Frames of Evil Caroline Joan Picart, David A. Frank, 2006. Challenging the classic horror frame in American film, American filmmakers appropriate the look of horror in Holocaust films and often use Nazis and Holocaust imagery to explain evil in the world, say authors Caroline Joan Kay S. Picart and David A. Frank. In *Frames of Evil: The Holocaust as Horror in American Film*, Picart and Frank challenge this classic horror frame, the narrative and visual borders used to demarcate monsters and the monstrous. After examining the way in which directors and producers of the most influential American Holocaust movies default to this Gothic frame, they propose that multiple frames are needed to account for evil and genocide. Using *Schindler's List*, *The Silence of the Lambs*, and *Apt Pupil* as case studies, the authors provide substantive and critical analyses of these films that transcend the classic horror interpretation. For example, *Schindler's List*, say Picart and Frank, has the appearance of a historical docudrama but actually employs the visual rhetoric and narrative devices of the Hollywood horror film. The authors argue that evil has a face: Nazism, which is configured as quintessentially innate and supernaturally crafty. *Frames of Evil*, which is augmented by thirty-six film and publicity stills, also explores the commercial exploitation of suffering in film and offers constructive ways of critically evaluating this exploitation. The authors suggest that audiences will recognize their participation in much larger narrative formulas that place a premium on monstrosity and elide the role of modernity in depriving millions of their lives and dignity, often framing the suffering of others in a manner that allows for merely documentary enjoyment.

The Real-Life Killer Ed Gein Onita Schuner, 2021-06-27. Edward Theodore Gein, also known as the Butcher of Plainfield or the Plainfield Ghoul, was an American convicted murderer and body snatcher. To the people of Plainfield, Wisconsin, Ed Gein was a lonely old bachelor, mild-mannered by nature, perhaps a little dim but altogether harmless, a man they could rely on to do odd jobs and to look after their kids. Ed could be a little offbeat, sure, but the stories the local teens told about the shrunken heads he kept hanging beside his bed, about the ghoulish figure seen dancing in the moonlight at the Gein property, were dismissed with a chuckle and a healthy dollop of skepticism. Then, on a frigid day in 1957, a search for a missing woman brings police officers to Ed Gein's ramshackle farmhouse. What they find inside will send shockwaves reverberating around the world and introduce America to one of the most depraved killers in its history. This is the true yet barely believable story of Ed Gein, a genuine American psycho.
