Economic Interest Militarism And Foreign Policy:

Economic Interest, Militarism, and Foreign Policy Eckart Kehr, 2021 **Economic Interest, Militarism, and Foreign Policy** Eckart Kehr, 1977 *Foreign Policy, Domestic Politics and International Relations* Elisabetta Brighi, 2013-10-01 This book offers a re examination of foreign policy in its relation with domestic politics and international relations IR Bringing together a vast body of literature from IR foreign policy analysis comparative politics and public policy this book systematically reconceptualises foreign policy as a dialectic produced by the interplay of context strategy and discourse It argues that foreign policy defies easy understandings and necessitates a complex framework of analysis introducing the Strategic Relational Model as conceptualised in critical realism for the first time to the field of foreign policy analysis Combining a comprehensive investigation of the last century of Italian foreign policy with an exploration of a key theoretical issue within the field of foreign policy analysis and IR this book analyses key episodes within Italian foreign policy including Italy's Cold War alliance politics colonial interventions fascist foreign policy and Italy's participation in the wars of Kosovo Iraq and Afghanistan It provides a comprehensive and up to date account of the long term historical trajectory of Italian foreign policy from the Liberal age to the Second Republic including all four governments of Silvio Berlusconi Foreign Policy Domestic Politics and International Relations will be of interest to students and scholars of International Relations Foreign Policy Analysis and Italian politics **Law and Competition in Twentieth Century Europe** David J. Gerber, 1998 Protecting economic competition has become a major objective of European governments David Gerber explains the framework of competition law and emphasises the political and economic issues it raises *Foreign Policy in the Twenty-First Century* Christopher Hill, 2015-11-02 In the years since 9 11 followed by the wars in Iraq and Afghanistan public attention the world over has been on foreign policy From the United States to Yemen from China to Venezuela the quality of the decisions taken by politicians and diplomats has been under the closest scrutiny What is more with the increased personal mobility created by globalization many individuals and groups now focus as much on international events as on affairs within their own state Diasporas company managers humanitarian volunteers and other non state actors are aware of the necessity for effective diplomacy to secure the outcomes they hope for This revised and retitled new edition of the author's acclaimed *The Changing Politics of Foreign Policy* provides the concepts and analysis needed to make sense of contemporary developments in this key site of political action It provides a clear and engaging synthesis of what foreign policy means in the twenty first century and shows how it can vary according to regime level of development and geopolitical position Stressing the interplay between context and shared dilemmas it examines how actors including the many non and sub state entities which have developed international strategies engage and attempt to manage their differences within a network of complex multilateral relationships Written by a leading scholar of international renown this new edition has been updated throughout with particular attention given to contemporary issues such as soft power transnational security

challenges and the role of regional actors such as the European Union New to this Edition Substantially revised and updated new edition of an extremely influential acclaimed and widely used foreign policy text Updated coverage of events and theory

The Political Economy of Grand Strategy Kevin Narizny, 2007 A nation's grand strategy rarely serves the best interests of all its citizens Instead every strategic choice benefits some domestic groups at the expense of others When groups with different interests separate into opposing coalitions societal debates over foreign policy become polarized along party lines Parties then select leaders who share the priorities of their principal electoral and financial backers As a result the overarching goals and guiding principles of grand strategy as formulated at the highest levels of government derive from domestic coalitional interests In The Political Economy of Grand Strategy Kevin Narizny develops these insights into a comprehensive theoretical framework for understanding the dynamics of security policy The focus of this analysis is the puzzle of partisanship The conventional view of grand strategy in which state leaders act as neutral arbiters of the national interest cannot explain why political turnover in the executive office often leads to dramatic shifts in state behavior Narizny in contrast shows how domestic politics structured foreign policymaking in the United States and Great Britain from 1865 to 1941 In so doing he sheds light on long standing debates over the revival of British imperialism the rise of American expansionism the creation of the League of Nations American isolationism in the interwar period British appeasement in the 1930s and both countries decisions to enter World War I and World War II

The Bismarck Myth Robert

Gerwarth, 2005-07-14 Few statesmen in history have inspired the imagination of generations of Germans more than the founder of the Kaiserreich Otto von Bismarck The archetype of charismatic leadership the Iron Chancellor maintained his pre eminent position in the pantheon of Germany's political iconography for much of the twentieth century Based on a large selection of primary sources this book provides an insightful analysis of the Bismarck myth's profound impact on Germany's political culture In particular it investigates the ways in which that myth was used to undermine parliamentary democracy in Germany after the Great War paving the way for its replacement by authoritarian rule under an allegedly Bismarckian charismatic leader Adolf Hitler As one of the most powerful weapons of nationalist agitation against the Weimar Republic the Bismarck myth was never contested The nationalists ideologically charged interpretation of Bismarck as the father of the German nation state and model for future political decision making clashed with rivaling and thoroughly critical democratic and communist perceptions of the Iron Chancellor The quarrel over Bismarck's legacy demonstrates how the clash of ideologies particularly between 1918 and 1933 resulted in a highly political fight for the correct and universal interpretation of the German past Essential reading for anyone interested in modern German history this book sheds new light on the Weimar Republic's struggle for survival and the reasons for its failure

The Origins of Major War Dale C.

Copeland, 2013-02-15 One of the most important questions of human existence is what drives nations to war especially massive system threatening war Much military history focuses on the who when and where of war In this riveting book Dale

Copeland brings attention to bear on why governments make decisions that lead to sustain and intensify conflicts. Copeland presents detailed historical narratives of several twentieth century cases including World War I, World War II and the Cold War. He highlights instigating factors that transcend individual personalities, styles of government, geography and historical context to reveal remarkable consistency across several major wars usually considered dissimilar. The result is a series of challenges to established interpretive positions and provocative new readings of the causes of conflict. Classical realists and neorealists claim that dominant powers initiate war. Hegemonic stability realists believe that wars are most often started by rising states. Copeland offers an approach stronger in explanatory power and predictive capacity than these three brands of realism. He examines not only the power resources but the shifting power differentials of states. He specifies more precisely the conditions under which state decline leads to conflict, drawing empirical support from the critical cases of the twentieth century as well as major wars spanning from ancient Greece to the Napoleonic Wars.

Shaping Strategy Risa Brooks, 2018-06-05. Good strategic assessment does not guarantee success in international relations but bad strategic assessment dramatically increases the risk of disastrous failure. The most glaring example of this reality is playing out in Iraq today. But what explains why states and their leaders are sometimes so good at strategic assessment and why they are sometimes so bad at it? Part of the explanation has to do with a state's civil-military relations. In *Shaping Strategy*, Risa Brooks develops a novel theory of how states' civil-military relations affect strategic assessment during international conflicts. And her conclusions have broad practical importance: to anticipate when states are prone to strategic failure abroad, we must look at how civil-military relations affect the analysis of those strategies at home. Drawing insights from both international relations and comparative politics, *Shaping Strategy* shows that good strategic assessment depends on civil-military relations that encourage an easy exchange of information and a rigorous analysis of a state's own relative capabilities and strategic environment. Among the diverse case studies, the book illuminates Brooks' explanation why strategic assessment in Egypt was so poor under Gamal Abdel Nasser prior to the 1967 Arab-Israeli war and why it improved under Anwar Sadat. The book also offers a new perspective on the devastating failure of U.S. planning for the second Iraq war. Brooks argues that this failure far from being unique is an example of an assessment pathology to which states commonly succumb.

Power Shifts, Strategy and War Dong Sun Lee, 2007-11-21. Marked changes in the balance of power between states in the international system are generally seen by IR scholars as among the most common causes of war. This book explains why such power shifts lead to war breaking out in some cases but not in others. In contrast to existing approaches, this book argues that the military strategy of declining states is the key determinant of whether power shifts result in war or pass peacefully. More specifically, Dong Sun Lee argues that the probability of war is primarily a function of whether a declining state possesses a manoeuvre strategy or an attrition strategy. The argument is developed through the investigation of fourteen power shifts among great powers over the past two centuries. Shifts in the balance of power and the attendant risks of war remain an enduring feature of

international politics This book argues that policymakers need to understand the factors influencing the risk of war as a result of these changes in particular the contemporary shifts in power resulting from the rise of China and from the growth of nuclear proliferation

Escaping the Deadly Embrace Andrea Bartoletti, 2022-11-15 Encirclement Andrea Bartoletti argues is an essential strategic possibility of the international system and a key trigger of major war Using historical case studies *Escaping the Deadly Embrace* examines how great powers try to escape the two front war problem and seek to preserve their security Encirclement is a geographic variable that occurs in the presence of one or two great powers on two different borders of the surrounded great power The surrounding great powers may not have the capacity to initiate a joint invasion Yet their threatening presence triggers a double security dilemma for the encircled great power which has to disperse its army to secure its borders When the surrounding great powers become capable of launching a two front attack the encircled great power initiates war This situation disastrous in itself can also lead to war contagion when other great powers intervene in the new conflict owing to the rival based network of alliances Combining archival work and historiographical analysis *Escaping the Deadly Embrace* demonstrates the efficacy of this by assessing three major wars the Italian Wars the Thirty Years War and World War I These findings Bartoletti shows have important implications for future major wars Challenging the current focus on the US China rivalry he argues that the most concerning strategic scenario is the encirclement of China by India and Russia

The Domestic Bases of Grand Strategy Richard Rosecrance, Arthur A. Stein, 2023-08-15 This book explores the idea of grand strategy and offers a full blown critique both theoretical and empirical of the gaps and inconsistencies that weaken modern realist theory Grand strategy the authors maintain is determined as much by domestic politics as by international pressures

The Pattern of Imperialism Tony Smith, 1981-10-30 The principal ambition of this book is to provide an avowedly eclectic although largely political explanation of American and British imperialism as comprehensive and ultimately as unified as that offered by Marxist interpretations Geopolitical considerations are assumed to be basic but not exclusive concerns of foreign policy elites in Britain and the United States and the ability of people in Latin America Africa and Asia to coordinate their activities that is to act politically is assumed to be the central but not sole feature determining the character of their response to Western imperialism The book provides profiles of various southern political regimes and categorises their different reactions to the impact of imperialism in the nineteenth century and to the impetus for decolonisation after 1945 The author concludes by considering the dilemma of American policy toward the Third World in the early 1980s when traditional modes of conduct can no longer prescribe a clear plan of action

Myths of Empire Jack Snyder, 2013-05-15 Overextension is the common pitfall of empires Why does it occur What are the forces that cause the great powers of the industrial era to pursue aggressive foreign policies Jack Snyder identifies recurrent myths of empire describes the varieties of overextension to which they lead and criticizes the traditional explanations offered by historians and political scientists He tests three competing theories realism misperception and domestic coalition politics

against five detailed case studies early twentieth century Germany Japan in the interwar period Great Britain in the Victorian era the Soviet Union after World War II and the United States during the Cold War The resulting insights run counter to much that has been written about these apparently familiar instances of empire building *The Strategic Options of Middle Powers in the Asia-Pacific* Chien-Wen Kou, Chiung-Chiu Huang, Brian Job, 2022-06-23 This book analyses the responses of middle powers in the Asia Pacific toward the contemporary great powers rivalry of the United States and China through specific cases studies of South Korea Australia Japan India Taiwan and Vietnam Presenting local perspectives from multiple middle powers as they face the task of maintaining the international order in light of the recent competition between China and the United States it further develops theories of foreign policy analyses forming a systematic framework through initiating crucial concepts including reluctant hedging economic statecraft and strategic position taking The contributions also provide an in depth examination of the contemporary geo politics of the region including the impact of both the Trump and Biden administrations Beijing s Wolf Warrior diplomacy cross strait relations with Taiwan and the influences of Japan Vietnam Australia and South Korea revealing that regional middle powers do indeed exert influence on the direction of regional cooperation in the Asia Pacific Providing comprehensive studies of many regional powers in the Asia Pacific this will be a valuable resource for scholars and students of International Politics Asian Politics Asian Studies as well as policy makers on Asia Pacific relations **Theories of War and Peace** Michael E. Brown, Owen R. Cote, Jr., Sean M. Lynn-Jones, Steven E. Miller, 1998-09-15 New approaches to understanding war and peace in the changing international system What causes war How can wars be prevented Scholars and policymakers have sought the answers to these questions for centuries Although wars continue to occur recent scholarship has made progress toward developing more sophisticated and perhaps more useful theories on the causes and prevention of war This volume includes essays by leading scholars on contemporary approaches to understanding war and peace The essays include expositions analyses and critiques of some of the more prominent and enduring explanations of war Several authors discuss realist theories of war which focus on the distribution of power and the potential for offensive war Others examine the prominent hypothesis that the spread of democracy will usher in an era of peace In light of the apparent increase in nationalism and ethnic conflict several authors present hypotheses on how nationalism causes war and how such wars can be controlled Contributors also engage in a vigorous debate on whether international institutions can promote peace In a section on war and peace in the changing international system several authors consider whether rising levels of international economic independence and environmental scarcity will influence the likelihood of war Hegemonic War and Grand Strategy Aaron M. Zack, 2016-11-23 Ludwig Dehio advances a theory of the historical dynamic of the modern European state system 1494 1945 and its hegemonic wars After explaining Dehio s thoughts about why none of the European Powers were successful in their attempts to conquer the Continent the text analyzes bids for hegemony in the historical Hellenic Hellenistic Roman Renaissance Italian modern European and western

hemispheric state systems The purpose of these analyses is to demonstrate how Dehio's thought illuminates the dynamics of hegemonic conflicts Additionally in these chapters we note how prior hegemonic struggles illuminate some of the dilemmas of contemporary American grand strategy The manuscript then considers how Dehio's thoughts on hegemony enrich our understanding of contemporary challenges such as the struggles for power in the Middle East and East Asia the rise of China and its Western Hemispheric ambitions and American grand strategic options The text concludes by arguing that Dehio's thought suggests that particular grand strategies will partially determine the global system's movement towards destructive bids for hegemony or a viable plural order

Handbook of International Relations Walter Carlsnaes, Thomas Risse-Kappen, Thomas Risse, Beth A Simmons, 2002-03-13 NEW IN PAPERBACK FEBRUARY 2005 The most systematic and wide ranging survey of the multi faceted field of International Relations yet produced It is sure to become a standard reference work and teaching text and is unlikely to be superseded at any time in the near future It should be considered as essential reading International Affairs The Handbook of International Relations published 2002 in hardback quickly established itself as the benchmark volume providing a state of the art review and indispensable guide to the study of international relations It is now released in paperback in order to be accessible to students in classroom use Divided into three parts the volume reviews both the historical philosophical analytical and normative roots to the discipline and the key contemporary topics of research and debate today The first part introduces the major approaches within the field and unpacks many of the on going debates within the discipline including those between rationalist and constructivist approaches The second part moves on to explore the key concepts and contextual factors important to the subject from concepts like the state and power to international and transnational actors debates around globalization and contending feminist perspectives The final part reviews a number of the key substantive issues in international relations and is designed to complement the analytical tools and perspectives presented in Parts I and II Examples of the many topics included are foreign policy war and peace security nationalism and ethnicity finance trade development the environment and human rights

Perils of Anarchy Michael E. Brown, Sean M. Lynn-Jones, Steven E. Miller, 1995-03-27 Current debates about the nature of international politics have centered on the clash between supporters and critics of realism The Perils of Anarchy brings together a number of recent essays written in the realist tradition It includes realist interpretations of the collapse of the Cold War order and of the emerging order that has replaced it the sources of alignment and aggression and the causes of peace A final section provides a counterpoint by raising criticisms of and alternatives to the realist approach Contributors Charles L Glaser Christopher Layne Peter Liberman Lisa L Martin John J Mearsheimer Paul Schroeder Randall Schweller Stephen M Walt Kenneth N Waltz William C Wohlforth Fareed Zakaria An International Security Reader

The Challenge of Hegemony Steven E. Lobell, 2009-12-14 Examines the influence of the international environment on the domestic politics of great powers and the resulting effect on foreign policy

Economic Interest Militarism And Foreign Policy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Economic Interest Militarism And Foreign Policy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economic Interest Militarism And Foreign Policy has opened up a world of possibilities. Downloading Economic Interest Militarism And Foreign Policy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economic Interest Militarism And Foreign Policy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economic Interest Militarism And Foreign Policy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economic Interest Militarism And Foreign Policy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Economic Interest Militarism And Foreign Policy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Economic Interest Militarism And Foreign Policy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers.

worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Economic Interest Militarism And Foreign Policy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Economic Interest Militarism And Foreign Policy is one of the best book in our library for free trial. We provide copy of Economic Interest Militarism And Foreign Policy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Economic Interest Militarism And Foreign Policy. Where to download Economic Interest Militarism And Foreign Policy online for free? Are you looking for Economic Interest Militarism And Foreign Policy PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Economic Interest Militarism And Foreign Policy. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Economic Interest Militarism And Foreign Policy are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Economic Interest Militarism And Foreign Policy. So depending on

what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Economic Interest Militarism And Foreign Policy To get started finding Economic Interest Militarism And Foreign Policy, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Economic Interest Militarism And Foreign Policy So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Economic Interest Militarism And Foreign Policy. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Economic Interest Militarism And Foreign Policy, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Economic Interest Militarism And Foreign Policy is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one.
