L. Weldon, 1995 The purpose of this important book is to encourage individual and group choice making for effective  
participation in building a better future It is designed to involve the reader in thinking about the most important challenges  
facing the human race and identifying which priorities should require action Each chapter contains thought provoking  
questions and activities intended to stimulate readers to examine their own beliefs and values relative to making decisions  
about what they want for the future THE FUTURE IMPORTANT CHOICES is the only book written as an introductory or  
supplemental text for college and university courses on future studies It is also the only book written for general readers that  
succinctly summarises major future world issues Differing views of population growth food needs environmental problems  
war and peace nationalism and world government and capitalism versus collectivism are examined      Books in Print , 1987
