Embracing Your Power Woman Coming Of Age:

Lasting Female Educational Leadership Laura Hills, 2012-08-14 Our colleges and universities are being led in large part by baby boomers who are now in later midlife. Huge numbers of those middle aged leaders will retire within the next 10 years. While we know that being in later midlife and impending retirement must influence a person in a leadership position at an institution of higher learning, we don't really understand how. This book is based upon an empirical study that linked higher education leadership to one aspect of midlife known as generativity. This psychosocial phenomenon was described by Erik Erikson as a desire that peaks in midlife to leave something for future generations before one dies. Generativity typically manifests itself in the legacy one intends to leave. The author of this book has completed a multiple case study of women who are in later midlife and who hold high level leadership positions at an institution of higher learning. In this work she shares more than has ever been known about the nature, antecedents, and support of generativity in the leadership of female higher education leaders in midlife.

Embracing Your Power Woman Barbara Wilder, 2005-01-01 This paradigm busting power shifting book is a miracle of truth telling. Jean Houston says this is more than a book; it is an exciting adventure for women in the second half of life to explore and embrace their developing Power Women. Using essays, stories, mythology, spirituality, and weekly exercises, Wilder guides the reader through The Eleven Points of Power that take her into the depths of her psyche to rescue the seed of her original feminine power and discover her enlightened purpose.

Lilith: The Power of the Woman's Spirit in the Age of Aquarius Ed Russo, 2014-08-06 Embrace the darkness for there you will find the light.

We all have been told in this patriarchal system that to look for salvation is to look upward and outward to a god or gods to worship. We are not here to worship but to look inside ourselves and embrace who we are and grow to our full potential. Inanna is the archetypal Goddess of love and war. Her descent into the Underworld is a reflection of our journey of going inward to face our true nature. When we fight this, we then are at war with nature. Lilith is Inanna's handmaiden, as we ourselves can also become partners with Inanna. Realizing who we are, we then embrace the balance with the female archetype with the male archetype, which will bring us wholeness as women become stronger and men and women come to love themselves. This new perspective is what is taken place as we enter into the Age of Aquarius.

Dare to Wear Your Soul on the Outside Gloria J. Burgess, 2008-11-03. In this inspirational book, Gloria Burgess uses the touching story of her father's relationship with William Faulkner as a starting point to explore a classic topic: how to bring forth the character qualities of love, wisdom, trust, faith, gratitude, creative action, vision, and integrity. Burgess declares the sacred promises of legacy living as part of a transformational process that helps us connect to our past by honoring those who came before us, living with intention in the present, and freeing our talents so we can realize our potential. *Dare to Wear Your Soul on the Outside* also includes practical exercises for fostering greater authenticity and purpose in our lives.

Girl Power Marisa Meltzer, 2024-05-01. In the early nineties, riot grrrl exploded onto the underground music scene, inspiring girls to pick up an instrument, create fanzines, and become politically active. Rejecting both traditional gender roles and their parents' brand of feminism, riot grrrls celebrated and deconstructed femininity. The media went into a titillated frenzy, covering followers who wrote slut on their bodies, wore frilly dresses with combat boots, and talked openly about sexual politics. The movement's message of revolution, girl style, now soon filtered into the mainstream as girl power, popularized by the Spice Girls and transformed into merchandising gold as shrunken T-shirts, lip glosses, and posable dolls. Though many criticized girl power as at best frivolous and at worst soulless and hypersexualized, Marisa Meltzer argues that it paved the way for today's generation of confident girls who are playing instruments and joining bands in record numbers. *Girl Power* examines the role of women in rock since the riot grrrl revolution, weaving Meltzer's personal anecdotes with interviews with key players such as Tobi Vail from Bikini Kill and Amy Ray of the Indigo Girls. Chronicling the legacy of artists such as Bratmobile, Sleater Kinney, Alanis Morissette, Britney Spears, and yes, the Spice Girls, *Girl Power* points the way for the future of women in rock.

Academic Well-Being of Racialized Students Benita Bunjun, 2021-04-30T00:00:00Z. Canadian universities have an ongoing history of colonialism and racism in this white settler society. Racialized students, Indigenous, Black, and students of colour, who would once have been forbidden from academic spaces and who still feel out of place, must

navigate these repressive structures in their educational journeys Through the genres of essay art poetry and photography this book examines the experiences of and effects on racialized students in the Canadian academy while exposing academia's lack of capacity to promote students' academic well-being The book emphasizes the crucial connections that racialized students forge which transform an otherwise hostile environment into a space of intellectual collaboration community building and transnational kinship relations Meticulously curated by Dr Benita Bunjun this book is a living example of mentorship reciprocity and resilience

how creativity and the pursuit of self knowledge relate to their lives and arises from the author's own experience as a woman writer and academic. Inquiries into creativity and feminist critical and cultural theory provide the framework for examining how the identity of the female artist is shaped within the patriarchal institution of academia. These inquiries allow a deeper understanding of the impact of this institution on the life and work of the female artist both within and beyond academia. As an auto ethnographic study Kamanos distinctive voice is developed through narratives, journals, letters and a development of personal metaphors as well as with a dialogue with others. As performative text the narratives map a process of transformation that traces the artist's path from silence to voice. This book has important implications for women in higher education as self study is revealed to be an essential methodological instrument for the articulation of alternative authentic perspectives of marginalized and under represented women. Moreover the acknowledgement of the academic artist paradigm in teacher education opens the path for a re viewing of the metaphors of self denial impersonation and masks that are part of the landscape of teacher knowledge.

Woman in Sacred Song Eva Munson Smith, 1888 **Star Power** Aaron Barlow, 2014-08-11 Stars do have real power but not all of them wield it wisely. This work explores how a variety of celebrities developed their brands and how celebrity can become a jumping off point to entirely unrelated activities. Over the past century a new breed of entertainer has arisen one where the old division between on camera talent and the suits behind the scenes has largely eroded. From Mabel Normand and Charlie Chaplin to Lady Gaga and Quentin Tarantino entertainers have attempted to cross specialties and platforms to new arenas from politics to philanthropy and more. An ideal resource for general readers as well as students of American popular culture and media at the undergraduate through scholar level. **Star Power: The Impact of Branded Celebrity** details the new ways entertainers are working in expanded environments to broaden their brands while also providing the history behind this recent trend. The two volume set comprises four main sections: one that provides historical background, a second on entertainers moving beyond stardom, a third focused on commerce and education, and a final section on cultural missions. The work documents how earlier entertainers set the stage for today's stars by exploiting their celebrity to take greater artistic control of their projects and provides articles that depict each artist from a number of perspectives. Readers will understand what motivates the most important contemporary entertainers working today and better grasp the business of entertainment as a whole, how Hollywood works and who is really in control.
