Bourgeois,2013-09-05 Imagination and Postmodernity addresses the role of the imagination in philosophy today By focusing on philosophy at the boundary of reason with constant reference to Kant s view of the boundary limit it is possible to advance a viable alternative to deconstructing the imagination Patrick L Bourgeois puts forth the claim that by refocusing the

imagination in the postmodern conversation a far reaching contemporary position can be reached that reestablishes the position of the humanities as central against the anti humanism of deconstruction This work addresses some of the challenges and problems that emerge in conflicting positions within contemporary philosophy including a concentration on the role of the imagination in the work of Paul Ricoeur in contrast and in opposition to its role in such postmodern thinkers as Derrida and Lyotard This treatment requires going back to the role of the imagination in the period of Kant and his immediate followers in order to clarify the various ways of seeing the imagination then and now for the role today is anticipated in the nineteenth century Finally this work as a creative appropriation of the position of Paul Ricoeur presents a role for the imagination today that is more encompassing than most thinkers allow for *The Dictionary of National Biography, Founded in 1882 by George Smith ,1922*
