being highly enjoyable Poe's tales are works of very real intellectual exploration. Abandoning the criteria of characterization and plotting in favor of blurred boundaries between self and other, will and morality, identity and memory, Poe uses the Gothic to question the integrity of human existence. Indeed, Poe is less interested in solving puzzles or in moral retribution than in exposing the misconceptions that make things seem mysterious in the first place. Attentive to the historical and political dimensions of these very American tales, this critical edition selects twenty-four tales and places the most popular *The Pit and the Pendulum*, *The Fall of the House of Usher*, *The Masque of the Red Death*, *The Murders in the Rue Morgue*, and *The Purloined Letter* alongside less well-known travel narratives, metaphysical essays, and political satires. **Pit and the**

Pendulum Edgar Allan Poe, Dick Graham, 1997 This early work by Edgar Allan Poe was originally published in 1849. Born in Boston, Massachusetts, in 1809, Poe became an orphan at a very early age. After being taken in by a couple in Richmond, he spent a brief spell in the United Kingdom before returning to enroll at the University of Virginia. Poe struggled for many years to make a living as a writer and frequently had to move city to city to stay in employment as a critic. Even for his greatest success, *The Raven*, he only received 9¢ and although becoming a household name, his financial position remained far from stable. Poe died in 1849, aged just 40, yet his legacy is a formidable one. He is seen today as one of the greatest practitioners of Gothic and detective fiction that ever lived, and popular culture is replete with references to him. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high-quality modern editions. **The Pit and Pendulum** Edgar Allan Poe, 2015-10-04

The blackness of eternal night encompassed me. The intense darkness oppressed and stifled me so that I struggled for breath. Having been condemned to death by the Spanish Inquisition, the narrator descends into a kind of hell. Dizzy with weakness and fainting with fear, he experiences such torments that death itself would be welcome. What troubles him most is the eternal question: how will he die? Toledo Prison is notorious for the torture of the condemned. What minds have dreamed up the terror of the pit in the center of the cell? What is the significance of the painted figure of Time with his menacing pendulum? Why do the walls glow with heat? Experience with the narrator the intensity of his suffering when death seems inevitable but its form uncertain. Can anything or anybody help him? *Edgar Allan Poe* Edgar Allan Poe, 2016-08-19
