In a room of the Virginia Historical Society, there is a portrait so blurred that the face is repulsive. It is the alleged portrait of a man described by his contemporary William Wirt as of a figure large and portly, his features uncommonly fine, his dark eyes and his whole countenance lighted up with an expression of the most conciliatory sensibility, his attitudes dignified and commanding, his gesture graceful and easy, his voice perfect harmony and his whole manner that of an accomplished and engaging gentleman. The portrait at Richmond, repudiated when painted, suffered all manner of ill usage, and its fate resembles that of the man for whom it was daubed. Edmund Randolph, painted by partisanship, as he was not, his name has been marred by every prejudice, and his fame left to his country in conventionalized disfigurement. The Centenary of our Constitution has already brought a gallery of fresh historical portraits of its leading framers, but one panel like that of Faleri at Venice is vacant; there is no portraiture of the statesman to whom the initiation and ratification of the Constitution were especially due, except a blackened effigy hung up by enemies in a moment of partisan passion. This

traditional effigy of Edmund Randolph I have examined by the light of facts and documents to which historians appear to have had no access with growing conviction that the nation knows little of a very interesting figure in its early history About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
