The New Palgrave Dictionary of Economics and the Law Peter Newman, 2016-04-30 A great deal of economics is about law the functioning of markets property rights and their enforcement financial obligations and so forth yet these legal aspects are almost never addressed in the academic study of economics Conversely the study and practice of law entails a significant understanding of economics yet the drafting and administration of laws often ignore economic principle The New Palgrave Dictionary of Economics and the Law is uniquely placed by the quality breadth and depth of its coverage to address this need for building bridges Drawn from the ranks of academics professional lawyers and economists in eight countries the 340 contributors include world experts in their fields Among them are Nobel laureates in economics and eminent legal scholars First published in 1998 and now available in paperback for the first time The New Palgrave Dictionary of Economics and the Law has established itself as a classic reference work in this important field

Russia's Capitalist Revolution Anders Åslund, 2007 Building Business in Post-Communist Russia, Eastern Europe, and Eurasia Dinissa Duvanova, 2013-02-18 Prior to 1989 the communist countries of Eastern Europe and the USSR lacked genuine employer and industry associations After the collapse of communism industry associations mushroomed throughout the region Duvanova argues that abusive regulatory regimes discourage the formation of business associations and poor regulatory enforcement tends to encourage associational membership growth Academic research often treats special interest groups as vehicles of protectionism and non productive collusion This book challenges this perspective with evidence of market friendly activities by industry associations and their benign influence on patterns of public governance Careful analysis of cross national quantitative data spanning more than 25 countries and qualitative examination of business associations in Russia Ukraine Kazakhstan and Croatia shows that postcommunist business associations function as substitutes for state and private mechanisms of economic governance These arguments and empirical findings put the long standing issues of economic regulations public goods and collective action in a new theoretical perspective

Perspectives on EU-Russia Relations Debra Johnson, Paul F. Robinson, Paul Robinson, 2005 This book explains how the internal dynamics of transition have influenced the relationship between Russia and the EU Taking an holistic approach the authors present a balanced analysis exploring EU Russian and US perspectives on the Russian EU relationship and examine a range of political economic business and security issues including the Northern dimension of Russian EU relations the Chechen situation Russian domestic economic policy trade the business environment energy and EU technical assistance They also address such questions as Will bilateral relations be achieved with a Western or Russian model Who is the main driver of Russian EU
