Borland, 2003-01-01 Gifted education is in a period of transition unlike any it has experienced in this generation Thinkers within the field and without are questioning the practice of gifted education the theoretical foundations on which this practice rests and even the value and legitimacy of the concept of giftedness This fresh and provocative volume contains essays by leading thinkers on gifted education and by writers outside the field who have examined it critically Each author examines reconsiders and challenges the assumptions and beliefs underlying the theory and practice of gifted education providing a roadmap to guide both current considerations of and future planning for gifted education programs

*Excellence and Equality* David M. Fetterman, 1988-07-08 Fetterman focuses on what actually works in gifted and talented education programs Complementing the psychological perspective on gifted and talented education he adopts an anthropological point of view using methods such as lengthy interviews with students teachers parents

administrators and others involved in the school programs daily observation and group discussions to elicit the insider's perspective. A ground-breaking work, Fetterman's timely study provides a comparative picture of over 433 gifted and talented programs in the United States as well as programs in other countries. The author's cross-cultural perspective points up the need for U.S. educators to shake themselves out of a national complacency about the gifted and talented and stresses the importance of comparing our own efforts with those of other nations. In the process, Fetterman proposes a model for educational excellence in terms of the mainstream U.S. educational system. The book will provide new insights for educators and policymakers working in our educational system as they strive to meet the needs of gifted and talented students.
