**Elizabethan & Jacobean Style** Tim Mowl, Timothy Mowl, 2001-03-26 A detailed analysis of the houses of the Elizabethan and Jacobean eras     Elizabethan and Jacobean Architecture Daniel Clay Ulmer, 1989     A Dialectical Journey through Fashion and Philosophy Eun Jung Kang, 2020-01-01 This book takes an in depth look at the integration of fashion and philosophy It challenges the deeply rooted prejudice or misconception that fashion is a field limited to body oriented and appearance related themes and practices It also reveals that fashion is intermeshed with distinctively modern issues that belong to the realm of the mind as well as the body In doing so it refashions philosophy and philosophizes fashion which ultimately amount to the same thing The book argues that while the philosophization of fashion can give a clearer understanding of some esoteric areas of philosophy and fashion s close connection to modern societies and politics it also shows that philosophy can assist in redeeming fashion from the objective bodily world positioning it as an indispensable part of the humanities This is because fashion manifests critical aspects of human culture in our time and is an expression of the zeitgeist which is interwoven with the unfolding of history This book will be highly relevant to students and researchers in fashion studies who are looking for the theoretical underpinnings and insights for their own work It will also be of keen interest to scholars in the field of philosophy who are seeking to apply philosophical concepts to both everyday life and our empirical world     **Shakespeare's Globe Rebuilt** J. R. Mulryne, Margaret Shewring, Andrew Gurr, 1997-06-12 The rebuilding of the Globe theatre 1599 1613 on London s Bankside a few yards from the site of the playhouse in which many of Shakespeare s plays were first performed must rank as one of the most imaginative enterprises of recent decades It has aroused intense interest among scholars and the general public worldwide This book offers a fully illustrated account of the research that has gone into the Globe reconstruction drawing on the work of leading scholars theatre people and craftsmen to provide an authoritative view of the twenty years of research and the hundreds of practical decisions entailed Documents of the period are explored afresh the techniques of timber framed building and the decorative practices of Elizabethan craftsmen explained and all of this reconciled with the requirements of the actors and restrictions of modern architectural design The result is a book that will fascinate scholarly readers and laymen alike     **The Furniture Gazette** ,1886     How to Know Period Styles in Furniture William Lowing Kimerly, 1928     **Music and Society in Early Modern England** Christopher Marsh, 2013-05-02 Comprehensive lavishly illustrated survey of English popular music during the early modern period Accompanied by specially commissioned recordings     *Resurrection Songs* Michael Bradshaw, 2018-10-24 This title was first published in 2001 Thomas Lovell Beddoes 1803 49 was a powerful poet of the English Romantic period who has been and is still strangely neglected by critics His macabre blank verse dramatic writings and his delicately balanced lyrics have both won ardent admirers such as Browning Gosse Pound and Christopher Ricks Yet there are formal and generic problems in Beddoes s writings which continue to marginalize him as merely an eccentric and the canon of Romanticism

seems to have found no place for him      **The Evolution of Modern Fantasy** Jamie Williamson,2015-07-09 In this comprehensive study Williamson traces the literary history of the fantasy genre from the eighteenth century to its coalescence following the success of Tolkien s work in the 1960s While some studies have engaged with related material there has been no extended study specifically exploring the roots of this now beloved genre      **Power and Politics in Tudor England** G.W. Bernard,2017-03-02 Characterised by an interest in the nature and expression of power this collection of essays by George Bernard combines a number of previously published pieces with original studies Chapters range from detailed studies of aspects of the political and religious history of the reign of Henry VIII to more general accounts of early modern architecture the development of the Church of England and a polemical attack upon postmodern historiography The role of the nobility is a major theme Emphasis is given to their social economic political and ideological power and the ways in which they exercised it in support of the monarchy In depth examinations of the falls of Anne Boleyn and Cardinal Wolsey and the relationship of the King and ministers challenge widespread views concerning the significance of factionalism Analyses of such key events indicate that Henry VIII was very much in charge Likely to provoke considerable debate this stimulating collection is an important contribution to Tudor history      Furniture, Its Selection and Use. 18th Report of the National Committee on Wood Utilization United States.
