investigations of the Committee on Bilingualism and Biculturalism Given Canada's early racist tendencies the establishment of multiculturalism was a remarkable shift in public thinking Many issues associated with immigration have arisen in the public debates around multiculturalism Some people are convinced that it is a pernicious ideology that enforces the ghettoisation of those different from the mainstream Others see dangers in the way some aspects of multiculturalism are merely tokens of an all inclusive society Still others contend that the voices of ethnicities aside from those of the two charter groups English and French are scarcely heard and that worse those marginalised voices are appropriated by mainstream writers On the whole however Canadians especially younger Canadians welcome a liberal outlook that is inclusive of a wide variety of ethnicities For them and for many immigrants Canada is a society that is multiple and layered one rich in meaning They tend to see Canada as a microcosm of the larger world one that presents a useful model of tolerance for the world at large Increasingly marginalised new Canadians are excelling in the arts communities telling all Canadians what various aspects of the culture shock of transplantation feels like This book includes a representative sample of their works

Notes to the University of Toronto Martin L. Friedland,2002-12-15 Two histories of the University of Toronto have been published one in 1906 and one in 1927 Since the latter volume appeared no comprehensive history of the University has been published Given the size of the University and the complexity of the task this is not entirely surprising But after sixty six years this gap in the intellectual history of Canada has been filled and we are delighted to announce publication in March of 2002 of Martin Friedland's new history of one of Canada's most important educational and cultural institutions The author of several books on legal history Professor Friedland brings to this task an accomplished eye

and ear and a status as a long time member of the University community Professor Friedland's text is accompanied by over 200 maps drawings and photographs Published to coincide with the University's 175th anniversary The University of Toronto A History tells the story of the university in the context of the history of the nation of which it is a part weaving the stories of the people who have been a part of this institution people who make up a who's who in the history of Canada Anyone who attended the University or who is interested in the growth of Canada's intellectual heritage will enjoy this compelling and magisterial history

Flawed Precedent Kent McNeil, 2019-06-01 In 1888 the Judicial Committee of the Privy Council ruled in *St Catherine's Milling and Lumber Company v The Queen* a case involving the Saulteaux people's land rights in Ontario This precedent setting case would define the legal contours of Aboriginal title in Canada for almost a hundred years despite the racist assumptions about Indigenous peoples at the heart of the case In *Flawed Precedent* preeminent legal scholar Kent McNeil provides a compelling account of this contentious case He begins by delving into the historical and ideological context of the 1880s He then examines the trial in detail demonstrating how prejudicial attitudes towards Indigenous peoples influenced the decision He further discusses the effects that St Catherine's had on law and policy until the 1970s when its authority was finally questioned in *Calder* then in *Delgamuukw* *Marshall* *Bernard Tsilhqot'in* and other key rulings He also provides an informative analysis of the current judicial understanding of Aboriginal title in Canada now driven by evidence of Indigenous law and land use rather than by the discarded prejudicial assumptions of a bygone era
