Rashid,2022-11-15T00:00:00Z Prisons don t work but prisoners do Prisons are often critiqued as unjust but we hear little about the daily labour of incarcerated workers what they do how they do it who they do it for and under which conditions Unions protect workers fighting for better pay and against discrimination and occupational health and safety concerns but prisoners are denied this protection despite being the lowest paid workers with the least choice in what they do the most vulnerable among the working class Starting from the perspective that work during imprisonment is not rehabilitative this book examines the reasons why people should care about prison labour and how prisoners have struggled to organize for labour power in the past Unionizing incarcerated workers is critical for both the labour movement and struggles for prison justice this book argues to negotiate changes to working conditions as well as the power dynamics within prisons themselves

The Atlantic Provinces in Confederation Ernest R. Forbes,Delphin A. Muise,1993-12-15 Canada s four easternmost provinces while richly diverse in character and history share many elements of their political and economic experience within Confederation In this volume thirteen leading historians explore the shifting tides of Atlantic Canada s history beginning with the union of Nova Scotia and New Brunswick with Ontario and Quebec to form the Dominion in 1867 Continuing on through Prince Edward Island s entry into Confederation six years later and Newfoundland s in 1949 they take the story of Atlantic Canada up to the 1980s Collectively their work sheds light on the complex political dynamic between the region and Ottawa

and reveals the roots of current social and economic realities Fragmentation versus integration plenty versus scarcity centre versus periphery and other models inform their analysis The development of regional disparity and responses to it form a major theme The tradition of regional protest by Maritimers and later Atlantic Canadians runs deep so does their commitment to the idea of an integrated Canadian nation Protests over the decades have primarily been expressions of frustration at perceived exclusion from the full benefits of national union The creation of national markets for labour capital and goods often operated to their detriment and political decisions at the national level frequently reinforced rather than alleviated the regional predicament More than an account of the wealthy and powerful this book often places ordinary men and women at the centre of the story Above all it reveals the resilience of Atlantic Canadians as they have struggled to overcome their problems and to share in the benefits of life in the Canadian community **Managing Canada's Fisheries**

Joseph Gough, Canada. Department of Fisheries and Oceans, 2007 In Defence of Home Places Mark R.

Leeming, 2017-06-07 As environmental deterioration became a major political issue near the end of the twentieth century activists in Nova Scotia stood together to defend the places they called home They cooperated to protect local environments and economies but they disagreed about the causes of environmental problems the role of humanity in nature and the place of environmentalists in the political process In Defence of Home Places examines the diversity of environmental activism in Nova Scotia illustrating how radicals and conservatives combined efforts to achieve early legislative and social success It also chronicles the debates and disagreements over fundamental principles that then weakened and divided the powerful environmental movement Placing the evolution of Nova Scotian environmental activism within a broader theoretical framework Mark R Leeming considers its development in national and international contexts examining the environmental movement itself along with the choices and tactics that brought about its greatest successes and failures *Blood in the Water*, 2021-11-16 INTERNATIONAL TRUE CRIME BESTSELLER An instant true crime classic about a brutal Nova Scotia murder for fans of Say Nothing and Furious Hours Publishers Weekly Fascinating A must read for all concerned about how humans manage to live together Or not Margaret Atwood In his riveting and meticulously reported true crime book Silver Donald Cameron offers an intricate narrative about a notorious small town crime the 2013 murder of Phillip Boudreau by three upstanding citizens of Cape Breton Island Phillip Boudreau seemed invincible a miscreant who would plague the village forever as police frustration grew and budgets shrunk But when two cousins and skipper Dwayne Samson saw Boudreau in his boat about to vandalize their lobster traps they took matters into their own hands Like so many times before the small time criminal was about to cost them thousands of dollars out of their seasonal livelihood so they took out a rifle and fired four shots Was the Boudreau killing cold blooded murder a direct reaction to credible threats or the tragic result of local officials failing to protect the community As many local people have said if those fellows hadn't killed him someone else would have Cameron's searing utterly gripping true crime story about one Nova Scotia community raises a disturbing

question Are there times when taking the law into your own hands is not only understandable but the responsible thing to do
Subject Catalog Library of Congress,1979 **Rough and Plenty** Raymond A. Rogers,2020-02-15 As a commercial fisher in Nova Scotia in the early 1990s Raymond Rogers experienced the collapse of Canada s East Coast fishery first hand Afterward while preparing to leave the province to find work elsewhere Rogers noticed a lone gravestone across the road from his home in Shelburne County that commemorates the life of Donald McDonald a crofter from the Isle of Lewis in Scotland who departed this life in 1881 Rogers wondered if there might be a connection between the necessity of his own departure and McDonald s lonely presence on the nearby Atlantic shore linking them as members of local communities that were displaced in the name of economic progress In *Rough and Plenty A Memorial* Rogers explores the parallel processes of dispossession suffered by nineteenth century Scottish crofters expelled from their ancestral lands during the Highland Clearances and by the marginalization of coastal fishing communities in Nova Scotia The book aims to memorialize local ways of life that were destroyed by the forces of industrial production as well as to convey the experience of dislocation using first hand narratives recent and historical The author makes the case that in a world where capital abhors all communities but itself remembering becomes a form of advocacy that can challenge dominant structures **Canadiana** ,1977
