Language, Social Structure, and Culture Patricia Mayes, 2003-04-17 Comparing Japanese and American interaction Language Social Structure and Culture argues that language use is instrumental in the construction of social structure and culture In order to ground the work in empirical evidence verbal interaction in similar situations Japanese and American cooking classes is compared Unlike other studies of verbal interaction a genre analysis approach is used to examine regular patterns at three levels of language use interaction discourse and grammar Collectively these patterns exhibit both similarities and differences across the classes in the two cultures creating the unique event that has been institutionalized as a cooking class in each culture In concluding the author suggests that genre analysis is a useful approach for cross cultural research in that it provides information about situation specific language use but also information about what aspects of linguistic structure are likely to become conventionalized across languages and cultures across situations and across time

Books on Japan in Western Languages Recently Acquired by the National Diet Library Kokuritsu Kokkai Toshokan (Japan), 1996 **Tokyo** Jeremy Seymour Eades, 1999 The Tokyo region of Japan is in terms of population the largest urban area on earth Its centre comprises the 23 wards of Tokyo itself but the urban sprawl has long since extended to include the other major cities of Kawasaki and Yokohama From the early 16th century when the Tokugawa rulers of Japan established their administrative headquarters there Edo as it was known developed quickly into one of the largest cities in the world It was renamed Tokyo or Eastern Capital when the Emperor moved there in 1868 In the 20th century most of Tokyo was destroyed first by the Kanto earthquake of 1923 and then by the American bombing of 1945 Nonetheless it was rapidly rebuilt and is now along with London and New York one of the major control centres of the global economy Yet behind the ultramodern facade of the main commercial areas Tokyo remains largely a city of narrow streets and small intimate neighbourhoods However the threat of serious earthquakes remains and the relocation of the capital is being increasingly discussed This is the first annotated critical survey of the English language literature on Tokyo and its region *Men and Masculinities in Global English Language Teaching* R. Appleby, 2014-12-10 This book draws on a range of sources including tales of castaways fictional narratives and interviews with teachers in conversation schools and universities in Japan to explore many current concerns around teacher identity gender and intercultural sexuality in global English language teaching **Journal of Education**, 1881 *Education, Language and the Intellectual Underpinnings of Modern Korea, 1875-1945* Andrew Hall, Leighanne Yuh, 2022-12-19 Education the production of knowledge identity formation and ideological hegemony are inextricably linked in early modern and modern Korea This study examines the production and consumption of knowledge by a multitude of actors and across languages texts and disciplines to analyze the formulation contestation and negotiation of knowledge The production and dissemination of knowledge become sites for contestation and struggle sometimes overlapping at other times competing resulting in a shift from a focus on state power and its control over
