Emanzipation mit dem Stimmzettel Joachim Hofmann-Göttig, 1986 The Struggle for Female Suffrage in Europe Blanca Rodriguez Ruiz, Ruth Rubio-Marín, 2012-06-07 By comparing women's access to suffrage in the countries that make up the European Union The Struggle for Female Suffrage in Europe provides a retelling of the story of how citizenship was gradually coined in Europe from the perspective of women **The Struggle for Female Suffrage in Europe**, 2012-06-07 Whilst scholarship on women's suffrage usually focuses on a few emblematic countries The Struggle for Female Suffrage in Europe casts a comparative look at the articulation of women's suffrage rights in the countries that now make up the political unity in the making we call the European Union The book uncovers the dynamics that were at play in the recognition of male and female suffrage rights and in the definition of male and female citizenship in modern Europe It allows readers to identify differences and commonalities in the histories of women's disenfranchisement and sheds light on the role suffrage has played in the construction of female citizenship in European countries It provides the background against which a new European paradigm of parity democracy is gradually asserting itself Political Culture in France and Germany (RLE: German Politics) John Gaffney, Eva Kolinsky, 2014-12-17 This book originally published in 1991 assesses how attitudes political orientations and social values changed during the five decades after the Second World War The case studies in the book focus on key sites in political culture in France on the extreme right the cinema the impact of media personalities and changes of political discourse in Germany on the decline of regional identities the emergence of specific issues and the concern of political parties with the effectiveness of language This interdisciplinary study provides new insights into the way French and German people see themselves **Women in the Weimar Republic** Helen Boak, 2015-11-01 This book is the first comprehensive survey of women in the Weimar Republic exploring the diversity and multiplicity of women's experiences in the economy politics and society Taking the First World War as a starting point this book explores the great changes in the lives expectations and perceptions of German women with new opportunities in employment education and political life and greater freedoms in their private and social life all played out in the media spotlight Engaging with the most recent research and debates this book portrays the Weimar Republic as a period of progressive change for young urban women to be stalled in 1933 This book will be essential reading for students and researchers of German women in the early twentieth century and will also appeal to anyone interested in the Weimar Republic and women's history **Austrian Women in the Nineteenth and Twentieth Centuries** David F. Good, Margarete Grandner, Mary Jo Maynes, 1996 This volume the first of its kind in English brings together scholars from different disciplines who address the history of women in Austria as well as their place in contemporary Austrian society from a variety of theoretical and methodological perspectives thus shedding new light on contemporary Austria and in the context of its rich and complicated history **Working Towards the Führer** Anthony McElligott, Tim Kirk, 2003 Working towards the Führer brings together leading historians writing on the Third Reich in honour

of Sir Ian Kershaw whose own work along with that of the contributors to this volume has done much to challenge and change our understanding of the way Nazi Germany functioned. Covering issues such as the legacy of the world wars, the female voter, propaganda, occupied lands, the judiciary, public opinion and resistance, this volume furthers the debate on how Nazi Germany operated. Gone are the post-war stereotypes of a monolithic state driven forward by a single will towards war and genocide. Instead, there is a more complex picture of the regime and its actions, one that shows the instability of the dictatorship, its dependence on a measure of consent as well as coercion, which recognises the constraints on political action, the fickleness of popular attitudes and the ambiguous, ephemeral nature of acclamation and opposition alike. This is a remarkable collection of essays by leading historians in the field that will undoubtedly be welcomed by students and lecturers of German History.

Die Neue Gesellschaft. Frankfurter Hefte, 1986 **Women in the Politics of Postcommunist Eastern Europe** Marilyn Rueschemeyer, 2016-09-16

During the Communist period in most of these countries even women with small children typically worked outside the home and their participation in formal institutions was virtually mandatory. Today as they are being disproportionately affected by marketization, downsizing, the dramatic erosion of social services and as their sons are being drafted to participate in an unending series of border wars, have women found a new political voice?

The Federal Republic of Germany at Forty Peter H. Merkl, 1989-10. The last five years have brought such extraordinary changes to Germany and Europe as to make the previous forty years of Cold War existence seem deceptively placid and well ordered by comparison. The collapse of communist rule in East Germany in the midst of massive demonstrations against the Honecker regime in late 1989 were only the beginning. The monumental changes that have taken place since have affected all aspects of German identity both inside and outside of the now unified nation. This book tackles the question of just where the new Federal Republic of Germany stands after 45 years and where it appears to be headed. The central concern of this volume is the nation's evolving, united or disunited sense of identity. This identity in a constant state of flux takes many forms: the striking differences between East and West German views, German pacifism and national pride, the role of Germany in the world, the reemergence of radical right groups and opinions towards foreigners and the right of political asylum. Of central
