Equality Before The Law A Masonic Perspective:

Philosophical Perspectives on Social Cohesion Mary Healy, 2013-10-24 What would the civic relationship between citizens in a socially cohesive society look like What models might we use to educate young people to support developing these bonds Do these different models have different implications for how we structure the bonds that support a civic relationship Philosophical Perspectives on Social Cohesion challenges the basis of how we characterize civic bonds and how we best organize schools to encourage and develop them Mary Healy argues that metaphors and social imaginaries often give a framework for considering our interrelatedness She re examines the metaphor of fraternity used as a precursor to elements of the Big Society arguing that such attempts to align fraternity with liberty are mistaken and that equality plays a vital role At a time of increasing diversity of school provision this pertinent book indicates the connection between how we organize school structures and the models of citizenship we value

Writing Off the Hyphen Jose L. Torres-Padilla, Carmen Haydee Rivera, 2011-12-01 The sixteen essays in *Writing Off the Hyphen* approach the literature of the Puerto Rican diaspora from current theoretical positions with provocative and insightful results The authors analyze how the diasporic experience of Puerto Ricans is played out in the context of class race gender and sexuality and how other themes emerging from postcolonialism and postmodernism come into play Their critical work also demonstrates an understanding of how the process of migration and the relations between Puerto Rico and the United States complicate notions of cultural and national identity as writers confront their bilingual bicultural and transnational realities The collection has considerable breadth and depth It covers earlier undertheorized writers such as Luisa Capetillo Pedro Juan Labarthe Bernardo Vega Pura Belpr Arturo Schomburg and Graciany Miranda Archilla Prominent writers such as Rosario Ferr and Judith Ortiz Cofer are discussed alongside often neglected writers such as Honolulu based Rodney Morales and gay writer Manuel Ramos Otero The essays cover all the genres and demonstrate that current theoretical ideas and approaches create exciting opportunities and possibilities for the study of Puerto Rican diasporic literature

And Why Are All Masons Patriots? Consuegra Arquiciega, 2025-04-22 *And Why Are All Masons Patriots* by Consuegra Arquiciega This essay at once philosophical

anthropological and profoundly humanistic explores the complex relationship between Freemasonry and patriotism from a critical yet constructive perspective Starting with the contrast between collective suffering and its ritualization within the Masonic framework Consuegra Arquieiga argues that the lodge is not merely a symbolic refuge but an active school of compassion where mourning becomes ethics and ritual transforms society The text with erudition and sensitivity navigates the historical paradoxes of the institution its universalist discourse in contrast to its past exclusions its ideal fraternity against social and gender barriers its cosmopolitanism against the rise of modern nationalisms With the conceptual support of authors such as Schopenhauer Kant Clifford Geertz and L vi Strauss the author traces a moral genealogy of the Mason as a subject who transcends borders without negating them who loves his homeland not for its ethnic myths but for its just institutions In times of dehumanizing globalization and identity reactions the essay posits that true Masonic patriotism is not tribal or exclusionary but enlightened it does not deny homelands but subordinates them to a universal ethic In the words of Jos Mart Homeland is humanity The work closes with a fervent invitation to good brothers to without rest or pause return to the path of the stone and actively work for human dignity For as Schopenhauer reminds us and the author reiterates compassion is the foundation of all morality and Freemasonry when faithful to its myth is that compassion made into ritual fraternity and action
