# Education And Public Choice

**Dennis C. Mueller**

## Education And Public Choice:

*Education and Public Choice* Nesta Devine, 2004-12-30 Public Choice theory is the single most powerful theory affecting education today     **The Elgar Companion to Public Choice** Michael Reksulak, Laura Razzolini, William F.

Shugart, 2013-01-01 This is a comprehensive set of essays on myriad facets of public choice by many of the leading contributors in the field The coverage is excellent and the essays are terrific I highly recommend this book for researchers and students Todd Sandler University of Texas at Dallas US The Elgar Companion to Public Choice Second Edition brings together leading scholars in the field of political economy to introduce readers to the latest research in public choice The Companion lays out a comprehensive history of the field and in five additional parts it explores public choice contributions to the study of the origins of the state the organization of political activity the analysis of decision making in non market institutions the examination of tribal governance and to modeling and predicting the behavior of international organizations and transnational terrorism With broad and up to date coverage this second edition will appeal to politicians and policymakers academics and researchers in public and social choice and political science as well as graduate students in economics political science and public administration     Public Choice Analyses of American Economic History Joshua

Hall, Marcus Witcher, 2019-01-25 This book is the third installment in a series of volumes looking at episodes in American economic history from a public choice perspective Each chapter discusses citizens special interests and government officials responding to economic incentives in both markets and politics In doing so the book provides fresh insights into important periods of American history from the Rhode Island s 1788 Referendum on the U S Constitution and the political influence of women s clubs in the United States The volume features economic historians such as Ruth Wallis Herndon junior public choice scholars such as Jayme Lemke and Leo Krasnozhon and political scientists such as Michael Faber This volume will be useful for researchers and students interested in economics history political science economic history public choice and political economy     **Policy Analysis and Public Choice** William A. Niskanen, 1998-01-01 A selection of essays examining economic policy and politics in the United States

*Public Economics and Public Choice* Pio Baake, Rainald

Borck, 2007-06-30 This book contains essays in honor of Charles B Blankart on the occasion of his 65th birthday The contributors include prominent scholars from the discipline of public finance and public choice The essays include such topics as taxation public choice and regulation and thus give testimony of Blankart s very broad ranging interests in economics     *Journal of Public Finance and Public Choice* n. 1/2009 AA. VV., 2011-11-10T00:00:00+01:00 Contents Louis M

Imbeau Testing the Veil of Ignorance Hypothesis in Constitutional Choice A Walk Talk Approach Genevi ve Tellier Explaining Growth of Public Revenue An Empirical Investigation of Canadian Provinces Rachel L Mathers The Spillover Benefits of AIDS Prevention Agnieszka Bielinska Kwapisz What Determines Excise Tax Rates Reviews     **Perspectives on Public Choice**

Dennis C. Mueller, 1997 This five part volume surveys the main ideas and contributions to the field of public choice

**Economics Private and Public Choice** James D Gwartney, 2013-09-11 Economics Private and Public Choice is an aid for students and general readers to develop a sound economic reasoning The book discusses several ways to economic thinking including six guideposts as follows i scarce goods have costs ii Decision makers economize in their choices iii Incentives are important iv Decision makers are dependent on information scarcity v Economic actions can have secondary effects and vi Economic thinking is scientific The book explains the Keynesian view of money employment and inflation as well as the monetarist view on the proper macropolicy business cycle and inflation The book also discusses consumer decision making the elasticity of demand and how income influences demand The text analyzes costs and producer decisions the firm under pure competition and how a competitive model functions The book explains monopoly and also considers the high barriers that prevent entry such as legal barriers economies of scale and control over important resources The author also presents comparative economic systems such as capitalism and socialism This book can prove useful for students and professors in economics as well as general readers whose works are related to public service and planning in the area of economic development

**African Education and Globalization** Ali A. Abdi, Korbla P. Puplampu, George Jerry Sefa Dei, 2006-01-01 Containing both theoretical discussions of globalization and specific case analyses of individual African countries this collection of essays examines the intersections of African education and globalization with multiple analytical and geographical emphases and intentions

Public Goods, Public Enterprise, Public Choice Lionel Orchard, Hugh Stretton, 2016-07-27 A brilliant critical and fresh look at the public choice school of thought Paul Streeten This book challenges theories of public goods public enterprise and public choice on three fronts Government action reflects wider interests and commitments than just the material self interest assumed as primary by the three theories Government contributes to the productivity and quality of the modern mixed economy in ways not captured by theories stressing the inherent superiority of private markets Lastly old and new ideas within established traditions of political thought justify government action beyond the libertarian argument for limited government

**The Encyclopedia of Public Choice** Charles Rowley, Friedrich Schneider, 2008-01-25 The Encyclopedia provides a detailed and comprehensive account of the subject known as public choice However the title would not convey sufficiently the breadth of the Encyclopedia's contents which can be summarized better as the fruitful interchange of economics political science and moral philosophy on the basis of an image of man as a purposive and responsible actor who pursues his own objectives as efficiently as possible This fruitful interchange between the fields outlined above existed during the late eighteenth century during the brief period of the Scottish Enlightenment when such great scholars as David Hume Adam Ferguson and Adam Smith contributed to all these fields and more However as intellectual specialization gradually replaced broad based scholarship from the nineteenth century onwards it became increasingly rare to find a scholar making major contributions to more than one Once Alfred Marshall defined economics in neoclassical terms as a narrow positive discipline the link between economics political science

and moral philosophy was all but severed and economists redefined their role into that of the humble dentist providing technical economic information as inputs to improve the performance of impartial benevolent and omniscient governments in their attempts to promote the public interest This indeed was the dominant view within an economics profession that had become besotted by the economics of John Maynard Keynes and Paul Samuelson immediately following the end of the Second World War

*Handbook of Research on School Choice* Mark Berends, Ann Primus, Matthew G. Springer, 2019-06-20 Updated to reflect the latest developments and increasing scope of school based options the second edition of the Handbook of Research on School Choice makes readily available the most rigorous and policy relevant research on K 12 school choice This comprehensive research handbook begins with scholarly overviews that explore historical political economic legal methodological and international perspectives on school choice In the following sections experts examine the research and current state of common forms of school choice charter schools school vouchers and magnet schools The concluding section brings together perspectives on other key topics such as accountability tax credit scholarships parent decision making and marginalized students With empirical perspectives on all aspects of this evolving sphere of education this is a critical resource for researchers faculty and students interested in education policy the politics of education and educational leadership

Global Encyclopedia of Public Administration, Public Policy, and Governance Ali Farazmand, 2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical empirical analytical practical and methodological bases of knowledge Expanded and updated the second edition includes over a thousand of new entries representing the most current research in public administration public policy governance nonprofit and nongovernmental organizations and management covering such important sub areas as 1 organization theory behavior change and development 2 administrative theory and practice 3 Bureaucracy 4 public budgeting and financial management 5 public economy and public management 6 public personnel administration and labor management relations 7 crisis and emergency management 8 institutional theory and public administration 9 law and regulations 10 ethics and accountability 11 public governance and private governance 12 Nonprofit management and nongovernmental organizations 13 Social health and environmental policy areas 14 pandemic and crisis management 15 administrative and governance reforms 16 comparative public administration and governance 17 globalization and international issues 18 performance management 19 geographical areas of the world with country focused entries like Japan China Latin America Europe Asia Africa the Middle East Russia and Eastern Europe North America and 20 a lot more Relevant to professionals experts scholars general readers researchers policy makers and manger and students worldwide this work will serve as the most viable global reference

source for those looking for an introduction and advance knowledge to the field

### **Handbook of Education Policy**

**Research** Lora Cohen-Vogel, Peter Youngs, Janelle Scott, 2025-07-17 The second edition of the Handbook of Education Policy Research the largest volume published in AERA's history addresses a variety of policy and contextual issues in early childhood K 12 and postsecondary education that have received extensive empirical attention during the past 15 years With the pandemic and social turmoil as a backdrop the editors build on the breadth and depth of the first edition while expanding the scope of the project to include subjects methods theories and analyses that have contributed powerfully to the study of education policy and politics in the 2010s and 2020s The field has become more comprehensive and inclusive and the authors represent a diversity of racial ethnic and gender identities and intellectual and disciplinary orientations Most chapters come from multiple authors reflecting the multi sourced development of research in education policy since the first volume was published This compilation consists of 70 chapters and nine commentaries that map past present and future directions of the field and richly attend to critical issues of interest to students researchers policy makers and practitioners

Public Choice, Past and Present Dwight R. Lee, 2012-12-09 In 1962 economists James M Buchanan and Gordon Tullock published The Calculus of Consent in which they developed the principles of public choice theory In the fifty years since its publication the book has defined the field and set the standard for research and analysis To celebrate a half century of scholarship in public choice Dwight Lee has assembled distinguished academics from around the world to reflect on the influence of this monumental publication and more broadly the legacy of its legendary authors Their essays cover a broad spectrum of topics and approaches from the impact of public choice theory on foreign policy analysis to personal remembrances of learning from and collaborating with Buchanan and Tullock The result is a unique collection of insights that celebrate public choice and its visionary proponents while considering its future directions

### **School Choice and the Future of American**

**Democracy** Scott Franklin Abernathy, 2009-11-12 In School Choice and the Future of American Democracy Scott Franklin Abernathy shows what is lost in the school choice debate Abernathy looks at parents as citizens who exert power over the educational system through everything from their votes on school budgets to their membership on school boards Challenging the assumption that public schools will improve when confronted with market based reforms Abernathy examines the possibility that public schools will become more disconnected and isolated as civic life is privatized Scott Abernathy takes up big questions and provides answers grounded in the complex reality of policy and politics School Choice and the Future of American Democracy is a book written for those who understand that the world does not fit the simple explanations too often put forward Clarence Stone Professor Emeritus University of Maryland and Research Professor George Washington University Will school choice revive or eviscerate democratic processes and institutions Will it narrow or exacerbate the range of educational inequities This book takes several differently angled slices into these questions and draws intriguing answers Jeffrey R Henig Teachers College Columbia University and author of Rethinking School Choice Limits of the Market

Metaphor Through extensive research and refreshingly impartial analysis Scott Abernathy probes how the use of market principles to reform public schools affects democratic citizenship Treating citizens first and foremost as customers he finds threatens civic engagement and the well being of schools especially in the nation s neediest communities This thoughtful and balanced appraisal is must reading for those concerned about the future of American education and democracy Suzanne Mettler Alumni Associate Professor Syracuse University and author of *Soldiers to Citizens The G I Bill and the Making of the Greatest Generation* Scott Franklin Abernathy is Assistant Professor of Political Science University of Minnesota

*The Next Twenty-five Years of Public Choice* Charles Rowley, Friedrich Schneider, Robert D. Tollison, 2013-03-09 The Next 25 Years of Public Choice brings together the perspectives of many of the world s leading scholars of public choice on the present state of knowledge and the likely future course of scholarship on public choice and constitutional economy This book presents material in a manner accessible to a wide educated readership and will be influential in guiding future research in this important field It is directed at professional scholars of public choice economics and political science government officials graduate students and anyone seriously interested in public policy A distinguished group of internationally well known scholars offer their own often far reaching views on strengths and weaknesses in the current literature and pinpoint important avenues of research amenable to future research

*Readings in Public Choice and Constitutional Political Economy* Charles Rowley, Friedrich Schneider, 2008-08-09 Public choice is the study of behavior at the intersection of economics and political science Since the pioneering work of Duncan Black in the 1940s public choice has developed a rich literature drawing from such related perspectives as history philosophy law and sociology to analyze political decision making by citizen voters elected officials bureaucratic administrators lobbyists and other rational actors in social and economic context with an emphasis on identifying differences between individual goals and collective outcomes Constitutional political economy provides important insights into the relationship between effective constitutions and the behavior of ordinary political markets In *Readings in Public Choice and Constitutional Political Economy* Charles Rowley and Friedrich Schneider have assembled an international array of leading authors to present a comprehensive and accessible overview of the field and its applications Covering a wide array of topics including regulation and antitrust taxation trade liberalization political corruption interest group behavior dictatorship and environmental issues and featuring biographies of the founding fathers of the field this volume will be essential reading for scholars and students policymakers economists sociologists and non specialist readers interested in the dynamics of political economy

**The Oxford Handbook of Public Choice** Roger D. Congleton, Bernard Grofman, Stefan Voigt, 2019 The Oxford Handbook of Public Choice provides a comprehensive overview of the research in economics political science law and sociology that has generated considerable insight into the politics of democratic and authoritarian systems as well as the influence of different institutional frameworks on incentives and outcomes The result is an improved understanding of public policy public finance industrial organization

and macroeconomics as the combination of political and economic analysis shed light on how various interests compete both within a given rules of the games and at times to change the rules These volumes include analytical surveys syntheses and general overviews of the many subfields of public choice focusing on interesting important and at times contentious issues Throughout the focus is on enhancing understanding how political and economic systems act and interact and how they might be improved Both volumes combine methodological analysis with substantive overviews of key topics This second volume examines constitutional political economy and also various applications including public policy international relations and the study of history as well as methodological and measurement issues Throughout both volumes important analytical concepts and tools are discussed including their application to substantive topics Readers will gain increased understanding of rational choice and its implications for collective action various explanations of voting including economic and expressive the role of taxation and finance in government dynamics how trust and persuasion influence political outcomes and how revolution coups and authoritarianism can be explained by the same set of analytical tools as enhance understanding of the various forms of democracy      *Public Finance and Public Choice* John G. Cullis, Philip R. Jones, 2009-07-09 Public Finance and Public Choice provides a comprehensive analysis of the economics of the public sector taking a diagrammatic approach to the subject Particular emphasis is given to the public choice and behavioural economics schools of thought
