Horace Mann (1796-1859)

*"Father of American Education"*

- Spokesperson for the common school movement in his state
  - Establish public schools paid for & controlled by local government
  - Non-sectarian (i.e. non-religious)
  - Teach democratic principles
  - Normal Schools for teacher training (UNCP's foundations)
  - COMMON learning experience for ALL children regardless of class
- Fought to increase public support for universal public education and raise awareness of educational problems
  - Education as an avenue to discipline and & socialize children
  - "Equality" for ALL <=> meritocracy
  - Build character & instill certain values
    - obedience
    - punctuality
    - timed routines

Why were  
all these  
changes  
needed?

American Education and the Demography of the US Student Population, 1880 – 2014 Richard R. Verdugo, 2018-09-28 This monograph examines changes in the American public school population from 1900 to 2010 It shows how different historical periods have affected the composition of the student body and have posed important challenges to those involved in shaping educational policy The author first develops an analytical framework that merges education and applied demography concepts The education concepts include attendance promotion retention high school graduation and college enrollment While the applied demography concepts take into account size distribution and composition He then applies this framework to the four most recent American historical periods the Progressive Era the Great Depression the Post WWII Era and the Post 1983 Era Readers will come to understand the changing socio demographic profile of American schools due to such factors as immigration from Europe child labor laws internal migration greater fertility and the rise of the Baby Boom generation the changing status of women and minorities the urban crises rising social inequality the 2008 recession and globalization Featuring both historical and current data this volume clearly shows how demographic change affects the teaching and learning environment education policy funding and school segregation Overall it offers insightful analysis that may help shape the future of American education

Historical Dictionary of American Education Richard J. Altenbaugh, 1999-10-30 The history of American education is a vital and productive field of study This reference book provides factual information about eminent people and important topics related to the development of American public private and parochial schools covering elementary and secondary levels In addition to major state and regional leaders and reformers it includes biographies of significant national educators philosophers psychologists and writers Subjects embrace important ideas events institutions agencies and pedagogical trends that profoundly shaped American policies and perceptions regarding education The more than 350 entries are arranged alphabetically and written by expert contributors Each entry closes with a brief bibliography and the volume ends with a list of works for further reading Entries were drawn from a review of leading history of education textbooks and the History of Education Quarterly These topics were further refined by comments from leading authorities and the contributors Most of the contributors are established scholars in the history of education curriculum and instruction school law educational administration and American history a few also work as public and private school teachers and thus bring their practical

experience to their entries The period covered begins in the colonial period and continues through the 1990s *Public Education—America's Civil Religion* Carl L. Bankston, Stephen J. Caldas, 2015-04-18 In this volume the authors argue that public education is a central part of American civil religion and thus gives us an unquestioning faith in the capacity of education to solve all of our social economic and political problems The book traces the development of America's faith in public education from before the Civil War up to the present exploring recent educational developments such as the No Child Left Behind legislation The authors discuss how this faith in education often makes it difficult for Americans to think realistically about the capacities and limitations of public schooling Bringing together history politics religion sociology and educational theory this in depth examination raises fundamental questions about what education can accomplish for the citizens of the United States points out that many supposedly opposing viewpoints on public education actually arise from the same root assumptions exposes the gaps between our pursuit of equity in schools and what we really accomplish with students looks at ways in which education can be organized to serve a diverse population **The Oxford Handbook of the History of Education** John L. Rury, Eileen Tamura, 2019 This handbook offers a global perspective on the historical development of educational institutions systems of schooling educational ideas and educational experiences Its 36 chapters consider the field's changing scholarship while examining particular national and regional themes and offering a comparative perspective Each also provides suggestions for further research and analysis Family Economics and Public Policy, 1800s-Present Megan McDonald Way, 2018-08-29 This book explores family economic decision making in the United States from the nineteenth century through present day specifically looking at the relationship between family resource allocation decisions and government policy It examines how families have responded to incentives and constraints established by diverse federal and state policies and laws including the regulation of marriage and of female labor force participation child labor and education policies including segregation social welfare programs and more The goal of this book is to present family economic decisions throughout US history in a way that contextualizes where the US economy and the families that drive it have been It goes on to discuss the role public policies have played in that journey where we need to go from here and how public policies can help us get there At a time when American families are more complex than ever before this volume will educate readers on the often unrecognized role that government policies have on our family lives and the uncelebrated role that family economic decision making has on the future of the US economy **A Christian America Restored** Robert Glenn Slater, 2019-08-13 Protestant evangelical Christian schools are the fastest growing segment of American private school education Despite their notable individual autonomy these schools have retained a consistent belief system and mission over several decades Private religious schools can be traced to our nation's earliest origins Why is it that these unique educational institutions arose in twentieth century America and have continued to thrive A Christian America Restored seeks to delve into the beginnings of private Christian schools and discovers that while they are relatively new on

the educational landscape of America their roots are actually quite deep connecting with the ongoing dreams of our nation s conservative evangelicals      *Higher Education in the American West* Richard W. Jonsen,Patty Limerick,David A.

Longanecker,2014-03-19 *Higher Education in the American West* Regional History and State Contexts is the first comprehensive regional history of American higher education It offers new historical research on how societal forces and state actions brought about the region s one thousand two hundred institutions of higher learning in 15 western states

*The Century of Science* Justin J. W. Powell,David P. Baker,Frank Fernandez,2017-09-15 *The Century of Science* a multicultural international team of authors examine the global rise of scholarly research in science technology engineering mathematics and health fields providing insightful historical and sociological understandings of the ways that higher education has become an institution that shapes science and society      *Science as Service* Alan I Marcus,2015-08-15

*Science as Service* is a collection of essays that traces the development of the land grant colleges established by the Morrill Act of 1862 and documents how their faith and efforts in science and technology gave credibility and power to these institutions and their scientists      *Heritage and Its Missions* Cristóbal Gnecco,Adriana Schmidt Dias,2025-03-04 Explores

how heritage discourses and local publics interact at Catholic mission sites in the southwestern United States northern Mexico and the Southern Cone Interdisciplinary in scope and classed under the name critical heritage studies *Heritage and Its Missions* makes extensive use of ethnographic perspectives to examine heritage not as a collection of inert things upon which a general historical interest is centered but as a series of active meanings that have consequences in the social political and economic arenas This approach considers the places of interaction between heritage discourses and local publics as constructed spaces where the very materiality of the social and the political unfolds *Heritage and Its Missions* brings together researchers from several countries interested in the pre republican Catholic missions in the Americas as heritage Each essay discusses the past and current heritage meanings applied to a specific mission by national and multicultural states local Indigenous and non Indigenous communities international heritage institutions and scholars They then address how heritage actors produce knowledge from their positioned perspectives how different actors collectives communities and publics relate to them how heritage representations are deployed and contested as social facts and how different conceptions of heritage collide collaborate and intersperse to produce the meanings around which heritage struggles unfold      *The City and Education in Four Nations* Ronald K. Goodenow,William E. Marsden,Peter

Clark,2003-12-04 *The City and Education in Four Nations* is a response to a long standing need for the placing of urban educational study in broader comparative contexts both historical and international This volume offers an account of the historical educational experiences of four major English speaking countries opening up new research agendas in a variety of fields An international team of contributors has been assembled combining historical and educational expertise and the work should interest scholars in a number of disciplines including urban history urban and comparative education social and public

policy social and cultural history and the history of education
