**Educational Psychology Windows On Classrooms And Cd Rom:**

**Educational Psychology** Paul D. Eggen,Donald P. Kauchak,2004 The literature of educational psychology continues to rapidly evolve and we have written the sixth edition ofEducational Psychology Windows on Classroomsto remain on the cutting edge of theory and research in the field At the same time we have expanded on the theme that has made this book successful to be the most applied text on the market Our goals are to provide accurate clear and precise descriptions of research and theory combined with the suggestions that make these theories applicable in classroom practice The subtitle Windows on Classrooms refers to our presentation of authentic classroom activities that are designed to provide you our readers with a realistic look at classrooms today and what they might become tomorrow To this end this new edition has a deeper focus and commitment to being Case basedthroughouteach chapter Exceptionally applied Filled with practice for the PRAXIS The edition is also expanded to include a new chapter that provides a detailed examination of the construction of understanding a second chapter that presents a classroom model of student motivation and a third chapter that focuses on the processes and issues involved in standardized testing The following pages illustrate the features and new additions to this text A BOOK THATTRULY INTEGRATES CASESTHROUGHT CHAPTERS To capture the real world of learning and teaching we capitalize on the use of case studies All chapters begin with an extended case study These cases are detailed and rich and are integrated and elaborated throughout the chapters to make theory concrete and applicable The process of situating theory in the context of real world practice is consistent with the most recent learning and motivation research In this regard the book is a model for effective instruction and provides our readers with repeated opportunities to construct meaningful understandings of the book s contents Elaborated Cases The book does not merely reference the opening case but it actually integrates and enriches the case as the chapter develops Illustrations and captions are provided on pages throughout the chapter to call students attention to the key points in the case study Videos to Accompany Cases Twelve of the chapter cases have a video counterpart These video segments are included on two videotapes Looking Through Classroom Windows 1 and 2 in order of their appearance in the book Viewing video cases and discussing and analyzing them can deepen understanding of concepts presented in the chapter See the table on page 26 listing the topic grade level and content focus of each video case End of Chapter Case Analysis Chapter ending cases called Windows on Classrooms provide additional practice in understanding chapter concepts through analysis of the classroom based case Moreover constructed response questions and document based analysis questions give students opportunities to practice analyzing cases for the PRAXIS Principles of Learning and Teaching Exam and for professional practice A BOOK THAT IS EXCEPTIONALLY APPLIED As might be expected from a case based text a central goal ofEducational Psychology Windows on Classroomsis to help its readers be able to use educational psychology as teachers The text examines every theory and concept through its application in classrooms and a number of features help students connect content to classrooms Classroom Connections at the Elementary Middle

School and High School Levels This box in each chapter offers strategies for applying the content to specific learning and teaching situations Each strategy is illustrated with an example derived largely from the authors experiences in schools for elementary classrooms middle and junior high classrooms and high school classrooms in all content areas Instructional Strategies NewInstructional Strategiessections lay out very concrete guidelines for applying key chapter content These sections which are situated in case studies that run through the text explicitly show teachers efforts to apply the guidelines This helps readers bridge the gap between theories and classroom practice Web Clips Brief video clips on the Companion Website offer a front row seat to real classrooms of students and teachers Authentic examples of chapter content are identified in the margins of each chapter so that students can link directly to a clip illustrating an educational psychology concept and understand what that concept looks like in an authentic setting See theClassrooms on the Webmodule on the Website Margin Questions Readers are placed in active learning roles by reading margin questions encouraging them to a explain a specific aspect of the content on the basis of theory and or research b relate the immediate topic to one studied in an earlier chapter or c relate a topic to a real life experience A BOOK THAT HELPS STUDENTS PRACTICE FOR THE PRAXIS PRAXIS has moved to a greater emphasis on case based questions so the entire text will help students with the PRAXIS by helping them become more familiar and comfortable with cases In addition a number of features aimed at getting students ready for the PRAXIS Principles of Learning and Teaching Exam have been added to the text and its accompanying website Constructed Response Questions Document Based Analysis New Constructed Response and Document Based Analysis questions following each end of chapter case provides students with experiences in responding to items similar to those they will find on the PRAXIS exam Feedback on the Companion Website The Practice for PRAXIST module on the Companion Website provides feedback for the Constructed Response and Document Based Analysis questions Appendix Linking Book Content to PRAXIS content A new Appendix ties the content in the book to the PRAXIS Principles of Learning and Teaching Exam KEY CONTENT IN THIS EDITION New Chapter on Motivation This edition s coverage of motivation has been expanded to two chapters Included are the latest theoretical advances in areas such as goal theory self determination theory expectancy x value theory attribution theory and self worth theory as well as deeper looks at behaviorist and humanistic views of motivation See Chapters 10 and 11 New Chapter on the Construction of Understanding Constructivist and particularly social constructivist views of learning are increasingly emphasized as a framework for guiding instruction and this edition includes an entire chapter devoted to these theories and their implications for teaching See Chapter 8 New Chapter on Assessment Through Standardized Testing Testing and accountability are increasingly emphasized in today s schools and a new chapter has been added to help teachers prepare for these real world aspects of teaching See Chapter 15 New Assessment Feature Assessment research indicates that classroom environments that promote as much learning as possible are assessment centered To be consistent with this research each chapter of the text has a section titled Assessment

and Learning that is devoted to a discussion of assessment related to chapter topics These sections include suggestions for developing assessments that increase learning and explore issues involved in the assessment process Improved Technology Feature Technology and its implications for student learning are explored and utilized first in a regular chapter feature Technology and Learning that looks closely at the way technology can be and is used in K 12 classrooms and again in Chapters 2 3 and 7 as we ask you to use the CD ROM experiments and exercises on the Simulations in Educational Psychology CD ROM that accompanies this text Completing these activities will increase students understanding of educational psychology concepts Increased Coverage of Action Research Teacher professionalism is increasing as teachers learn to conduct action research projects in their own classrooms To reflect this emphasis a detailed section on the conduct and application of action research is included in Chapter 1 Focus on Learner Diversity Teachers are encountering increasingly diverse student populations To reflect this trend learner diversity is a theme for this text Each chapter contains a section on diversity with its own set of Classroom Connections and Chapter 4 is devoted to this topic *Educational Psy Dev Learn Mltmed Gde Sup* Ormrod,2004-12 *Inquiry ,2004* *Integrating Educational Technology Into Teaching* M.
