Elizabeth Barrett Browning, Woman & Artist Helen Margaret Cooper, Helen Cooper, 1988 Elizabeth Barrett Browning Woman and Artist **Elizabeth Barrett Browning, Woman & Artist** Helen Margaret Cooper, Helen Cooper, 1988 Elizabeth Barrett Browning Woman and Artist **Germaine de Staël, George Sand, and the Victorian Woman Artist** Linda M. Lewis, 2003 By examining literary portraits of the woman as artist Linda M Lewis traces the matrilineal inheritance of four Victorian novelists and poets George Eliot Elizabeth Barrett Browning Geraldine Jewsbury and Mrs Humphry Ward She argues that while the male Romantic artist saw himself as god and hero the woman of genius lacked a guiding myth until Germaine de Stael and George Sand created one The protagonists of Stael's Corinne and Sand's Consuelo combine attributes of the goddess Athena the Virgin Mary Virgil's Sibyl and Dante's Beatrice Lewis illustrates how the resulting Corinne Consuelo effect is exhibited in scores of English artist as heroine narratives particularly in the works of these four prominent writers who most consciously and elaborately allude to the French literary matriarchs Exploring a connection between French and English literature and providing fresh insight Germaine de Stael George Sand and the Victorian Woman Artist makes a major contribution to our understanding of nineteenth century feminism Jacket Victorian Women Poets Virginia Blain, 2014-01-21 There has been a huge revival of interest in Victorian women's poetry in the last ten years and it has led to a major reconfiguration of the English poetic landscape of the nineteenth century This title offers a key selection of poems by 13 Victorian women poets from Christina Rossetti and Felicia Hemans to the witty iconoclastic May Kendall The book starts with a substantial general Introduction which places the work of the poets into a context both historical that of the poems production and modern that of their past and present reception Each poet's work is introduced by an expansive headnote which tells the story of her life and writing career The poems all have full explanatory notes to help readers unfamiliar with the period A Bibliography lists general sources as well as useful further readings Written in an engaging and accessible manner the extensive annotations throughout Victorian Women Poets ensure that this fascinating poetry is enjoyable for undergraduate and non specialist readers **Two-Way Mirror** Fiona Sampson, 2021-08-17 Finalist for the 2022 Plutarch Award Longlisted for the PEN Jacqueline Bograd Weld Award for Biography A Washington Post Best Book of 2021 An elegant act of rehabilitation New York Times Book Review Editors Choice A nuanced and insightful New Statesman portrait of Britain's most famous female poet a woman who invented herself and defied her times How do I love thee Let me count the ways With these words Elizabeth Barrett Browning has come down to us as a romantic heroine a recluse controlled by a domineering father and often overshadowed by her husband Robert Browning But behind the melodrama lies a thoroughly modern figure whose extraordinary life is an electrifying study in self invention Born in 1806 Barrett Browning lived in an age when women could not attend a university own property after marriage or vote And yet she seized control of her private income defied chronic illness and disability became an advocate for the revolutionary Italy to

which she eloped and changed the course of cultural history Her late in life verse novel masterpiece *Aurora Leigh* reveals both the brilliance and originality of her mind as well as the challenges of being a woman writer in the Victorian era A feminist icon high profile activist for the abolition of slavery and international literary superstar Barrett Browning inspired writers as diverse as Emily Dickinson George Eliot Rudyard Kipling Oscar Wilde and Virginia Woolf Two Way Mirror is the first biography of Barrett Browning in more than three decades With unique access to the poet s abundant correspondence astute thoughtful and wide ranging guide Times UK Fiona Sampson holds up a mirror to the woman her art and the art of biography itself *Elizabeth Barrett Browning* Edmund Clarence Stedman,1875 **British Women Writers, 1700-1850** Barbara Joan Horwitz,1997 A guide to British women authors their works and the writing about them **Elizabeth Barrett Browning** Dorothy Mermin,1989-06-15 Elizabeth Barrett Browning 1806-61 was the first major woman poet in the English literary tradition Her significance has been obscured in this century by her erasure from most literary histories and her exclusion from academic anthologies Dorothy Mermin s critical and biographical study argues for Barrett Browning s originative role in both the Victorian poetic tradition and the development of women s literature Barrett Browning s place at the wellhead of a new female tradition remains the single most important fact about her in terms of literary history and it was central to her self consciousness as a poet Mermin s study shows that Barrett Browning s anomalous situation was constantly present to her imagination and that questions of gender shaped almost everything she wrote Mermin argues that Barrett Browning s poetry covertly inspects and dismantles the barriers set in her path by gender and that in her major works *Sonnets from the Portuguese* *Aurora Leigh* her best political poems *A Musical Instrument* difficulty is turned into triumph incorporating the author s femininity her situation as a woman poet and her increasingly substantial fame Mermin skillfully interweaves biography and close readings of the poems to show precisely how Barrett Browning s life as a woman writer is a part of the essential meaning of her art Both her personal and her literary achievements are exceptionally well documented especially for her formative years Mermin makes extensive use of the poet s early essays a diary covering most of her twenty sixth year and the enormous number of letters that have survived Ranging from her earliest ambitions through her long periods of discouragement and illness to her happy married life with Robert Browning this comprehensive study of Elizabeth Barrett Browning is essential reading for students of the Victorian period English literature and women s studies **Women Artists, Women Exiles** Joan Myers Weimer,1988-11-01 This anthology contains nine stories by Constance Fenimore Woolson 1840-1894 that dramatize the dilemmas and strategies of the first generation of American women writers to see themselves as artists As the great niece of James Fenimore Cooper and the intimate friend of Henry James Woolson was acutely conscious of her situation as a woman writer Her stories offer answers to her own urgent questions Why do literary women break down so At the same time they demonstrate that women s struggles with patriarchal culture and with their own womanhood could be a source of distinctive female art Woolson s early stories are witty and incisive critiques of those

conventions of literary Romanticism that encode women's marginality. Set in the wilderness that surrounded the Great Lakes, these stories revise male literary texts to clear a space where women's voices can be heard. In a group of stories set in the post-Civil War south, women artists are shown as exiles both away from their homes and from themselves. One superb tale, Felipa, pairs a repressed woman artist with a wild child who rejects both patriarchal religion and approved heterosexual behavior. Woolson here explores the possibility of a collaboration between female wildness and female form of control. Stories written during Woolson's years in Europe confront woman artists with successful male writers and critics who resemble Henry James. These carefully crafted stories reflect James's mixed impact on women artists as a model literary realist and as a subtle denigrator of women's talent. Joan Weimar's introduction uses unpublished letters to reconstruct and interpret Woolson's life and her probable suicide. It places Woolson in the male and female literary traditions of her time and offers extended analysis of the stories. The Palgrave Encyclopedia of Victorian Women's Writing Lesa Scholl, Emily Morris, 2022-12-15

Since the late twentieth century there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature. However, with the increased understanding of the importance of interdisciplinarity in the twenty-first century, there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century, a time that was intrinsically interdisciplinary in approach to scholarly writing and public intellectual engagement. *Women's Poetry and Religion in Victorian England* Cynthia Scheinberg, 2002-05-30

Victorian women poets lived in a time when religion was a vital aspect of their identities. Cynthia Scheinberg examines Anglo-Jewish Grace Aguilar and Amy Levy and Christian Elizabeth Barrett Browning and Christina Rossetti, women poets and argues that there are important connections between the discourses of nineteenth-century poetry, gender, and religious identity. Further, Scheinberg argues that Jewish and Christian women poets had a special interest in Jewish discourse, calling on images from Judaism and the Hebrew Scriptures; their poetry created complex arguments about the relationships between Jewish and female artistic identity. She suggests that Jewish and Christian women used poetry as a site for creative and original theological interpretation and that they entered into dialogue through their poetry about their own and each other's religious and artistic identities. This book's interdisciplinary methodology calls on poetics, religious studies, feminist literary criticism, and little-read Anglo-Jewish primary sources. **Science, Language, and Reform in Victorian Poetry** Barbara

Barrow, 2019-05-29 Barrow's timely book is the first to examine the link between Victorian poetry, the study of language, and political reform. Focusing on a range of literary, scientific, and political texts, Barrow demonstrates that nineteenth-century debates about language played a key role in shaping emergent ideas about popular sovereignty. While Victorian scientists studied the origins of speech, the history of dialects, and the barrier between human and animal language, poets such as Elizabeth Barrett Browning, Alfred Tennyson, and Thomas Hardy drew on this research to explore social unrest, the expansion of the electorate, and the ever-widening boundaries of empire. *Science, Language, and Reform in Victorian Poetry* recovers

unacknowledged links between poetry philology and political culture and contributes to recent movements in literary studies that combine historicist and formalist approaches

Tradition and the Poetics of Self in Nineteenth-Century

Women's Poetry, 2021-11-01 Tradition and how far writers fit into or diverge from the demands of tradition is one of the most debated issues in literary discussion Gender however is not often part of discussions which depend on such questions at the decisiveness of the Modernist break with the Victorian period or whether Postmodernism makes tradition meaningless By contrast the very existence of a specifically female tradition is still an urgent subject of debate and it is clear that many nineteenth century women writers were troubled in their search for literary foremothers This autobiographical impetus can be located in the work of each of the poets discussed in Tradition and the Poetics of Self Nineteenth Century Women s Poetry Elizabeth Barrett Browning Caroline Bowles Southey Emily Dickinson and Christina Rossetti An exploration of the self either in the abstract or in a more closely personal sense appears in a concern with the craft of poetry and the role of the poet in a teasing out of language as a marker of a personal encounter with the world in an adventurous play with genre and a rewriting of myth and in a bold confrontation with received notions of a woman s place Adventurousness marks the work of each of these poets and is a central focus of these essays

The Culture of Care in Britain Since the Second World War

Bernice Martin, 2025-02-24 This book examines the evolving value of caregiving in Britain from the welfare state s inception to the present day It explores the shifts in discourse surrounding care charting key social demographic economic political and cultural changes which have led to the current care crisis The author examines five key themes the tension within institutional Christianity between caring for the marginalized versus maintaining respectability the secularization of the value of care and its interaction with emerging social divisions the persistent expectation that women bear the caregiving burden the economic and social undervaluation of emotional and practical care work and the challenges facing the care and health sectors The author suggests that recalibrating the tax system to shift the burden from incomes to profits may be necessary for the survival of welfare systems under these new conditions

British Women Travellers in the Long Nineteenth Century Marilyn D. Button, Jessica A. Sheetz-Nguyen, 2025-03-05

During the long nineteenth century British women reframed the masculine paradigm of the Grand Tour They created a feminist travel gaze intentionally or unintentionally that differed from that of male peers Unlike their brothers who went for personal edification women with means left their English homes for the great Italian cities of Florence Naples and Rome to escape personal disappointments and the social limitations imposed by parents spouses and society The anonymity of travel to a distant land and new freedoms fostered political and creative achievements including entrepreneurial journalism literary masterpieces and social advocacy for their gender which redefined the contours of the Anglo Italian cultural landscape The historical evidence presented here testifies to the life changing capacity of travel and firmly demonstrates how British women s history and literature enriches and broadens narratives about Britain and the World

Women Writers and Nineteenth-Century Medievalism Clare Broome

Saunders,2009-02-02 Saunders uniquely explores how women poets biographers historians and visual artists used medieval motifs forms and settings to enable them to comment more freely on controversial contemporary issues such as war and gender roles

Contesting the Subject William H. Epstein,1991 Stanley Fish opens the collection with a persuasive argument for the role of intention and biography Michael McKeon Gordon Turnbull and Jerome Christensen are concerned with the late eighteenth and early nineteenth century English cultural discourse that gave rise to the nearly simultaneous emergence of literary biography Romantic sensibility and reflexive human consciousness The essays by Alison Booth Cheryl Walker and Sharon O'Brien reveal that the recognition or lack thereof the biographical subject has received and remains both a problem and an opportunity for women writers and readers The essays by Valerie Ross Rob Wilson Steven Weiland and William Epstein pursue the question of difference and cultural reification in the theory and practice of a specifically American biography and biographical criticism

Evelyn Pickering De Morgan and the Allegorical Body Elise Lawton Smith,Evelyn De Morgan,2002 This study of her work confirms that the idea of progress toward the afterlife is a recurrent motif arising from a personal involvement in the movement of Spiritualism and paralleling the automatic writing passages in The Result of an Experiment 1909 anonymously published by Evelyn and her husband William De Morgan

Victorian Poetry and Modern Life Natasha Moore,2015-12-26 Faced with the chaos and banality of modern everyday life a number of Victorian poets sought innovative ways of writing about the unpoetic present in their verse Their varied efforts are recognisably akin not least in their development of mixed verse forms that fused novel and epic to create something equal to the miscellaneousness of the age

Women's Albums and Photography in Victorian England Patrizia Di Bello,2017-07-05 This beautifully illustrated study recaptures the rich history of women photographers and image collectors in nineteenth century England Situating the practice of collecting exchanging and displaying photographs and other images in the context of feminine sociability Patrizia Di Bello shows that albums express Victorian women's experience of modernity The albums of individual women and the broader feminine culture of collecting and displaying images are examined uncovering the cross references and fertilizations between women's albums and illustrated periodicals and demonstrating the way albums and photography itself were represented in women's magazines fashion plates and popular novels Bringing a sophisticated eye to overlooked images such as the family photograph Di Bello not only illustrates their significance as historical documents but elucidates the visual rhetorics at play In doing so she identifies the connections between Victorian album making and the work of modern day amateurs and artists who use digital techniques to compile and decorate albums with Victorian style borders and patterns At a time when photographic album making is being re-vitalised by digital technologies this book rewrites the history of photographic albums placing the female collector at its centre and offering an alternative history of photography focused on its uses rather than on its aesthetic or artistic considerations It is remarkable in elegantly connecting the history of photography with the fields of material culture and women's studies
