**PROPHETS WRITINGS AND YOU: FROM JOSHUA TO QUEEN ESTHER (By Schar ,** *The Bible as Revelatory Word* Robert Ignatius Letellier,2016-08-17 Whether one approaches the Bible from a perspective of faith culture or literature the power of the writing the human situations language and genres that make up the Scriptures speak potently across the ages From whatever angle the texts have a revelatory power that shines a light on the human condition our sense of purpose place in the world and even our destiny Born out of the common reflection on the history of single nation with a sense of divine election the Bible has spoken and continues to speak to all people in various circumstances in words of such power that seem divinely inspired This volume provides an opportunity for studying those special areas of Scripture known as the Prophets and the Wisdom Books Isaiah Jeremiah Ezekiel and Daniel spoke to Ancient Israel from the situation of their national story shaped by the Covenant with God especially before during and after the sorrow of their Exile in Babylon 587 38 BC The Wisdom Books of the Bible reflect on the ontology of the human condition under any circumstance how to live wisely and sensibly by looking at the world of nature and the human heart to discern the purpose of life The approach adopted here building on a fundamental understanding of the Old Testament searches for deeper understanding of both approaches and genres This study enables a thematic overview of the subject a way into some of the critical issues endemic to grasping both traditions and by implication some of the fundamental approaches used in biblical scholarship This study encourages reading the texts themselves developing a sharper perception of language imagery genre and style The book thus provides an overall picture of the literary types employed locates the sacred books in a chronological and thematic context exploring the texts through the specific passages provided always looking to find the theological keys critical to understanding these particular books and their enduring message across the ages A particularly interesting aspect of this study is its collection of iconography offering a cross section of artistic responses to the power of the biblical discourse through the centuries While Gustave Doré's famous etchings form the axis of the centre folds many other painters are included from different periods

[The Raven, the Dove, and the Owl of Minerva](#) Mark Glouberman,2012-10-26 Through a close textual analysis and a contrastive examination of documents from both cultures Mark Glouberman explores the biblical roots of our Western sense of self identity and the ways in which non philosophical Greek materials enhance our understanding of how that cultural view developed Glouberman illustrates how the Hebrew Scriptures advance a humanist rather than a religious view of human nature He then shows that this same view is germinally present in non philosophical writings of archaic and classical Greece Finally Glouberman argues that the philosophical style of thinking the intellectual basis of Greece's contribution to the West is in fact hostile to what the Bible teaches about human nature and that central Hellenic figures from outside the philosophical mainstream notably Homer and Sophocles are biblical in orientation Each of Glouberman's theses lends new depth to contemporary research on the Bible as

a source of material that illuminates the human condition
