Quirocho, Sharon H. Ulanoff, 2009 Differentiated Literacy Instruction for English Language Learners assists teachers in developing a multifaceted approach to successful instruction uniquely clarifying the critical role of culture and language in working with English language learners Carefully crafted chapters guide literacy educators from initial assessment to the development of successful differentiated instruction Drawing on their vast experience with teaching English Learners Alice Quirocho and Sharon Ulanoff offer teachers a myriad of practical strategies lots of authentic teacher examples and detailed lesson plans They identify how to build English skills with English learners at every developmental level In addition the authors also feature a chapter detailing the steps necessary to reach English learners who have been identified for special education a topic infrequently covered in other texts The explicit lesson plans field studies and classroom vignettes crystallize the theories presented in this text Teachers will find that Differentiated Literacy Instruction for English Language Learners promotes a personalized approach to English learning that will prove to be a vital tool for anyone hoping to maximize their students potential What reviewers say The authors know their field and they recognize and confirm teachers abilities and expertise to enhance English language learners content literacy development Janet Richards University of South Florida I think the authors do a wonderful job connecting theory to practice The writers do an excellent job of writing a clear and interesting text Debra Price Sam Houston State University There is much value in the pedagogical features of this book I have never seen such an extensive explanation of language acquisition and the different ways teachers can assess English learners I think that it will be the best book on the market in this regard Deanna Gilmore Washington State University *Macau's Languages in Society and Education* Andrew J. Moody, 2021-03-18 This book examines the role of English within education and society in the quickly changing city of Macau Macau s multilingual language ecology offers the unique opportunity to examine language planning and policy issues within a small speech community The languages within the ecology include several Chinese varieties such as Cantonese Putonghua and Hokkien European languages like Portuguese and English and a number of Asian languages that include among others Burmese Filipino languages Japanese Timorese etc As the smallest city in South China s Pearl River Delta Macau has sought to maintain cultural and linguistic independence from its larger neighbours and independence has been built upon an historic commitment to multilingualism and cultural plurality As economic development and globalisation offer new opportunities to a growing middle class the sociolinguistics of a small society constrain and influence the language policies that the territory seeks to implement Macau s

multilingual and pluralistic response to language needs within the territory echoes historical responses to similar challenges and suggests that small communities function sociolinguistically in ways that differ from larger communities
