Edgar Allan Poe, journaliste et critique Claude Marius Etienne Richard,1976      **Edgar Allan Poe** Claude Richard (traducteur),1976      **The Cambridge Companion to Edgar Allan Poe** Kevin J. Hayes,2002-04-25 This collection of specially commissioned essays by experts in the field explores key dimensions of Edgar Allan Poe's work and life. Contributions provide a series of alternative perspectives on one of the most enigmatic and controversial American writers. The essays specially tailored to the needs of undergraduates examine all of Poe's major writings: his poetry, short stories and criticism and place his work in a variety of literary, cultural and political contexts. They situate his imaginative writings in relation to different modes of writing: humor, Gothicism, anti-slavery tracts, science fiction, the detective story and sentimental fiction. Three chapters examine specific works: *The Narrative of Arthur Gordon Pym*, *The Fall of the House of Usher*, *The Raven* and *Ulalume*. The volume features a detailed chronology and a comprehensive guide to further reading and will be of interest to students and scholars alike.      **Edgar Allan Poe, journaliste et critique** Claude Richard,1974      **Edgar Allan Poe** Ian Malcolm Walker,1997 Contemporary criticism about the works of Edgar Allan Poe      **Edgar Allen Poe** Ian Walker,2013-01-11 This set comprises 40 volumes covering nineteenth and twentieth century European and American authors. These volumes will be available as a complete set, mini-boxed sets by theme or as individual volumes. This second set complements the first 68 volume set of Critical Heritage published by Routledge in October 1995.      **Critical Essays on Edgar Allan Poe** Eric W. Carlson,1987 Each volume in this series provides an introduction tracing the subject author's critical reputation, trends in interpretation, developments in textual and biographical scholarship and reprints of selected essays and reviews beginning with the author's contemporaries and continuing through to current scholarship. Many volumes also feature new essays by leading scholars and critics specially commissioned for the series.      **The Romance of Failure** Jonathan Auerbach,1989 This book explores the fictions of three 19th century writers: Poe, Hawthorne and James, in which the first person narrator is both the central actor and the retrospective teller of tale. Auerbach argues that the first person is an attractive but dangerous form of self-revelation that foregrounds fundamental problems of literary representation.      The Genius of Edgar Allan Poe Georges Zayed,1985 Although all Europe proclaimed Edgar Allan Poe to be one of the literary geniuses of the world, he did not receive recognition in the US until a century after his death. This book is a perceptive investigation into the multiple facets of Poe's genius as a theoretician, critic, storyteller, poet and philosopher.      Histoires extraordinaires d'Edgar Allan Poe Encyclopaedia Universalis,2015-11-10 Bienvenue dans la collection Les Fiches de lecture d'Universalis.
