**South Africa and the Logic of Regional Cooperation** James J. Hentz,2005-07-19 In South Africa and the Logic of Regional Cooperation James J Hentz addresses changes in South Africa s strategies for regional cooperation and economic development since its transition from apartheid to democracy Hentz focuses on why the new South African government continues to make regional cooperation a priority and what methods this dominant state uses to pursue its neighborly goals While providing a synthetic overview of the history of regional cooperation in southern Africa Hentz considers the logic of cooperation more generally An extensive discussion of South African politics provides the context for Hentz s exploration of the more widely felt effects of domestic change Readers interested in the international organization of the politics and economy of southern Africa will find thought provoking material in this important book      **Trade and the Developing World in the 21st Century** Beverly Carl,2021-10-01 The developing World contains 80 percent of the globe s population but accounts for less than 25 percent of its trade The tariffs imposed by rich nations on manufactured products from developing countries are four times higher than the duties on goods from other industrialized nations This book examines the trade problems the developing nations face in the new Millennium Professor Carl s detailed analysis of the

effects of WTO rules as well as rules of no less than 37 other regional trade agreements on the economic infrastructures of developing nations is as telling and incisive as it is eloquent and insightful. It covers a wide spectrum of essential trade issues including tariffs, quotas, subsidies, dumping, rules of origin, standards, safeguards, textiles, agriculture, and information technology. Professor Carl clearly shows why in all of these areas developing nations fail to benefit from multilateral trade agreements as currently constituted. This volume is an invaluable key to understanding the deepest and most serious flaws in the New World Order and an essential resource for practitioners, policymakers, business people, and scholars committed to an international trade regime that is truly free. Published under the Transnational Publishers imprint      **International Organizations and the Law of the Sea 2000** Barbara Kwiatkowska, Harm Dotinga, Erik J. Molenaar, Alex G. Oude Elferink, Alfred H.A. Soons, 2021-10-25. Now in its 16th year, the NILOS Documentary Yearbook provides the reader with an excellent collection of documents related to ocean affairs and the law of the sea issued each year by organizations, organs, and bodies of the United Nations system. Documents of the UN General Assembly, Meeting of States Parties to the UN Law of the Sea Convention, CLCS, ISBA, ITLOS, Follow Up to the UN Small Island States Conference, ECOSOC, UNEP, and UNCTAD are included first, followed by the documents of FAO, IAEA, ILO, IMO, and UNESCO. IOC, as in the previous volumes, documents which were issued in the course of 2000 are reproduced while other relevant documents are listed. The NILOS Documentary Yearbook has proved to be of invaluable assistance in facilitating access by the international community of scholars and practitioners in ocean affairs and the law of the sea to essential documentation. The entry of the 1992 UN Law of the Sea Convention into force on 16 November 1994 and of the Part XI Agreement on 28 July 1996, as well as of the UN Fish Stocks Agreement on 11 December 2001, coupled with the review of the UNCED Agenda 21 at the 2002 Johannesburg World Summit, make continuation of this assistance of particular significance in the years to come. The members of the Yearbook's Advisory Board are Judges Abdul Koroma and Shigeru Oda of the ICJ, UNDOALOS Director Mrs Annick de Marffy, Judges Thomas Mensah, Dolliver Nelson, and Tullio Treves of the ITLOS, as well as Rosalie Balkin, Edward Brown, Lee Kimball, Bernard Oxman, and Shabtai Rosenne.      *Africa's Challenge to International Relations Theory* K. Dunn, T. Shaw, 2001-02-20. Africa has been noticeably absent in international relations theory. This new collection of essays by contemporary Africanists convincingly demonstrates the importance of the continent to every theoretical approach in international relations. This collection breaks new ground in how we think about both international relations and Africa, re-examining such foundational concepts as sovereignty, the state, and power, critically investigating the salience of realism, neo-liberalism, liberalism in Africa, and providing new thinking about regionalism, security, and identity.      Multinational Enterprises and the Law Peter Muchlinski, 2021-02-18. Multinational Enterprises and the Law is the only comprehensive contemporary and interdisciplinary account of the techniques used to regulate multinational enterprises (MNEs) at the national, regional, and multilateral levels. In addition, it considers the effects of corporate self-regulation and the impact of civil society and community groups upon the

development of the legal order in this area The book has been thoroughly revised and updated for this third edition making it a definitive reference work for students researchers and practitioners of international economic law business corporate and commercial law development studies and international politics Split into four parts the book first deals with the conceptual basis for MNE regulation It explains the growth of MNEs their business and legal forms and the relationship between them and the effects of a globalized economy and society now increasingly challenged by recently revived nationalist economic policies upon the evolution of regulatory agendas in the field In addition the limits of national and regional jurisdiction over MNE activities are considered a question that arises throughout the specialized areas of regulation covered in the remainder of the book Part II covers the main areas of economic regulation including controls over and the liberalization of entry and establishment tax company and competition law and the impact of intellectual property rights on technology diffusion and transfer A specialized chapter on the regulation of multinational banks in the wake of the global financial crisis is new to this edition Part III introduces the social dimension of MNE regulation covering labour rights human rights and environmental issues Finally Part IV deals with the contribution of international investment law to MNE regulation and to the control of investment risks covering the main provisions found in international investment agreements their interpretation by international tribunals the process of investor state arbitration and how concerns over these developments are leading to reform proposals

Bryan Mercurio, Simon Nicholas Lester, Lorand Bartels, 2009 **Tariff Preferences in Mediterranean Diplomacy** Alfred Tovias, 1977-06-17 *EU Values in Investment Law And Policy* Maria Laura Marceddu, 2025-06-25 Is it possible that the EU premises of democracy and rule of law transform the global landscape of international investments For realists this is a calculated political move an opportunity for the EU to shape the world according to the rules established in Brussels To the most skeptical the ambition to export these values might seem too grandiose if not far fetched especially considering that the system somewhat displays these features already Yet the more idealistic like the author of this book would find it fascinating especially given the undeniable visionary component that has permeated the EU story since its beginning EU Values in

Investment Law And Policy intends to carry this fire and continues to tell precisely that story of vision ambition and influence Inspired by premises that have aspired to become promises of democracy and rule of law the book critically examines how and how far these EU values extended their reach into international investment law and policy While the book is not an ode to the EU there is plenty that is admirable in the EU transmission efforts and is likely to leave an imprint on the investment regime s dynamics It is these efforts that this book unravels to explain how the international investment system deficits are turned into an opportunity for normative change The book seeks to establish a solid analytical foundation to unpack the EU s evolving aspirations as a global leader in reimagining traditional investment rules Through a careful critique of EU initiatives it sheds light on the fine line between innovation and dogmatism showing where the EU has genuinely re shaped and advanced international norms and where its bold rhetoric meets its limits For scholars practitioners and those intrigued by the intersection of law policy and global governance EU Values in Investment Law and Policy offers a captivating exploration of how a visionary Europe continues to inspire change in international investment setting the stage for a fairer and more value driven global system
