The Indigo Children Beth Singler, 2017-09-18 The Indigo Child concept is a contemporary New Age redefinition of self Indigo Children are described in their primary literature as a spiritually psychically and genetically advanced generation Born from the early 1980s the Indigo Children are thought to be here to usher in a new golden age by changing the world s current social paradigm However as they are paradigm busters they also claim to find it difficult to fit into contemporary society Indigo Children recount difficult childhoods and school years and the concept has also been used by members of the community to reinterpret conditions such as Attention Deficit Hyperactive Disorder ADHD and autism Cynics however can claim that the Indigo Child concept is an example of special snowflake syndrome and parodies abound This book is the fullest introduction to the Indigo Child concept to date Employing both on and offline ethnographic methods Beth Singler objectively considers the place of the Indigo Children in contemporary debates around religious identity self creation online participation conspiracy theories race and culture and definitions of the New Age movement **THE PSYCHIC CHILDREN - Dolphins, DNA and the Planetary Grid** Hugh Newman, 2007-12-02 Hugh takes us on an adventure from the heights of Glastonbury Tor to the pyramids of Guatemala and the volcanoes of Hawaii After meeting some Indigo children on the spring equinox in Hawaii Hugh was initiated into working on the planetary grid system that included decoding the mysteries of the dolphins and the changes that are happening within our DNA The adventure includes revelations about galactic alignment 2012 and a coming shift in consciousness which the children all know about Join Hugh on this journey as he unlocks the secrets one by one Includes a comprehensive nutritional health guide for Indigo children I am certainly impressed by the eclectic nature of

the material and the skill with which you have integrated the often complex subjects to reveal the greater picture now unfolding

Todeschi, Carol Ann Liaros, 2012 Including the well known Auras booklet written by Edgar Cayce T p Befriend the Unknown Ken Foo, 2013-03-08 BOOK SUMMARY Many may get a chill in the spine because they are not here simply to live it up but on a scared mission to purify the planet If you failed to do your bit during this life you will come back again as another person and this come and go scenario could be a hundred times if you are a slow learner The ruins of our world are exposed in dirty politics and the Bible is also under the microscope for not telling the truth regarding the demise of Jesus Christ A must read for those who want truths to be unveiled WHAT READERS ARE SAYING This book has everything our missions on earth mystics karma dirty politics humor and how to balance your life After reading this book it's like being reborn again this time more to love serve and laugh again History is likely to be rewritten as very compelling evidence have surfaced that Jesus Christ was not crucified **Scientific Mythologies** James A. Herrick, 2008-01-01 What does science have to do with science fiction What does science fiction have to do with scientists What does religion have to do with science and science fiction In the spiritual vacuum of our post Christian West new mythologies continually arise The sources of much religious speculation however may be surprising Author James Herrick directs our attention to a wide range of scientists filmmakers science fiction writers and religious philosophers and discovers there the role that science and science fiction have played in such mythmaking From scientists such as Francis Bacon Francis Crick Carl Sagan and Freeman Dyson to filmmakers such as George Lucas and Steven Spielberg to science fiction writers such as Olaf Stapledon Sir Arthur C Clarke Robert Heinlein and Isaac Asimov Herrick finds a curious collusion of science with science fiction for promoting and justifying alternative spiritualities The rise of these new mythologies he argues is no longer a curiosity at the edge of Western culture This alchemy is catalyzing a religious vision of new gods a new humanity and alien races with superior intelligence and secret knowledge This new mythology overshadows the realms of politics science and religion Should we follow such visions Does science endorse these mythologies Are we being offered a spirituality superior to the Judeo Christian tradition This book will help you decide **Walking in Turbulent Waters** Eliana Bueche, 2013-08-28 Her earliest memory was of the time when she was a tiny baby lifted by strong arms to the light in a train compartment Adriannes adult life is distracted by daydreams of childhood of her powerful uncle Eladio her best childhood friend Tomas and more Looking back she can see every mistake she ever made The uncertainty of her true identity

draws her into a realm beyond imagination She cant even trust her own memory now to help her determine which childhood traumas were real and which were the workings of a mind too young to understand To this day one question haunts her if she could have just accepted the life she was so desperate to leave behind would she be happier today Now her life is defined by her success as a real estate developer an art dealer and an innovative architect with visions of reinventing entire communities that celebrate both function and design simultaneously She drowns her feelings by constantly achieving the impossible often falling prey to her own desiresand the cunning schemes of the unpredictable man who invaded her life When a phone call from Spain sends Adrienne rushing back across the Atlantic can she dare to hope that the answers that had eluded her throughout her life await **The Ancient Secret of the Flower of Life, Volume 2** Drunvalo

Melchizedek,2000 The sacred Flower of Life pattern the primary geometric generator of all physical form is explored in even more depth in this volume the second half of the famed Flower of Life workshop The proportions of the human body the nuances of human consciousness the sizes and distances of the stars planets and moons even the creations of humankind are all shown to reflect their origins in this beautiful and divine image Through an intricate and detailed geometrical mapping Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third dimensional existence From the pyramids and mysteries of Egypt to the new race of Indigo children Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world We are led through a divinely inspired labyrinth of science and stories logic and coincidence on a path of remembering where we come from and the wonder and magic of who we are Finally for the first time in print Drunvalo shares the instructions for the Mer Ka Ba meditation step by step techniques for the re creation of the energy field of the evolved human which is the key to ascension and the next dimensional world if done from love this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension from protective powers to the healing of oneself of others and even of the planet Embrace the expanded vision and understanding that Drunvalo offers to the world Coincidences abound miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life The Autism Prophecies William

Stillman,2010-04-20 It is estimated that every 20 minutes a child is diagnosed with autism No one knows why cases of autism are increasing worldwide In The Autism Prophecies award winning author William Stillman who is someone on the autism spectrum himself completes his spiritual trilogy by revealing the truth about autism and its purpose In this intriguing book you will learn How impossible gifts such as mind control and speaking unknown languages could be occurring in some people with autism How parents can distinguish their child s spiritual interactions from behavior that might be mislabeled as hallucinatory and unduly medicated How the wisdom of many people with autism may help us to prepare for future hardships and an impending renaissance of civility respect and compassion **American Book Publishing Record** ,2003 *Beyond 2012: Catastrophe or Awakening?* Geoff Stray,2009-05-21 An illustrated encyclopedic overview of the prophecies calendars

and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date
