

## EDUCOLOGY OF THE FREE

Elizabeth Steiner

EDUCOLOGY OF THE FREE is the publication of the O'Connor Lectures on Education presented at Colgate University during the spring of 1979. In these lectures, through social liberalism, the conception of liberal education evolves from the cultivation of the intellects of Free Men for their enjoyment and the cultivation of the words of Slaves for their transformation of the world through revolution to the cultivation of the social intelligence of human beings for their freedom. Thus, from the thesis, educology of the oppressor, and the antithesis, educology of the oppressed, emerges the synthesis, educology of the free. Since the synthesis which is freedom-for evolves from freedom-from through knowledge, knowledge is explicated, and so the logic for the discipline of educology emerges.
