

Modernidad y posmodernidad en la educación

La Modernidad es el nombre de un movimiento cuyos antecedentes se encuentran en el siglo XV durante el Renacimiento europeo y que se consolidó en el siglo XVIII durante la Ilustración. La modernidad se caracterizó esencialmente por "proponer el paso de la tradición al cambio, llamado progreso, a través de la lógica y la razón." promovía la individualidad, el uso de la razón, la protección de los derechos de los ciudadanos y un nuevo orden político.

La Posmodernidad es un movimiento surgido en la segunda mitad del siglo XX que mediante su pesimismo se basa en la crítica y cuestionamiento de la modernidad y asegura que este movimiento ha fracasado en la búsqueda de una nueva visión del mundo basada en el progreso.

La modernidad en la educación responde a este paradigma que se rompe con los modelos pedagógicos tradicionales en donde el estudiante se ve como un agente pasivo y el docente es un agente activo.
