Edith Wharton's Inner Circle Susan Goodman, 1994 Drawing on unpublished archival material by and about members of the circle Susan Goodman here presents and intimate view of this American expatriate community as well as the large transatlantic culture it mirrored Tracing Wharton's individual relationships with these men and their relationships with one another she examines literary kinships and movements in the biographical and feminist context of gender exile and Edith Wharton and the Conversations of Literary Modernism J. Haytock, 2008-04-28 This study imagines modernism as a series of conversations and locates Edith Wharton's voice in those debates The New Edith Wharton **Studies** Jennifer Haytock, Laura Rattray, 2020 Uncovers new evidence and presents new ideas that invite us to reconsider our understanding Edith Wharton's life and career Edith Wharton and Genre Laura Rattray, 2020-08-11 Based on extensive new archival research Edith Wharton and Genre Beyond Fiction offers the first study of Wharton's full engagement with original writing in genres outside those with which she has been most closely identified So much more than an acclaimed novelist and short story writer Wharton is reconsidered in this book as a controversial playwright a gifted poet a trailblazing travel writer an innovative and subversive critic a hugely influential design writer and an author who overturned the conventions of autobiographical form Her versatility across genres did not represent brief sidesteps temporary diversions from what has long been read as her primary role as novelist Each was pursued fully and whole heartedly speaking to Wharton's very sense of herself as an artist and her connected vision of artistry and art The stories of these other Edith Whartons born through her extraordinary dexterity across a wide range of genres and their impact on our understanding of her career are the focus of this new study revealing a bolder more diverse subversive and radical writer than has long been **Apart from Modernism** Robin Peel, 2005 The study emphasizes the crucial role that Wharton's contact with supposed Europe had on her writing and the significance intellectually and politically of her relationship with Morton Fullerton and her reading of his books on politics It locates Wharton in her period surrounded as she was by discourses which called for political and social change change which an outlook that Peel calls American Torvism made her reluctant to embrace Her love of motorcars and her excitement about other technological developments such as aeroplanes was inspired by a feeling of exclusivity and not the democratization of culture which she feared and condemned France England Italy and America formed the quartet of countries that contained the best and worst of culture and Peel emphasizes how ironical it was that a writer whose ideological beliefs endorsed the importance of home roots and tradition should have spent so much of her life as a restless apparently rootless traveler BOOK JACKET **Edith Wharton in Context** Laura Rattray, 2012-10-08 This collection of essays examines the various social cultural and historical contexts surrounding Edith Wharton's popular and prolific literary career Edith Wharton John McRae, 2000 Edith Wharton's The Custom of the Country Laura Rattray, 2015-10-06 Bringing together leading Wharton scholars from Europe and North America this volume offers the first
