readable original creative and well researched In analyzing Singapore s experience the author provides a superb case study Moreover in providing it by venturing beyond the narrow confines of his case study Sung also makes points that are pertinent to the efficacy of development processes generally including in newer lower income and or transitional economies this reviewer recommends the book enthusiastically and without reservation Robert L Curry Jr Journal of Asian Business

Singapore's Economic Development Linda Y. C. LIM, 2015-12-30 Singapore is known internationally for its successful economic development Key to its economic successes is a variety of policies put into place over the past 50 years since its independence Singapore s Economic Development Retrospection and Reflections provides a retrospective analysis of independent Singapore s economic development from the perspective of different policy domains each considered by different expert scholars in that particular field The book is written by academic economists in a style that is accessible to non experts Each chapter includes reviews of past scholarship current data on each policy area and reflections on required or desirable future policy changes and outcomes *Law and Economics* Aristides N. Hatzis, Nicholas Mercuro, 2015-02-11 The Law and Economics approach to law dominates the intellectual discussion of nearly every doctrinal area of law in the United States and its influence is growing steadily throughout Europe Asia and South America Numerous academics and practitioners are working in the field with a flow of uninterrupted scholarship that is unprecedented as is its influence on the law Academically every major law school in the United States has a Law and Economics program and the emergence of similar programs on other continents continues to accelerate Despite its phenomenal growth the area is also the target of an ongoing critique by lawyers philosophers psychologists social scientists even economists since the late 1970s While the critique did not seem to impede the development of the field it certainly has helped it to become more sophisticated inclusive and mature In this volume some of the leading scholars working in the field as well as a number of those critical of Law and Economics discuss the foundational issues from various perspectives philosophical moral epistemological methodological psychological political legal and social The philosophical and methodological assumptions of the economic analysis of law are criticized and defended alternatives are proposed old and new applications are discussed The book is ideal for a main or supplementary textbook in courses and seminars on legal theory philosophy of law jurisprudence and of course Law and Economics **Studies in the History of Public Economics** Gilbert Faccarello, Richard Sturn, 2014-06-17 Many important economic and political debates today refer to the nature and the role of the State should governments intervene in the economy and interfere with the operation of markets In which occasions and how In order to better understand these questions and the controversies they have raised this book re considers the debates crucial for the issues at stake the most important schools of thought and the central concepts in an historical perspective After a tribute to Sir Alan Peacock and the first publication of two hitherto unpublished papers written in the 1950s the chapters focus on important developments that

occurred in Europe during the 19th and early 20th centuries The final part includes contributions on public economics after World War II focusing on concepts such as merit goods externalities and the Coase theorem This book was originally published as a special issue of The European Journal of the History of Economic Thought The Singapore Economy Reconsidered Lawrence B. Krause, Ai Tee Koh, Yuan Lee Tsao, 1990-01-01 This study re-examines some of the issues challenges and policy options facing the Singapore economy in the light of the 1985-86 recession Particular attention is paid towards reappraising the role of the government as an entrepreneur in economic activity in macro-economic management in savings and investment and in the labour market This is done in the context of and alongside an assessment of Singapore's linkages with the global economy and its future comparative advantage in a dynamic international environment

Agriculture Handbook, 1962 Set includes revised editions of some issues The Yearbook of the Universities of the Empire, 1929 *The Yearbook of the Universities of the Commonwealth*, 1929 Crisis Management And Public Policy: Singapore's Approach To Economic Resilience Hui Ying Sng, Wai Mun Chia, 2011-06-10 This book is an annual effort by the economists from the Nanyang Technological University to provide analysis interpretations and insights on contemporary economic issues affecting Singapore In 2010 Singapore's economy was just recovering from the sharp economic downturn in 2008-09 caused by the Global Financial Crisis The global economic outlook in the short and medium term remained uncertain and the risk of another economic or financial crisis remains high Thus one of the key themes of this book is to study economic crises and financial crises and the policy measures that are available to manage them Looking ahead in order to ensure long term growth and prosperity for Singapore's economy microeconomic policy adjustments and fine tuning is still needed to build a competitive and resilient nation Therefore the second key theme of the book is to review several public policies in Singapore such as competition healthcare training free trade agreements state capitalism and inequality *Asianism and the Politics of Regional Consciousness in Singapore* Leong Yew, 2013-11-20 Over the last two decades Singapore has undergone a substantial degree of Asianization Apart from participating in the Asian values debate of the 1990s re-visioning itself as New Asia and a global Asian hub and establishing Asian identities for the commodities it consumes and produces Singapore has also repurposed its modernity cultures and ethos along similar regionalist precepts However even in recent times Singapore continues to vacillate ambivalently between identifying with and differentiating itself from Asia Responding to the challenges Singapore faces in coming to terms with its Asian identity this book examines the complex cultural social and political underpinnings that have shaped Singapore's mainstream discourse on Asia Indeed it argues that its legacy as a colonial port city the exigencies of managing the post-independence nation state and the larger forces of imperialism and capitalism all contribute to its politics of Asianism Taking a thoroughly interdisciplinary approach that spans history cultural studies postcolonialism and cultural geography Leong Yew reveals how Asia has been used to narrate Singapore's beginnings revalidate Singaporean ethnic culture and to consolidate its practices of consumption and commodification This book will be

welcomed by students and scholars working across a range of fields including Asian culture and society Asian politics cultural theory and postcolonial studies *The Political Economy of Social Control in Singapore* C. Tremewan, 2016-07-27

The thesis presented here will not only change the way in which we understand contemporary Singaporean society and the relationship between the state and its citizens but will also provoke a debate about the social costs of economic development in other parts of the world and the future security of the island republic increasingly a Chinese enclave in a Malay sea in the twenty first century Peter Carey Trinity College Oxford This study examines the development of Singapore s complex system of social regulation in relation to the phases of its economic strategy and political transition It focuses on the way social control works through public housing and welfare education parliamentary politics and the law It draws out the implications of such comprehensive control for political conflict Popular explanations for Singapore s success and its status as a model for other developing countries are brought into question **Japan and Singapore in the World Economy** Hitoshi Hirakawa, Hiroshi Shimizu, 1999-06-24 Using a variety of published and unpublished material this work examines Japan s economic activities in Singapore analysing the role of Japanese prostitutes Kobe s overseas Chinese and the Lee Kwan Yew regime s policy towards Japan Commonwealth Universities Yearbook , 1922
