Erotic Art Eugene C. Burt, 1989      *Love and Limerence* Dorothy Tennov, 1998-12-29 Excellent Of universal interest It deals with the subject in an entirely new way Simone de Beauvoir Originally released twenty years ago Love and Limerence has become a classic in the psychology of emotion As relevant today as it was then this book offers insight into love infatuation madness and all flavors of emotion in between      *How to Make Love All Night (And Drive a Woman Wild)* Lance Candella, 2015-12-27 Daniel and Allison have been making love on a rainy Sunday morning and they are both totally turned on It started in the shower with a slow massage and moved to the bedroom where they have been having intercourse for the past ten minutes Daniel knows that Allison needs at least another five minutes of intercourse before she can climax Here s the problem Daniel doesn t think he has five minutes left in him If Daniel continues having intercourse the way he has for the past ten minutes it may be only a matter of seconds before he has an orgasm He thinks about slowing down or stopping but to break the rhythm now would only make it more difficult for Allison to climax He knows that Allison is at that stage where any kind of change in his movement would only frustrate her Besides if he tried to stop or to change the rhythm Daniel could lose strength in his erection which would complicate matters even further This dilemma is making the whole experience a lot less pleasurable for Daniel The first few minutes of sex were pure excitement but now he is worried and conflicted It is hard to enjoy sex when you re fighting your own body Truth is you really can t enjoy sex when you re fighting your own body And neither can your partner What Daniel does not yet know is that he has another option male multiple orgasm The multi orgasmic man has staying power He doesn t have to hold back He doesn t have to fight his own body and deny himself his own pleasure He can enjoy all of the erotic sensations of intercourse have a full orgasm and keep going If he wishes he can have a second orgasm and keep going He can last as long as his partner wishes experience all of the excitement and release and keep going For the multi orgasmic man the sky is truly the limit Daniel is not the only man who has this exciting option Today techniques have been perfected to make male multiple orgasm an option for almost every man Age doesn t matter Previous experience doesn t matter Young or old virgin or veteran all you need is the desire your penis and a few minutes a day So don t stop now Turn the page and cross the threshold into a whole new sense of your own sexuality and a whole new relationship for you and your partner Enjoy your ebook Sex how to make love all night      Fantasies of Femininity Jane M. Ussher, 1997 In *Fantasies of Femininity* Jane Ussher focuses on unraveling the contradictory visions of feminine sexuality the fact that representations of the definition of woman seethe with sexuality yet for centuries women have been condemned for exploring their own sexual desires In her quest for the sources of feminine representation Ussher interviewed dozens of women as well as some men and combed popular media from *Seventeen* to *Cosmopolitan* and *Dallas* to *Donahue* to identify what shapes women s symbolic images of sex and femininity Ussher argues that women have effectively resisted and subverted these archetypal fantasies of femininity and in the process of so doing reframed the very boundaries of sex In this

*The Therapeutic Process, the Self, and Female Psychology* Helene Deutsch, 2019-01-22 Helene Deutsch was one of the most famous psychoanalysts to emerge from Freud s immediate circle in Vienna Best known for her writings on female psychology she was also one of the great teachers of psychoanalysis As the founding president of the Vienna Psychoanalytic Training Institute she confirmed her stature in the history of psychoanalysis by cultivating a whole younger generation of influential analysts Deutsch was tolerant and open minded both as a theoretician and teacher but as Paul Roazen remarks in his introduction independence and an absence of fanaticism can mean a temporary fading out of influence For the first time

Deutsch's major professional contributions are brought together for permanent consideration. This volume documents her enduringly valuable exploration of the complexities of the psychology of women's experience. Deutsch remained essentially faithful to the Freudian canon. Nonetheless and throughout these writings she developed ideas on the subject of femininity that were often at odds with those of her mentor. Her use of Freud's theories aimed to encourage toleration of human diversity and to modify his model of sexuality according to the particular circumstances of women's lives. It was Deutsch who introduced motherhood as a central concern of psychoanalysis by stressing how the psychological dimension of reproduction was different for men and women and how this uniquely feminine capacity had its effects on the entire psychology of women. The same commitment to human diversity informs her much misunderstood work on the clinical problems of female sexual dysfunction. While accepting the Freudian goal of sexual gratification, Deutsch argues that sublimation through work was a key value in its own right. This is illustrated in George Sand's *A Woman's Destiny*, a brilliant early example of psychobiography. This volume of Deutsch's classic papers, several appearing in English for the first time, will be of interest to psychologists, intellectual historians, and women's studies specialists.
