Language, Minority Education, and Gender David Corson,1993-01-01 In reviewing the international literature on this vital subject this book examines three groups who seem most affected by unfair language practices in education women and girls minority cultural groups and minority social groups Language Policy Evaluation and the European Charter for Regional or Minority Languages F. Grin,2003-08-19 This book proposes an innovative treatment of minority language policies by looking at them as policy options that can be methodically evaluated The author applies the analytical concepts and technical tools of policy analysis to guide the reader through a step by step application of notions such as effectiveness and cost effectiveness with particular reference to the European Charter for Regional or Minority Languages The thrust of this book is deeply interdisciplinary and links the evaluation exercise to sociolinguistic political and legal considerations The Use of Welsh Martin John Ball,1988 This book explores patterns of marked variation in the use of the Welsh language looking at them from the linguistic viewpoint variation at different levels of language and from the sociolinguistic viewpoint regional and social varieties **Afrikaner Dissidents** Joha Louw-Potgieter,1988 The aim of this book is to demystify Afrikaner identity It deals with the issue on a social psychological level within the framework of social identity theory and shows how specific social identity is constructed by some people for themselves and for others **Migration and Intercultural Education in Europe** ,1990 This bibliography presents a selection of the European literature on migration and intercultural education published in 1988 1225 titles have been selected for entry on the basis of their relevance to the overall issue and their availability They have been classified according to a list of key words referring to the following areas migration processes education of migrants and social and linguistic status of new ethnic communities *Social Purpose and Schooling* Jerry Paquette,2017-05-08 First published in 1991 this work critically analyses the competing claims about alternative arrangements for schooling It does so in light of major popularly understood agendas for social and political purpose and of the troubled and much less clearly understood assumptions and issues behind them The book examines closely four generic types of arrangements for schooling in light of a comprehensive framework for understanding the publicness or privateness of schools and the relationships between social and educational purpose The book poses key questions about the meaning and purpose of schooling in the rapidly evolving social demographic and technological realities of the time It also probes fundamental assumptions values and beliefs behind educational and public policy making In doing so it offers a way to make sense of unorthodox arrangements for the provision and funding of schools **Language Diversity and Education** David Corson,2000-10 Graduate level text for students of language provides a current well informed overview and theoretical

perspective on the issue of equitable educational treatment for students from diverse language backgrounds **Australian Multiculturalism** Lois E. Ricento, Barbara Burnaby, 1998-05 Explores parallel and divergent developments in language policy and language rights in the U S and Canada especially the past 4 decades as a basis for reflection on what can be learned from one country's experience by the other **Focus on Bilingual Education** Ofelia García, 1991-07-05 This volume contains interdisciplinary essays on bilingual education in various countries of the world Some contributions deal with policy and curricular issues with
